Message from Managing Director

Dear Shareholders,

At the outset, I hope you and your loved ones are doing well. The past couple of years have been a period of extraordinary circumstances wherein we have been combating recurring global pandemic, supply chain disruptions, geopolitical tensions that have impacted individuals as well as the economy's well-being. We have nevertheless seen a semblance of stability returning in FY2021-22 amidst these turbulent times with daily activities returning to normal. For India, the economic recovery continued to progress well from the pandemic lows, supported by massive nationwide vaccination drive and targeted support measures by the government and regulators. While the pace of economic recovery got impacted by the global geopolitical tensions and rising commodity prices, India is well placed to deal with these challenges on the back of robust macro-economic profile, strong external buffers and healthy corporate and banking industries. India continues to remain among the fastest growing major economies in the world and I believe we are at the cusp of sustained growth and opportunity for the country.

Coming to the Bank's performance, we continued the execution on the Planning Cycle 5 strategy of "Scale with Sustainability". We further strengthened our position across sustainability metrics, while steadily pivoting towards growth.

- We persisted with our strong focus on deposit mobilisation with 15% y-o-y growth, achieved along with a reduction in cost of deposit. The cost of deposit has now come down to the lowest levels in the history of the Bank. The deposit growth was driven by granular retail deposits and CASA, which grew faster than the overall deposits.
- On the loan book side, we remained watchful of the evolving operating environment. We slowed down loan disbursements during COVID-2 wave in the early part of the year and resumed loan growth cautiously once the pandemic concerns receded. Our loan growth for the year picked up by 12% y-o-y compared to 3% y-o-y for the last year.
- The Bank has a unique customer franchise focused on "livelihood" generating loans. These are also segments of domain expertise such as vehicle finance, microfinance and diamond manufacturer financing. These segments continued to outperform the industry in these uncertain times as well. We also saw them participating in the economic recovery achieving one of the best quarterly disbursements in March '22.
- We also progressed well on scaling up our new initiatives such as affluent banking, NRI banking, tractor financing, small corporates with less than ₹500 crores turnover, merchant acquiring, affordable housing and Digital 2.0.
- We continued to invest in our physical and digital distribution network. We added 250 branches during the year, increasing our branch count to 2,265 compared to 2,015 last year. We now have 5,876 distribution points (including BFIL branches & vehicle finance outlets) covering ~1,32,000 villages across India. We also made significant progress towards our Digital 2.0 journey with multiple planned launches during the year. I will cover these items in detail during the latter part of my message.

- Overall, the bank continued to progress well towards its strategy of 'Scale with Sustainability' and is now well positioned to take a leap towards sustainable growth.

Sustainability is core to our business strategy. While traction on financial metrics is well covered, we have also progressed on non-financial aspects. We have launched Green Fixed Deposits, where the deposit proceeds will be used to finance projects and firms supporting the United Nations Sustainable Development Goals (SDGs). IndusInd Bank is amongst the few banks globally to bring forth this proposition, thereby integrating SDG into a regular fixed deposit product. The Bank continues to be the only Indian Bank to be included in Dow Jones Sustainability Yearbook and has a highest rating amongst Indian Banks in Refinitiv ESG Rankings. The Bank also believes that it should spread its sphere of activities beyond business. One such initiative is harnessing the power of Sport for Change through our 'IndusInd for Sports'. We supported the para-athletes under our para championship program and we take immense pride in the fact that three of these athletes have been conferred the Padma Shri Award for their exceptional contribution to sports.

Next, I would like to come to the financial performance for the year. I am happy to share that we have recorded the highest ever profits in the history of the Bank with consolidated PAT of ₹4,805 crores. The key financial highlights for the year are:

- Our deposits saw a healthy growth of 15% driven by granular retail deposits and CASA. Our CASA deposits grew by 17% y-o-y resulting in CASA deposits ratio improving from 41.7% to 42.7%.
- Our loan growth accelerated to 12% in March 22 from 3% in March 21. The loan mix remains diversified at 46% Corporate and 54% Consumer.
- We maintained a healthy Net Interest Margin at 4.11% for the year. The margin was supported by robust fall in cost of deposits during the year.
- Our other income grew by 14% y-o-y driven by granular retail sources.
- We remained vigilant on the operating expenses, especially during the economic slowdown, resulting in steady cost to income ratio of 41.55% for the year.
- As a result, we continued to maintain a healthy operating profit margins amidst tough operating environment with Operating Profits/Loan ratio of 5.8% which is amongst the best in the industry.
- Our provisions reduced by 16% y-o-y as the visibility on the asset quality improved during the year. We also made meaningful addition to contingent provisions and maintained healthy Provision Coverage Ratio of 72%. We are now carrying contingent provisions of ₹3,328 crores and total loan related provisions are 152% of GNPA.
- Overall, consolidated Profit After Tax increased by 64% y-o-y at ₹4,805 crores which is the highest ever in the history of the Bank.
- Our ROA at consolidated level for the year improved to 1.33% from 0.93% last year. The annualised ROA for Q4FY22 was 1.51%.
- We closed the year with a capital adequacy ratio of 18.42%, PCR at 72% with significant buffer provisions outside PCR, Credit Deposit ratio at ~81%, operating profit margin close to 6% of loans – all these parameters are at their best levels in the last several years.

Our work has also been acknowledged and rewarded at various reputed forums and platforms. In the last year, the Bank has been bestowed a number of awards. Some notable ones are:

- 'Best Saving Product' Award by Financial Express at the FE Best Banks Awards 2020-21.
- Global 'Celent Model Bank - 2022' Award under Enterprise Payments Hub (EPH) initiative program.
- Outstanding Digital CX - SME Payments' for its Indus Merchant Solutions at CX Awards 2022.
- 'Best Bank for ESG – India' at the Asiamoney Best Bank Award 2022
- Awarded as #1 - Best Financier for 2021 at JCB India Annual Financiers Awards 2021. IndusInd Bank has won this award for 5 years in a row.

Post the pandemic, we have seen consistent shifts in customer behaviour towards digital. The Bank has embarked on our Digital 2.0 strategy. We have created a Digital Centre of Excellence taking a comprehensive view to deploying new-age digital platforms and built end-to-end digital client value propositions. FY2021-22 saw our vision on Digital 2.0 being progressed and the Bank has launched a number of its planned digital initiatives:

- Indus EasyCredit offers an end-to-end digital journey for instant Personal Loans and Credit Cards.
- Indus EasyCredit for Business, a digital-first offering for banking needs of MSME customers.
- Indus Merchant Solutions App, a one-stop solution for merchants of all size bringing all their payment, lending and banking needs under a single umbrella.
- Indus EasyWheels, a portal for used vehicle ecosystem.

These initiatives have shown great traction in their early days of launch and should see further fillip with effective marketing drives. We are also progressing well on our planned digital launches focused on Individual and SME segment and you will soon hear from us about these. Overall, we aim to continue our execution on Digital 2.0 strategy with planned launches and scaling up the existing initiatives.

I think with focused execution on strategic priorities, the Bank is progressing well towards its vision of delivering long term sustainable growth. We also addressed whistleblower allegations that we received during the year with comprehensive internal and external reviews. We now have a long growth runway ahead and I, along with the management team, of the Bank are committed to delivering on our strategic goals and driving long-term stakeholder value.

I would also like to provide my sincere gratitude towards regulatory authorities for their constant support. My appreciation to my colleagues and members of the Board for guiding and supporting the management team in its endeavours. The Bank has an extremely strong franchise of ~32 million customers. I would also like to acknowledge the support of our customers and our highly committed and capable workforce for delivering seamless banking in these tough operating environments.

Marketing & Communications

IndusInd Bank has been a pioneer in undertaking initiatives that have redefined the banking landscape. Over the last 28 years, the Bank has constantly leveraged the latest technology to offer customers innovative banking solutions through multiple touch points, thereby making them a 'priority' in whatever we do. We have pushed the envelope, and have come together as a team to establish a strong 'universal' banking model, and consolidate our position as one of India's leading financial services brands. The Bank's Marketing & Communications strategy has always been aligned with this vision, wherein campaigns have been designed to understand stakeholders' interests and engage with them in their world.

Indus Merchant Solutions

One of the key initiatives to go-to-market, this year, was Indus Merchant Solutions (IMS), an all-in-one app designed exclusively for merchants and retailers across segments, which caters to their banking, payments and loan-related needs. In order to create a distinctive look for the campaign and to create a cut-through for the segment, noted film and theatre actor, Mr. Paresh Rawal, was roped in as a celebrity face for the IMS launch campaign. The campaign had both digital and print legs to it. Developed long-format videos, along with shorter edits, which focused on all the critical features of the proposition. Print ads were developed with Mr. Rawal posing as an advocate for the App. The features highlighted in the campaign included:

-  All-in-one app - for banking, loan and payment needs
-  Pre-approved loans - instant, and without any security
-  One-stop payment solution with POS, QR Code and PayByLink
-  Paperless account opening
-  Auto-settlement of payments
-  Digital ledger for managing credit ledger conveniently

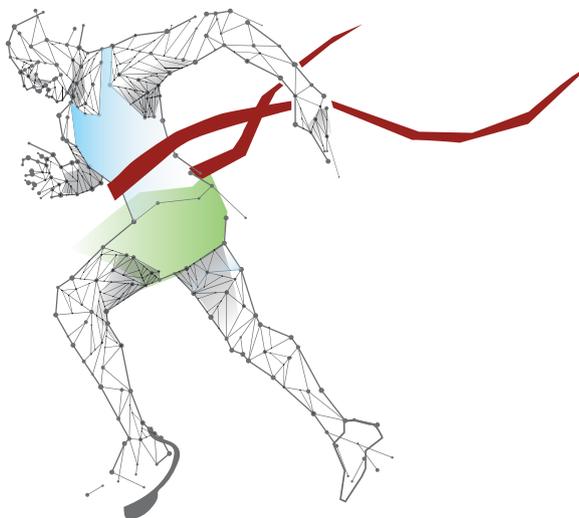

The strategically planned campaign, covered print (national and vernacular dailies), digital and other offline media to create an optimum impact amongst the target group. The print campaign covered 19 select cities. Full-page jacket ads were published in The Times Of India & The Economic Times, along with follow-up vernacular quarter-page ads in 6 key languages.

The digital media played a pivotal role in the campaign. Two long-format films were released on YouTube and social media platforms like Facebook, Instagram, Twitter & LinkedIn, along with shorter edits. The videos garnered 20-million views over the period of the campaign. Marquee outdoor sites at Metro Stations were identified, and an attribute-centric communication plan, featuring Mr. Paresh Rawal, was deployed to create appropriate recall-value.

Paralympics Campaign

IndusInd Bank, in partnership with GoSports Foundation – a Bengaluru-based NGO, supports **43 para-athletes** across 7 disciplines from 14 states across the country. Around **21** of the total supported para-athletes represented the country at the 2020 Summer Paralympic Games in Tokyo, comprising nearly 40% of the overall Indian contingent that competed across disciplines such as Javelin Throw, Shooting, Swimming, Archery, Badminton, High Jump and more. With a view to commemorate the qualifications, IndusInd Bank launched a brand campaign titled - '**phirse #JeetKaHalla**', which spoke about the rigours of the preparation undertaken by its para-athletes. As part of the campaign, the Bank also unveiled a heartwarming and inspiring '**Anthem**' that showcases the grit and determination of these athletes. The Bank gave this initiative a wider reach, by embarking on a comprehensive **digital media** campaign that created the right impact, and mobilised the momentum of seeking encouragement for these athletes.

- The Bank published two full-page ads across all editions of Times of India and Economic Times. Both ads were front-page jackets that got published across 33 cities.
- The film – Phirse #JeetKahalla that was shared through the Bank's social media handles garnered over 30-million views across platforms, including Facebook, Twitter, LinkedIn, Instagram and YouTube.
- The Bank unveiled a new website for the 'Indus For Sports' vertical, which received over 2-lakh hits during the Paralympics campaign.
- The campaign also witnessed 630 social media influencers tweeting about the Bank's association with para-sports.
- Total impressions which primarily pertain to the number of people who saw our digital assets of the campaign, like banners and the film, across platforms were over 80-million.

Sara Ali Khan Campaign

A digital-first campaign with noted film actor, **Ms. Sara Ali Khan** was launched in FY2021-22. The campaign showcased the Bank's robust suite of offerings, attractive interest rates, digital banking platforms, and much more. Four short format videos were released on the Bank's social media platforms - YouTube, Facebook, Instagram, LinkedIn and Twitter. The videos, which were created to develop awareness about the Bank's 'Auto Sweep' facility, high-interest rates, attractive offers on IndusInd Bank Debit & Credit Cards, online savings account, Video-KYC facility, and cyber security, garnered over 2-million views across social media platforms. A full-page jacket ad was released across the country in The Time Of India and The Economic Times under the theme – 'Ultimate Savings Account'. The ad showcased the diverse set of useful features of an IndusInd Bank Savings account, which makes it one of the most attractive savings bank accounts in the market. The ad also showcased the 'FE Best Savings Product Award' that the Bank recently won.

Club Vistara IndusInd Bank Explorer Credit Card

The Club Vistara IndusInd Bank Explorer Credit Card is a new addition to the IndusInd Bank Asset family. The Credit Card was launched in collaboration with Vistara Airlines and was positioned to attract travel enthusiasts by making them relish the luxury of best-in-class privileges that both IndusInd Bank as well as Club Vistara have on offer. The Club Vistara IndusInd Bank Explorer Credit Card offers customers up to 5 Complimentary Business Class Ticket Vouchers* on milestone spends every year, Zero Foreign Currency Mark-up on all international spends, and up to 8 Club Vistara Points for every ₹200 spent. To fly this precious card into the hands of its users, we did a 360-degree marketing and advertising campaign. We launched the card with a beautiful and informative digital film which was supported by various posts on our social media handles. We also got an entire front-page print ad published in The Times Of India and The Economic Times, along with ATM screens and posters, translikes, as well as kiosks at airports and metro stations. These activities helped in generating 1,100 leads during the promo period.

IndusInd Bank Platinum Aura Edge Credit Card (For Govt. Employees)

The Platinum Aura Edge Credit Card is a new endeavour of the Bank, which was exclusively launched for government employees. With this card, we wanted government employees to enjoy the benefits of an extraordinary life, wherein everything on offer is extra – savings, perks and rewards. The Platinum Aura

Edge Credit Card offers a host of benefits that include 1% cashback on all retail spends, 1 assured BookMyShow ticket of up to ₹200 every 6 months in a calendar year, reduced interest rate of 2.99% per month, waiver of fuel and railway surcharge, reduced Interest rate of 1.1% per month with no processing fee on converting transactions and balances into EMI and zero-cash advance fees. Considering its target audience, we promoted the Platinum Aura Edge Credit Card through digital emailers that were specifically targeted at government employees. This gave us visibility across 10 government organisations on the launch-date itself. We also spread the message through emailers, WhatsApp messages for branches and DSA channels. Constant communication posts were put up on our social media handles to engage with relevant customers, which helped us generate over 450 leads in a span of 15 days.

Retail Assets

Retail Asset products were one of our major focus areas for this year. Appended below is a snapshot of our deliverables.

- We did social media campaigns comprising various videos and posts for all 11 products that were further supported by knowledge emailers, product USP emailers, WhatsApp messages targeting the customers/sales team/DSAs and branches.
- Deployed asset posters across 275 branches for customer visibility and acquisition.
- Supported the business teams with branch and DSA welcome kits (1,000 and 500 respectively).
- Supported the CC/LAP/BL/LAS/LACRGL/HCF/Agri-business team with sales collaterals like Banners/Leaflets/Standees/Kiosk for Branches and DSA channels.
- Supported the launch of the Indus Krishi Udyam (ABG Group) by doing an OOH campaign across 35 locations, and deploying posters at 81 branches.

Indus Moments

Indus Moments, which started as a reward redemption website, has now grown into a full-fledged portal that offers discounts, offers, vouchers, flight bookings, and more. Apart from this, it also hosts an online concierge programme that offers various value-added services to our customers at their fingertips. Time and again, various updates and integrations were made to keep this platform relevant to customers by providing a seamless and interactive platform. Several big and new brand-related offers have been updated on a regular basis, which has resulted in a steady increase in visitor-traffic to the portal. Currently, the website has over 1,30,000 unique visitors every month.

Launch of PIONEER Lobby

Two new PIONEER branches were opened in Chandigarh and Kolkata with much fanfare in this financial year. As part of the launch plan, and to build awareness about the opening of the PIONEER branch in Chandigarh, two full front-page ads were released in The Tribune, and The Hindustan Times, in November 2021. The ad focussed on showcasing the unique benefits of the PIONEER programme and invited readers to visit the unique, state-of-the-art PIONEER lobby to experience a one-of-a-kind premium banking, and wealth management programme.

NRI Homecoming

With a dip in COVID-19 cases across the country, and travel restrictions being lifted gradually, NRIs were expected to plan their much-awaited visit to India to meet friends and family. In a bid to capitalise on this opportunity, and grow our NRI Savings and Fixed Deposit books significantly by ramping up NRI NTB Acquisition and engaging with existing NRI customers, The NRI Home Coming Campaign was launched in November 2021. For each NRI customer onboarded, during the period of the activity, the Bank contributed towards providing aid to underprivileged children through a reputed NGO - Akshaya Patra Foundation. In addition to this, complimentary heritage walks were organised for both existing and new NRI Clients. The itinerary covered 10 cities over a period of two months. Our marketing efforts included a large-scale radio campaign, which commenced on December 21, across key NR markets, viz. Delhi, Mumbai, Chennai, Hyderabad, Chandigarh, Bengaluru, Ahmedabad, Vadodara, Trivandrum, Jalandhar, Kochi, Kozhikode and

Pune. Marquee outdoor sites were taken for the campaign at airports in Chandigarh, Bengaluru, Mumbai and Bhubaneswar; Metro stations at New Delhi's Okhla, Noida and Mumbai's Chakala carried the campaign communication too, along with other collaterals and D2C communication that were developed.

FD Radio Campaigns

IndusInd Bank executed a strategically planned radio campaign on the Bank's Fixed Deposit proposition which aired in 5 languages, viz. Hindi, Bengali, Tamil, Telugu and Kannada. The radio campaign was aired across 16 markets. The key idea behind the campaign was to communicate best-in-class FD interest rates and attractive Savings Account interest rates to the audience. Other than standard radio spots, the campaign also used multiple RJ mentions and sponsorship tags.

Customer Awareness Initiatives

The Bank continued to educate customers about its digital banking platforms and offerings. The Bank continued to amplify the theme 'Invested in your best Interest' on social media. The campaign focused on promoting the Bank's online savings account, its robust features, and best-in-class interest rates. The communication also focused on educating customers about cyber security and banking safety.

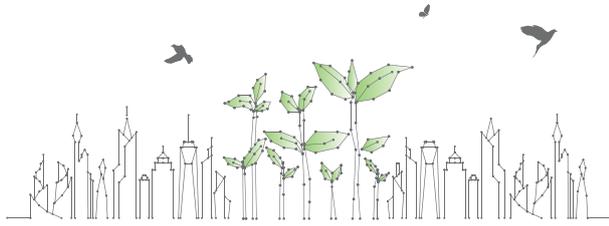

Branding & Naming Rights of OKHLA NSIC Metro Station

To further strengthen the brand's presence in one of the key markets for the Bank, a large-scale marquee property was identified in the heart of New Delhi - OKHLA NSIC Metro Station. Located on the Outer Ring Road, this is one of the busiest metro stations in South Delhi. The station is close to one of the main industrial and manufacturing hubs and is in the same vicinity as some major commercial complexes, hospitals and popular temples. The Bank acquired the complete naming and branding rights of the station. The property boasts of a larger-than-life facade and has abundant real-estate space available for branding, both inside and outside the station.

Alliances and Tie-ups

In order to give something extra to customers, the Bank forged some strategic alliances with an intent to boost the imagery, and catalyse the usage of cards. We were able to get special partners on-board to engage with our customers and offer lucrative deals. These partnerships were done with marquee brands, across categories including Travel, Lifestyle, Food & Beverage, Health & Wellness and more.

Beyond Banking

The Bank is committed to running its business in a way that generates sustainable value for its customers, clients, shareholders and employees. The Bank also recognises that since its sphere of activity and influence extends beyond the boundaries of the financial system, it needs to work through various initiatives for social upliftment and environmental conservation. Placed below are a slew of initiatives, which have spearheaded the Bank's efforts beyond the banking domain. The Marketing & Communications team has crafted customised messages for each of them to create awareness among all the stakeholders of the Bank.

'Ebar Pujo, Sobar Pujo'

IndusInd Bank organised its 4th edition of 'Ebar Pujo Sobar Pujo' initiative in partnership with 'Rotary Club of Calcutta Magnum' and 'Rotaract Club of Contemporary Kolkatans' & Heritage Global Bengal to commemorate the auspicious festival of Durga Puja. During this

event, 30 branches of IndusInd Bank, across 9 cities, initiated a drive of collecting new clothes for children from clients, as well as apartments, located in the vicinity of the branches. The branches collected over 1500 new clothes that were donated to an orphanage for children. The giveaway ceremony was graced by Mr. Nick Low, British Deputy High Commissioner and his wife who were the Chief Guests, along with other distinguished dignitaries.

Initiatives on Mother's Day & World Environment Day

On the occasion of Mother's Day, the Bank launched an initiative titled – 'Touch of Imagination' targeting children. The initiative featured creative work on art, craft and essay writing that were done by over 21,000 children at over 600 branches. All the participants were awarded participation certificates. On the occasion of World Environment Day, workshops, quiz and art competitions were organised with a focus on re-building the environment. Tie-ups with radio channels with RJ influencer campaigns were done to promote it on air. More than 37,000 children participated in this campaign across 725 branches.

Commemorating Days of National & International Importance through communication

Communicating both internally and externally about the Bank's initiatives under CSR & Sustainability is important for brand building. Over the last year, the Bank commemorated days of National and International importance by creating short videos and spreading the word through its social media assets, and employee-based emailers. This was done for significant days like – 'World Youth Skills Day', 'National Teacher's Day', 'World Heart Day', 'World Cancer Day', 'International Women's Day' and World Water Day. Cumulatively, these videos have generated nearly 10-lakh views across social media.

Festival of Hope

On the auspicious occasion of Ganesh Chaturthi, IndusInd Bank organised the 'Festival of Hope' across Mumbai. In collaboration with Family Service Centre, a Mumbai-based NGO, the Bank commemorated the onset of the festive season by presenting new clothes, books and toys to over 100 underprivileged children.

Webinars

Webinars were organised on the occasion of International Yoga Day and Father's Day. Digital Workshops were done that emphasised the need for reducing screen-time for children, health & nutrition, wellness, art therapy, Origami and t-shirt painting, meditation and mindfulness. These sessions witnessed active participation from clients.

Zonal Initiatives

In a bid to engage with its clientele, the Bank's zonal teams conducted various engagement initiatives like Golf Masterclasses in Mumbai and Pune entered into exclusive partnerships with FICCI FLO Mumbai Chapter, facilitated participation in Industrial Expos as well as conducted joint sessions for women entrepreneurs, and guided them on the role of banks in developing women entrepreneurship in India.

Employee Engagements and Activities

IndusInd For Sports, a non-banking sports vertical, was launched in 2016, with an objective to inspire communities inside and outside the Bank, using the unique power of sports. Through various initiatives across platforms, IndusInd For Sports has ensured continued support to athletes under its program, and has promoted health and fitness within the organisation.

Get Set Run

Get Set Run – the Bank's biggest employee engagement initiative has been successfully running since its inception (2016). Under this initiative, employees are encouraged to take up running with the objective of having an active and healthy work-life. During the pandemic, 'IndusInd For Sports' kept its sportsman spirit alive through virtual engagement while abiding by COVID-19 protocols. With limited visibility of on-ground running events, an engaging one-of-a-kind virtual running series, titled '**Cause-a-thon**' was launched with an objective to encourage employees to participate in virtual runs to commemorate topical days like Earth Day, World Water Day, Doctors Day, Mental Health Day, National Cancer Awareness Day and more. The virtual run enabled participants to run or walk anytime and anywhere by recording their activity data on any GPS-enabled app. Internal emailers were disseminated before every run, thereby urging employees to participate in large numbers. A total of 30 'Cause-a-thon' runs were conducted, which witnessed a participation of over 3,000 employees covering a cumulative distance of approximately 52,000 km.

Couch to 5K

'Couch to 5K' was an adrenaline-pumping, power-packed campaign for employees, which aimed at helping them run a distance of 5K in just 8 weeks. It comprised a well-structured and informative plan curated by one of our employees, who is also a certified fitness coach from the American Council of Exercise. This informative training campaign covered educative videos on warm-up essentials, consistency, intrinsic motivation, building habits, injury prevention, nutrition, rest and recovery to name a few. These videos were then circulated internally through weekly emailers.

IndusInd Box Cricket League

An inter-department box cricket league was conducted in Delhi NCR and Mumbai to promote the spirit of camaraderie and teamwork among employees. Emailers for participation were sent out, which resulted in the creation of 60 teams comprising over 600 employees who competed for the winner's trophy.

IPL – IndusInd Prediction League

A fun digital campaign was created around the IPL season of FY2021-22 to educate, excite and engage our employees by providing trivia/information on athlete performance, participating teams etc., which culminated in a thrilling competition about predicting the course of each game.

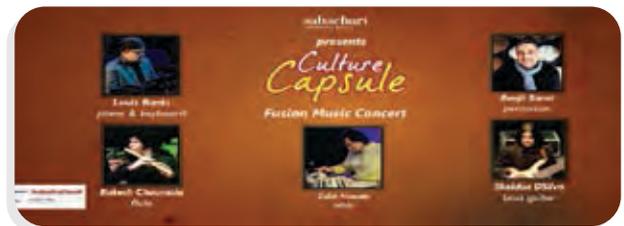

IndusInd Joy of Giving Festival

The 'IndusInd Joy of Giving Festival', in partnership with the NGO – Goonj, was launched on National Children's Day by our Managing Director & CEO, with a view to support underprivileged children. Over a period of four weeks, employees were requested to donate stationery, toys, clothes and shoes. As an option, employees were also given the choice of making financial contributions, which the Bank would match. This initiative witnessed participation from over 12,000 employees, which also helped the Bank make 225 cartons of material donations.

Activities to Reinforce Brand Image

The Bank has always extended support to the field of art, music, sports and the environment through various kinds of sponsorships. To begin with, the Bank collaborated with the Sanctuary Nature Foundation to organise their Annual Sanctuary Wildlife and Photography awards, which recognises individuals working for the conservation of wildlife and natural habitats in India. The Bank has also made some rather fine investments in the field of Fine Arts, and has been associated with 'Art for Concern' by Secure Giving Foundation, a charitable exhibition-cum-sale event that helps the Bank achieve dual purposes of promoting art and helping the underprivileged. Other notable associations undertaken by the Bank during the year include Isha Utsav and Uttung Sanskrutik Pariwar Trust.

Sustainable Community Development through CSR

SATTVAM – Our Country, Our Commitment

The Bank's CSR programs guided by the CSR policy are implemented with a mission of designing sustainable initiatives that empower and benefit marginalised and weaker sections of society, high-risk and high-stressed communities. The Bank has touched more than 2-million lives through several need-based initiatives across the nation in FY2021-22.

Environment

The Bank's core sustainability philosophy of 'Good Ecology is Good Economics' is extended beyond the fence through CSR initiatives on environmental conservation. Projects on Water Stewardship are carried out in rural water-stressed landscapes. Along with water security, these interventions translate into income enhancement, community institution strengthening and climate resilience.

Other activities like restoration of water bodies (lakes and drains), afforestation, and renewable energy solutions for hospitals were also undertaken.

Flagship Program

A Holistic Rural Development Flagship Program was designed and launched in two Aspirational Districts (as per NITI Aayog). The program is planned to integrate community involvement, collaborations at district, state and centre, the convergence of government schemes, technology & innovation and data-backed assessment, and will be implemented over a period of 10 years.

This long-term program is designed to create maximum societal impact in the priority geography of the Bank. The primary focus is on the economic empowerment of rural households.

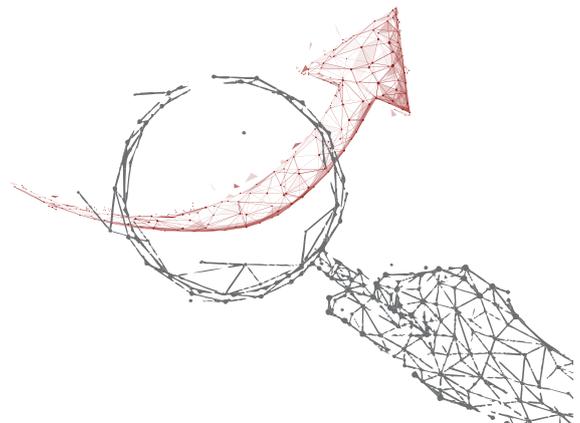

Management Discussion & Analysis

FY2021-22 was another turbulent year for the Indian economy, even as it regained its pre-pandemic size by the end of it. A second and more severe wave of the COVID-19 pandemic engulfed the country during the first quarter, prompting many states to impose a slew of movement restrictions. While the impact of the second wave on the economy was lower than the first wave, the rural economy saw severe higher stress due to a sharper and deeper spread in the second wave. Over the rest of the year, growing coverage of the vaccinations of the adult population and better healthcare infrastructure and treatments bolstered the defences against the pandemic. The Omicron variant-driven third wave in early 2022 had a muted impact on economic activity, mainly restricted to contact intensive services, as states adopted light-touch restrictions. By the end of the year, the pandemic risk had materially reduced, and most movement restrictions were relaxed, allowing the economy to be firmly on a recovery path. Global risks, however, intensified over the second half of the year. Inflation surpassed multi-decade highs in many advanced economies on the back of supply disruptions amidst strong demand for consumer durables and manufactured products. That prompted the US Federal Reserve to start withdrawing the pandemic era-stimulus, with a rate hike of 25 bps in March along with a guidance to undertake a series of hikes in 2022 and a reduction in its \$9-trillion balance sheet. Commodity prices, which had already started moving up, flared towards the end of February in the backdrop of the Russia-Ukraine conflict. Oil prices touched their highest in more than a decade and crossed \$100 per barrel mark. Thus, as the pandemic receded, new risks and uncertainties emerged. As per official estimates, the Indian economy returned to its pre-pandemic size in terms of nominal and real GDP by the end of the year, with estimated real GDP growth of 8.7%. Economic activity, which gained strength in the second quarter with the ebbing of the second wave, lost some pace in the third quarter, exacerbated by the spread of the Omicron variant in Q4. The global economy recorded 5.9% growth in 2021, after witnessing a de-growth of -3.3% in 2020, and the IMF expects growth in 2022 to be lower at 4.4%, on the back of the withdrawal of monetary support in the US and China's zero COVID policy.

Policy environment remained supportive for growth throughout the year. On the fiscal front, higher spending by the government in the wake of the pandemic helped cushion its economic impact. Crucially, with a focus on infrastructure development, capital expenditure increased to 2.5% of GDP

from 2.2% in the previous fiscal and is budgeted to go up to 2.9% of GDP in the FY2022-23. Along with that, the coverage of production linked incentive (PLI) schemes was extended to encourage private investments. Fiscal consolidation was pursued over the year, helped by buoyant tax revenues and containment of revenue expenditure. The fiscal deficit reduced as a result to 6.7% of GDP from 9.2% in FY2020-21 and would be curbed further to 6.4% in FY2022-23. Monetary policy remained accommodative throughout the year, with the MPC holding the Repo rate unchanged at its historically lowest level of 4%. The RBI took another unconventional step in the aftermath of the second wave and announced a government securities acquisition program (GSAP) to buy a pre-announced quantum of government securities in April 2021. Over the first half of the year, the central bank bought ₹2.37 trillion under this facility, helping the government to complete its large borrowings program without a significant rise in its cost of borrowings (6.28% versus 5.79% in FY2020-21). That, in turn, helped other market rates to stay anchored. In support of the accommodative monetary policy stance, large durable surplus liquidity was maintained in the banking system during the year. Starting August, in a bid to normalise the liquidity management operations, the RBI started conducting variable rate reverse repo auctions of various tenors and by Q4, almost 80% of the surplus liquidity was absorbed through these auctions, at rates closer to the Repo rate, as against the much lower reverse repo rate of 3.35%. That, in turn, pushed up the market rates for shorter tenors, thereby initiating the phased process of withdrawing accommodation. Over Q4, sovereign bond yields also faced upward pressure on account of another year of large general government market borrowings planned for FY2022-23, exceeding ₹20 trillion for the third year. That, combined with rising inflationary pressures and a hawkish shift in stance by the US Federal Reserve, saw bond yields move up across the curve. After remaining largely unchanged over the first half of the year, the 10-year bond yield rose by 63 bps over the second half. Yields increased by 38 bps on average across the sovereign curve over the second half.

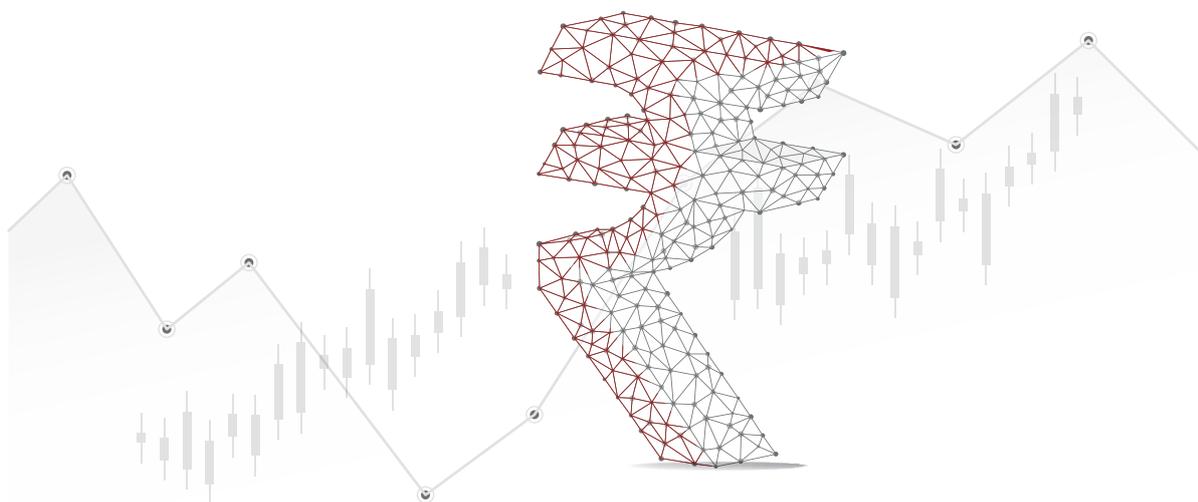

In the banking sector credit offtake picked up with the gradual return of normalcy after the pandemic. Non-food credit extended by scheduled commercial banks (SCBs) rose by 9.7% y-o-y as on March 25 (4.5% a year ago). Credit growth was driven by all the major economic sectors. Personal loans remained the key driver of overall bank credit, with a share of 36% in incremental offtake during FY2021-22. Personal loans grew by 12.4% (10.7% a year ago), primarily driven by housing, followed by vehicle loans. The asset quality of SCBs improved further during the year, with the overall non-performing assets (NPA) ratio declining to 6.5% in December 2021 from 6.8% a year ago, driven by lower NPAs in credit to the industry. Adjusted non-food credit (banks' non-food credit plus non-SLR investments) growth accelerated to 9.1% y-o-y on March 25 from 4.2% a year ago, mirroring non-food credit dynamics. Amidst improving credit offtake, growth in banks' holdings of government securities decelerated, pulling down their excess SLR investments to 9.6% of net demand and time liabilities (NDTL) as on March 25, 2022, from 11% at end-of March 2021.

Towards the end of the year, the global economic setting became very challenging. The Russia-Ukraine conflict pushed oil, food and other commodity prices sharply higher. Amidst that, the US Federal Reserve, looking to curb inflation running at multi-decade highs, initiated an aggressive tightening of monetary policy over 2022. These risks pose a major downside to growth and upside to inflation over the coming fiscal year, especially by adversely impacting private consumption and exports. Following these developments, the RBI has reduced its growth forecast for FY2022-23 to 7.2% from 7.8% and has raised its average CPI inflation forecast to 6.7% from 4.5%.

The Indian economy is in much better position to deal with these external risks, than it was in 2013 during the US taper tantrum episode. A sizeable foreign exchange reserves stock exceeding \$600 billion and providing a 10-month imports cover, widening yet manageable current account deficit and CPI inflation expected to fall below the upper bound of the target range of 6%, provide a stable macro-economic backdrop for growth. Improving investment climate, driven by the government's focus on infrastructure development and PLI schemes, aiming to induce a private CAPEX cycle, is set to emerge as key support for the ongoing recovery. Much improved health of the banking sector, significant deleveraging by the corporate sector, and gradually improving capacity utilisation, further buttress the case for an investment cycle over the next 3-5 years. Public finances have been stretched by the pandemic with a sharp increase in the fiscal deficit of the central government, leading to a significant increase in market borrowings, but buoyant tax collections and improving quality of government spending would help ensure that debt levels fall with fiscal consolidation and as growth picks up. Overall macro-economic stability and strong external fundamentals, along with a flexible exchange rate, would help absorb the negative external spillovers.

In summary, as the economy is turning the corner from a once-in-a-century pandemic shock with the help of strong policy support and a massive vaccination campaign, the intensification of global economic and geopolitical risks pose headwind to the nascent recovery. An improved macro-economic profile, the government's CAPEX push along with external sector buffers, would allow for economic activity to continue to recover with a broadly supportive fiscal and monetary policy environment.

Business Performance

The financial year 2021-22 witnessed considerable volatility in the economy where activity was impacted by COVID's second and third waves. The economy, however, exhibited sturdiness with activity levels regained to pre-COVID levels across various segments of the economy, supported by effective policy measures by the regulator and the government.

The Bank responded with measures to address the volatility through 1) slower growth in the first half, 2) relentless focus on collections, 3) building conservative contingent provisions ahead of slippages, and 4) maintaining traction on new business and digital initiatives. With COVID-related concerns getting behind us, the Bank steadily pivoted towards growth, with loan growth improving every quarter from 3% in March 2021 to 12% in March 2022.

During the year, the Bank progressed on its key initiatives for the Planning Cycle-5 (PC-5) strategy:

- **Retail Liabilities Surge:** The Bank maintained momentum on its retail liabilities with an improvement in the share of retail deposits along with increasing CASA ratio from 41.8% to 42.8%, and fall in top 20 deposit concentration from 22% to 17%. The Bank also lowered its cost of deposits to 4.6% in Q4FY2021-22, which is at the lowest level in its journey over several years.
- **Fine-tuning Corporate Bank Approach:** The corporate bank loan book saw growth of 20% and range-bound net slippages of around 60 bps, witnessing one of the best years in the recent past. The Bank also improved average rating, granularity in fees and long-term loan reductions.
- **Holistic Rural Banking:** Rural banking franchise saw scale-up of Bharat Merchant Stores, agri-businesses, along with recovery in vehicle and microfinance. These improved the share of rural loans from 19% to 20% during the year.
- **Scaling up Domains:** The Bank has built expertise in vehicle financing, micro-financing and diamond manufacturer financing. These domains contribute 43% of the loan book and have outperformed the industry during COVID waves. The disbursements in vehicle finance and microfinance picked up well after a brief slowdown due to COVID 2. The diamond portfolio participated in strong growth in exports.
- **New Growth Boosters:** The Bank progressed well in scaling up new initiatives such as affluent banking, NRI banking, tractor financing, small corporates with less than ₹500 crores turnover, merchant acquiring, affordable housing and digital 2.0.

Overall, the Bank navigated an otherwise turbulent year with outcomes broadly aligned with its communication throughout the year. The Bank also had consistent improvement in return ratios as well as growth metrics every quarter, and our balance sheet continues to be at its strongest levels in last several years. This positions the Bank well to participate in the ongoing economic recovery and move towards the Planning Cycle 5 growth ambitions.

While the operating environment remains volatile due to external factors, the Bank will aim towards achieving Planning Cycle 5 ambitions.

Key priorities for the coming year are:

- 1 **Maintaining disbursement momentum:** The areas of domain expertise, i.e., vehicle, microfinance and diamond, have seen a good recovery in disbursements towards the end of FY2021-22 and the Bank would aim to maintain this traction. The corporate and consumer businesses are also contributing towards growth. The Bank has a PC-5 growth ambition of 15% to 18% compounded growth for the FY2021-23 period.
- 2 **Retail liabilities traction:** The Bank continues to believe in and execute on a liabilities-driven growth strategy, particularly through retail deposits. We are investing in our physical as well as digital distribution to maintain our liabilities momentum.
- 3 **Execution of Digital 2.0 strategy:** The Bank launched 3 out of the planned five initiatives, i.e., IndusEasyCredit, merchant acquiring and vehicle finance portal. The Bank plans to scale these up during the current year, i.e., FY2022-23. The other two, i.e., individual and SME offerings, are planned for launch in FY2022-23.

4 Launch and scaling up of new initiatives: The Bank is adding new growth boosters across assets and liabilities businesses. The assets side has planned the launch of home loans, scale up of tractor financing, affordable housing, merchant acquiring and small corporates. Liabilities side includes scale up of affluent, NRI, agency business and wealth management.

5 Improving financial metrics: The Bank thrives towards maintaining healthy NIMs and operating profit margins. The Bank has maintained operating profit margin amongst the best in the banking industry.

The Bank is thus committed towards its strategy of 'Scale with Sustainability'. The current year should see underlying profitability of the franchise with improved growth and stable macro-economic factors.

Business Performance Highlights

The loan growth for the current year stood at 12.44% from 2.81% a year ago and the reduction in cost of deposits by about 62 bps to 4.76% along with stable NIM, resulted in an increase of 9.48% in the Operating Profit (before Provisions and Contingencies) to ₹12,838.60 crores from ₹11,726.67 crores a year ago. The provisions and contingencies during the FY2021-22 decreased to ₹6,664.95 crores, which was 16.09% lower than the previous year. In view of the uncertain operating environment, the Bank continues to hold contingent provisions of ₹3,178 crores as of March 31, 2022, including an amount of ₹1,160 crores in respect of borrower accounts restructured in accordance with Resolution Framework for COVID-19 related stress. In view of the improvement in the Operating Profit and Asset quality, the Net Profit of the Bank during the year showed an increase of 62.57% to ₹4,611.12 crores over ₹2,836.39 crores earned during the previous year.

The Net Interest Income of the Bank increased by 10.89% to ₹15,000.84 crores from ₹13,527.89 crores a year ago. Abundant liquidity available in the system led to softening of interest rates. While the Yield on Advances fell marginally to 11.56% as compared to 11.84% in the previous year, the Cost of Deposits shrunk to 4.76% from 5.38% a year ago. The Net Interest Margin (NIM) for the year stood at 4.11%.

Non-Interest Income increased by 12.78% to ₹7,397.05 crores from ₹6,558.61 crores. Owing to the increase in economic activities, Core Fee Income such as commission, exchange, loan processing and account management fees, distribution of third-party products, and earnings from foreign exchange business increased by 25.73% to ₹5,883 crores as compared to ₹4,679 crores earned in the previous year.

The net Non-Performing Assets Ratio of the Bank improved to 0.64% as on March 31, 2022, and Return on Assets for the year stood at 1.28%.

The Bank has raised unsecured, redeemable, subordinated Tier 2 Basel III compliant non-convertible taxable Bonds on a private placement basis at par aggregating to the total size of ₹2,800 crores on October 29, 2021, with a tenor of 10 years which will augment Capital Funds of the Bank as well as enhance long-term resources of the Bank. During the year, the Bank redeemed Additional Tier I capital by exercising the call option on March 22, 2022 at ₹1,000 crores at its fifth anniversary (First Call Option date).

The Bank expanded its branch network and has 2,265 branches/banking outlets as against 2,015 branches/banking outlets at the beginning of the year. The extended network of the Bank includes 2,767 ATMs, 2,795 branches of BFIL, and 816 outlets of IndusInd Marketing and Financial Services Private Limited, an associate entity.

Consumer Banking

Consumer Liabilities

The Consumer Bank business continued its growth momentum with strong business growth on the liabilities side, across client segments. The retailisation of deposits is the cornerstone of the Bank's strategy and the Consumer Bank continued delivery on this front. Consumer Liabilities grew by 22% y-o-y driven by continued new customer acquisition, branch expansion, deepening of client relationships and cross-sell across various business units of the Bank. This was enabled via concerted efforts across client segments to mobilise retail deposits through a 360-degree portfolio approach – leveraging the power of digital and analytics to up the efficacy of our acquisition and coverage channels. The Bank has moved to digital account opening and fixed deposit mobilisation to over 90% of its retail business and has seen the highest retail deposit mobilisation per customer for FY2021-22 - backed by the power of IndusInd's Savings product proposition – which was rated the best in the Industry by Financial Express recently. The Bank also was the first to launch Green Deposits for its retail and bulk customers in its endeavour to drive and support sustainable business for both, its patrons and itself. As a consequence, the retail deposits and CASA ratio for the Bank continued its upward trajectory y-o-y, improving the liabilities profile, while also bringing the overall cost of deposits down last year.

NRI Banking

The NRI segment continued to grow and the market share rose to 2.55% as on March 2022, from 1.58% in March 2019, thereby making the Bank a dominant player in the private sector bank space within the NRI segment. IndusInd Bank became the first Indian Bank to partner with NPCI for offering Cross Border NRI Remittances via UPI in Q3FY2021-22. With minimal travel by NRIs to India, the Bank has enhanced and strengthened its NRI Non-Face to Face Digital Account Opening platform to offer a superior onboarding experience. The Bank has dedicated 203 NRI-centric branches. Additionally, it has enhanced its virtual service team including a LIVE Chat facility, digital banking platforms including WhatsApp Banking and 24x7 Toll Free Call Centre numbers.

SME & Merchant Acquiring

As of March 31, 2022, the Current Account ANR book grew by 47.31% over the previous year. To widen the reach across geography, the Bank launched the Do-It-Yourself (DIY) account opening journey and integrated it with the Indus Merchant Solutions portal wherein all Individual and Sole Proprietors can complete the account opening journey in the comfort of their home or office. The Bank also launched a new segment specific product Indus Tarakki focusing on the needs of merchant clients with digital collection needs.

Retail Payments

The best-in-class retail deposit growth y-o-y was on the back of higher market growth in UPI and Card spends. The Bank invested considerably in building its understanding of the changing merchant and customer behaviours in the pandemic and post-pandemic era and has successfully driven the growth of both the card and digital payments across merchant payments, bill payments, and retail p2p payments. The Bank launched its XtraSmiles Rewards

Program for its esteemed cardholders with custom partner offers across the spectrum of merchant categories. To drive the adoption of recurring payments, the Bank went live on its Standing Instructions portal for the management of card-based merchant payments. It also upgraded its IndusMobile app to facilitate auto pay facilities for billers and recharge payments via bank account or via card as payment options. For our HNI customers, the Bank launched a metal debit card to drive the brand association and share of wallet. This overall focus on digital payments growth across issuance and acceptance helped the Bank top the ranks of Private Banks in the latest Government of India's Ministry of Electronics and Information Technology Digital Payment ScoreCard. The Bank also got empanelled as Agency Bank to the GoI, which will allow it to offer tax payments and small savings schemes to its customers in the coming year.

Client Wealth Management

Last year started off on a tumultuous note, for just as customers witnessed a full year of COVID in FY2020-21, a second wave erupted in April 2021 and threatened to disrupt the economy once again.

This time though there was a discernible shift in customer behaviour, for many had witnessed the loss of their loved ones in the previous COVID wave and a paradigm shift started to emerge. Insurance became a 'pull product' and this translated in an increase in the number of queries, for both Health and Life Insurance.

Given that in the previous year, the Bank had invested in further strengthening and digitizing all third-party product distribution processes, the sales teams were better equipped to meet the rising customer demands, despite the inability to meet the customers physically.

With an incredible array of wealth products, offered by 2 life insurers, 3 general insurers, 1 standalone health insurer and over 25 Asset Management Companies (AMC), the Wealth Business started to shore up gradually and continued to evolve with incremental improvements in the process.

As on March 31, 2022, the Bank held Assets Under Management (AUM) of ₹2,22,255 crores of its customers through products like Mutual Funds, Portfolio Management Service (PMS), Alternate Investment Fund (AIF) and Demat. The Bank also mobilised insurance premium of ₹2,372 crores for Life and Non-Life products, for the year ended March 31, 2022.

Consumer Banking Assets

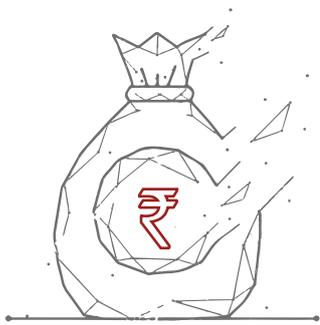

The Consumer Division continued to scale up its asset franchise which inter alia includes retail agriculture, loan against property assets, credit cards, personal loans, etc.

Retail Agriculture Business

The Bank has more than ₹2,350 crores live sanctioned amount covering more than 15,000 farming households, across 105 districts of Madhya Pradesh, Gujarat, Haryana, Punjab, Kerala, Rajasthan, Maharashtra and Chhattisgarh for taking up agricultural and agri-allied activities.

As a part of the Bank’s commitment towards improving digital literacy, it continues to make all its customers aware and empowered of doing cashless transactions through RuPay Debit Card and Net/Mobile Banking.

Loans have been extended to small and marginal farmers, women beneficiaries and other weaker sections, thereby establishing the Bank’s commitment to service these segments. The Bank’s regular engagement with Agri Value chain stakeholders allows the Bank to stay abreast with the latest developments and accordingly provide the best products to its customers. All the Bank’s customers are offered a unique insurance facility that secures their loan liabilities in case of death or disability, and crop insurance, protecting the farmer in case of crop loss through Pradhan Mantri Fasal Bima Yojana (PMFBY) crop insurance scheme. The Bank also facilitates the offering of government subsidy schemes such as KCC interest subvention and Pashu KCC to individual farmers.

Loan Against Property (LAP)

The Bank has been cautious on the LAP disbursements during the COVID period, initially due to the potential credit issues and later due to heightened competition resulting in unacceptable risk adjusted returns. With pandemic risks getting behind, along with return in loan pricing rationality, the Bank moved positively on the LAP disbursements during the year. As a result, the Loan against Property (LAP) business recovered to pre-COVID levels. The team retained focus on leveraging the distribution network and improving cross-sell opportunities through a combination of in-house teams, branches and open market sourcing. The growth trajectory

has been improving every quarter with Q4FY2021-22 having witnessed higher book growth compared to preceding quarters and full year FY2020-21.

The Bank continues to distribute Home Loans in association with HDFC Limited and it remains a key asset product that is distributed through the branch network, providing lucrative cross-sell opportunities.

Personal Loans

There was a revival in the personal loans business during the year after the impact of COVID-19 in the preceding year, with monthly disbursements exceeding Pre-COVID levels during H2 FY2021-22. Personal loan disbursements grew by 31% y-o-y in value and 38% y-o-y in volume along with 41% y-o-y growth in Fee income. The focus was on cross-sell personal loans to existing savings account customers and other clients of the Bank using analytics tools, which contributed to 71% of disbursements. Around 47% of the disbursements were sourced and fulfilled completely using digital platforms, helping improve efficiencies and customer experience. The product has a live portfolio size of ₹3,500 crores (3 lakh accounts) with 1.14 lakh accounts being on-boarded in FY2021-22 itself.

Credit Cards

The Bank continues to have a strong market share in credit card spends, as well as spends per card in the industry. The credit card receivables grew by 27% over the year. There was a good recovery in the number of cards issued, which grew by 42% and spends, which grew by 55%. The Cards in Force crossed the 1.8 million mark, an increase of 25% over the previous year.

With stringent lockdowns being lifted in the second half of FY2021-22 and spends (specifically in the travel segment) bouncing back, a co-branded card with Club Vistara was launched in September 2021 to tap into travel spends. While the business will continue its focus on driving cross-sell agenda across the vast data pool of internal customers, through a process of pre-qualification of low-risk clients, the business will also achieve inorganic growth through co-brand partnerships. Moreover, the business is moving towards a new digital platform, which will help acquire new clients directly, in a digital manner. More than 85% of cards being acquired are completely digital, i.e. paperless and signature-less, which has helped the business to book the highest-ever number of cards in March 2022. The digital acquisition significantly reduces the cost of acquisition.

Business Banking Group

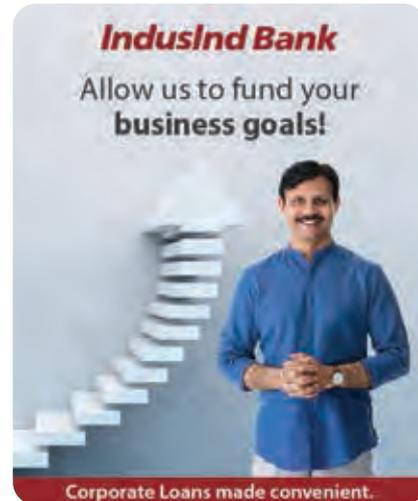

The Business Banking Group caters to the financing needs of MSME customers across the country spread across 150+ cities.

MSME segment has been one of the most impacted segments across the economy, following the onset of the pandemic in FY2020-21 and then followed by a second wave in FY2021-22. To cushion the economic impact on the MSME segment, the Government has announced a series of measures enabling the survival and revival of the MSME segment. The Business Banking Group has been instrumental in ensuring the Bank's participation in enabling these relief measures to its existing customers in the MSME segment. Close to 12% of our portfolio is, currently, in the form of GECL loans under ECGLS scheme of the Government.

While liquidity issues faced by MSMEs due to the pandemic are yet to improve to pre-COVID levels, there is buoyed optimism across the MSME segment as future growth prospects look promising. Although the pace of recovery may be softened in the short term due to inflationary pressures owing to the ongoing Russia-Ukraine war, the mid-to-long term growth story of this segment remains intact.

The business approach for the year continued to be focussed on cautious on-boarding of new customers with stringent on-boarding norms and at the same time, ensuring active management of the existing portfolio. The acquisition rate of the portfolio had been impacted during Q1FY2021-22 due to the severe second wave. However, in the last quarter of the financial year, the Bank has observed new acquisitions inching back to pre-COVID-19 levels. There has been increased focus on sourcing the 'New to Bank' customers internally through the Bank's branch network. The initiative

of SME clusters identification was concluded in FY2020-21 and provided further impetus to the acquisition engine in the year gone by.

MSME segment is one of the growth engines for the Bank under its Planning Cycle 5 strategy. Under this strategy, digital transformation of the client journey is one of the critical growth levers. During the year, there has been an increasing focus on building foundation blocks for the digital transformation of the Group. The Bank launched a fully digital journey of its OD product with automated business rule engine and end-to-end fulfilment and the plan is to extend the digital transformation to other loan products covering all aspects of the customer and the Bank's journey.

The Bank enhanced its product offering for the MSME segment with the launch of the 'GST' and 'Banking Secured Overdraft' product. This is a score-based templated product that relies on the customer's banking and repayment behaviour, GST payments, and availability of collateral for making instant appraisal decisions.

Another strategic initiative within Business Banking Group has been launched in collaboration with Affluent Business Group, leveraging the expertise of the Bank across the two the groups and providing a one-stop shop for the MSME customers for their business and personal financing banking needs. This includes an entire gamut of banking products, including Personal Accounts, Investment Management, Insurance and Cash Management, Family Business planning, etc., thus, increasing the overall wallet share from such relationships. With 360-degree coverage of personal and business wallet, the key objective is to strengthen our position as one of the leading banks for MSMEs in India.

Healthcare Finance

Backed by renewed zeal in the infrastructural push from the Government, the Bank aggressively supported the Healthcare sector that includes Hospitals, Nursing homes, Diagnostic centres and medical professionals in their business needs. The Healthcare Finance business showed strong book growth of 46% y-o-y during FY2021-22. The Bank also disbursed ₹138 crores under the 'On Tap Liquidity scheme' of RBI to create COVID-related infrastructure. Portfolio quality continued to remain healthy with focus on expanding the business to granular and retail portfolio segments.

Post-COVID, the Bank had taken a conservative approach toward its Business Loans (Unsecured SME) portfolio. The industry as a whole had faced challenges with increased defaults seen within the unsecured SME segment and the Bank, therefore, remained very selective with unsecured lending during FY2021-22. As a result, the Business Loan book size was reduced during the year. Due to increased portfolio monitoring and focus on collections, the Bank was able to hold portfolio quality during FY2021-22. With the economy gradually recovering, the Bank has shifted focus on regaining market share and closed March with an all-time high Business Loan disbursements in a single month.

Debt Management teams delivered superior performance across vectors, leading to significant improvement in NPA and Risk Cost numbers by the end of FY2021-22. Collection efficiencies improved vastly post COVID and reached peak levels.

Affluent Banking

The Affluent Banking Unit, led by the flagship brand PIONEER, caters to the Banking and Wealth Management needs of affluent customers and continues to be amongst the highest growth units of the Bank. This business continued its high growth story in FY2021-22 with strong revenue and balance sheet growth across India and International Business Segments. The Fee delivery grew by 50% over the previous year supported by a strong 27% growth in granular CASA. The PIONEER client base has tripled in the past couple of years on the back of superior servicing and best-in-class proposition for the clients.

Service Delivery is the biggest differentiator for affluent businesses and has been the cornerstone of client experience. The PIONEER lobbies, managed by a dedicated team of Service RMs, provide a unique and personalised experience, unparalleled in the industry. The trained Service RMs walk the extra mile to ensure customer delight.

This delivers not only a differentiated and superior client experience, it ensures that clients are seamlessly able to interact and conduct transactions with us. Around 98% of client requests get resolved within a day with a complaints incidence rate of 0.03% every quarter, which was also 26% lower than the previous year. The back-end processing units have also been enabled to process the affluent clients' requirements on priority based on a systemic queue jump for delivering faster TATs. Close to 80% of the clients in affluent hold more than four products of the Bank as a result of effective relationship and service connect and show a high level of engagement with the Bank.

Digital Enablement of almost every request type for affluent clients has been a key enabler for the business. It allows the clients to comfortably continue doing their transactions and getting requests fulfilled without physically having to visit a branch outlet. This has resulted in the overall transaction intensity per customer steadily increasing through FY2021-22.

The Affluent Business launched a state-of-the-art PIONEER Metal Debit Card in FY2021-22, in addition to the industry-first Metal Heritage Credit Card. The business continues to upgrade its 24x7 Concierge Desk to offer a holistic range of globally accessible contemporary assistance services. PIONEER program is being leveraged to source relationships of Owners, Promoters and Directors of Corporates already holding relationships with us on the lending side. Towards that end, an enhanced PIONEER OPDT proposition with superior product and service benefits was launched for this niche segment.

Consumer Finance Division

The Consumer Finance Division (CFD) focusing on vehicle financing is one of the three areas of domain expertise of the Bank, with healthy market share across product segments, deep customer penetration and a well-managed business franchise. The CFD extends funding for a wide range of Vehicles / Equipment, which includes Heavy, Light and Small Commercial Vehicles used for Goods and Passenger Applications, Passenger Cars, Utility Vehicles, Two-Wheelers, Tractors, and Construction Equipment such as Excavators, Loaders, Tippers, Cranes, etc. Finance is extended for both, new and used assets in all the above segments. Housing loans to low cost/affordable housing segment has been launched a couple of years ago participating in the housing-for-all project, a key focus area of the Government of India.

The COVID pandemic 2nd wave affected business significantly in the first quarter. Despite the severity, the revival was quick, and lockdowns were location specific and the disbursements for FY2021-22 is ₹32,580 crores as against ₹24,057 crores, an increase of 35% over FY2020-21. During FY2021-22 the disbursement towards new vehicles was ₹25,401 crores as against ₹18,756 crores in FY2020-21, an increase of 35% and used vehicles was at ₹6,607 crores, as against ₹4,640 crores, an increase of 42%. During the year, 8.84 lakh new loans have been sourced.

Despite the pandemic, tractor-funding, a major initiative towards Priority Sector Lending and Financial Inclusion, performed well during the year with the disbursement of ₹4,084 crores in FY2021-22 as against ₹3,545 crores in FY2020-21, a 15% growth over the previous year.

Disbursement under the low cost/affordable housing segment for the year was ₹572 crores in FY2021-22 as against ₹661 crores in the previous year. The segment recorded a drop of 13%, due to the pandemic as the primary target customers are non-salaried small business owners and this customer category was severely affected in the pandemic. The Bank plans to grow the loan book business substantially during the coming years.

The operations of CFD are well supported by a deep back office and the Document Storage and Retrieval Facility at the Bank's Karapakkam Unit in Chennai. During the year, this Unit handled nearly 5-million transactions including loan bookings closure.

CFD sources applications for all products through Android Tablets has enabled a seamless credit and business approval process and has improved efficiency. All the field collection executives of the Division have been provided with Android mobile-based Collection App on the Bank-owned mobile devices, and the 12,000+ units in use is one of the largest deployment in the banking industry. It is integrated within the Airwatch MDM Container Model for data security and operates with data and access-controlled APN SIMS.

During the year, CFD launched IndusEasyWheels portal which hosts ancillary services like road side assistance, mechanic services and insurance, which is the first-of-its-kind in the market. This portal also hosts the repossessed vehicles of the Bank for auction and provides a smooth user experience for anyone looking for pre-owned vehicles.

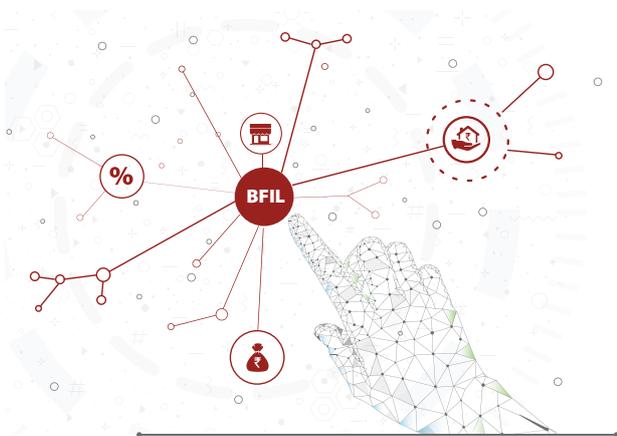

Bharat Financial Inclusion Limited

BHARAT
Financial Inclusion Ltd.

Prayaas se pragati

Bharat Financial Inclusion Limited is a wholly-owned subsidiary of the Bank and acts as a business correspondent of the Bank, inter alia, providing banking services including microfinance, merchant acquisitions, liabilities products, etc. Microfinance is an area domain expertise for IndusInd Bank and with the acquisition of Bharat Financial Inclusion Limited (BFIL) in 2019, IBL became one of the largest microfinance players in India. With a reach spanning over 1,32,000 villages across 517 districts in 23 states as at the end of March 2022, BFIL has the widest rural distribution network among financial institutions in India. About 28,000 of BFIL field staff meet an average of 15 lakh customers each day helping them carry out variety of financial transactions, including disbursing loans, helping them repay their instalments, opening Savings/FD/RD accounts and also fulfilling their small dreams of owning a consumer durable or a two-wheeler.

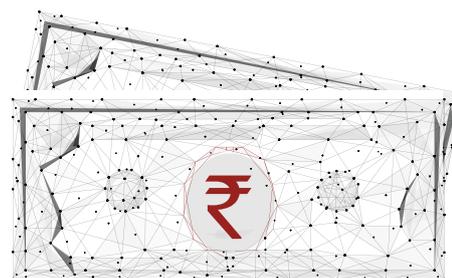

Started as a microfinance lender, BFIL provides banking services to about 73 lakh women only borrowers currently under the Joint Liability Group (JLG) model. We cater to the bottom-of-the-pyramid population helping with an opportunity to realize economic prosperity, good health, well-being and quality education. Our typical woman borrower is from a rural background with low literacy levels and finds it challenging to adapt to technology. Many of them are able to use smartphone for financial transactions through the assisted journey that is provided by us. These women are largely involved in home/rural based economic activity like rearing cattle, handicrafts & handlooms, agriculture, and some services within the rural milieu. True to the Grameen model, these women organise themselves into groups and centers where all the financial transactions are carried out with a very high level of transparency. Our in-house tech platform ensures that our field staff can meet each of our microfinance customers in person at the weekly center meetings and carry out financial and non-financial transactions seamlessly and in real-time. Right from onboarding a customer to forming groups/centers, to loan disbursements and collections - everything is digitally recorded and paperless. Our systems handle large volumes of transactions, at times averaging 1.2 loans disbursed per second. Every loan is directly disbursed into customers' bank account.

Over the years, we have built a strong reputation among our clients for the respect that we show to the bottom-of-the-pyramid entrepreneurs and the prompt services that we provide. We have assiduously made women the focus of our lending operations with the goal of making them financially independent, while being the wind beneath their wings of entrepreneurial aspirations. The Bank, through BFIL, has built a lending book of ₹31,151 crores at the end of FY2021-22. The opportunities provided by the rural landscape in India is immense, and with a reach that BFIL has, our aspirations are high. IndusInd Bank, through BFIL, intends to reach many more women borrowers and their families,

offering them a wider suite of banking services including individual loans, personal loans, affordable housing loans, etc., while also providing them opportunity to avail adequate cover through micro-insurance products.

One of the segments of entrepreneurs that is underserved by the formal banking channels are the numerous retail outlets spread across the country. Most of these stores rely on informal channels of financing for their working capital requirements, usually at a steep interest rate. To meet their requirements and to bring them into formal banking fold, a pilot was launched (through BFIL) in 2019. We designed a new product with smaller ticket size than the usual MSME loan and with our staff assisting the customer navigate the entire application process right at their doorstep. Since then, our Bharat Super Shop (BSS) business has identified 38 trades to lend to. We now have about 5.5L retailers on-boarded and about 3.2L of these retailers are active borrowers with a loan book of over ₹1,943 crores. The book has been scaling up well and we intend to grow this business rapidly over the next few years.

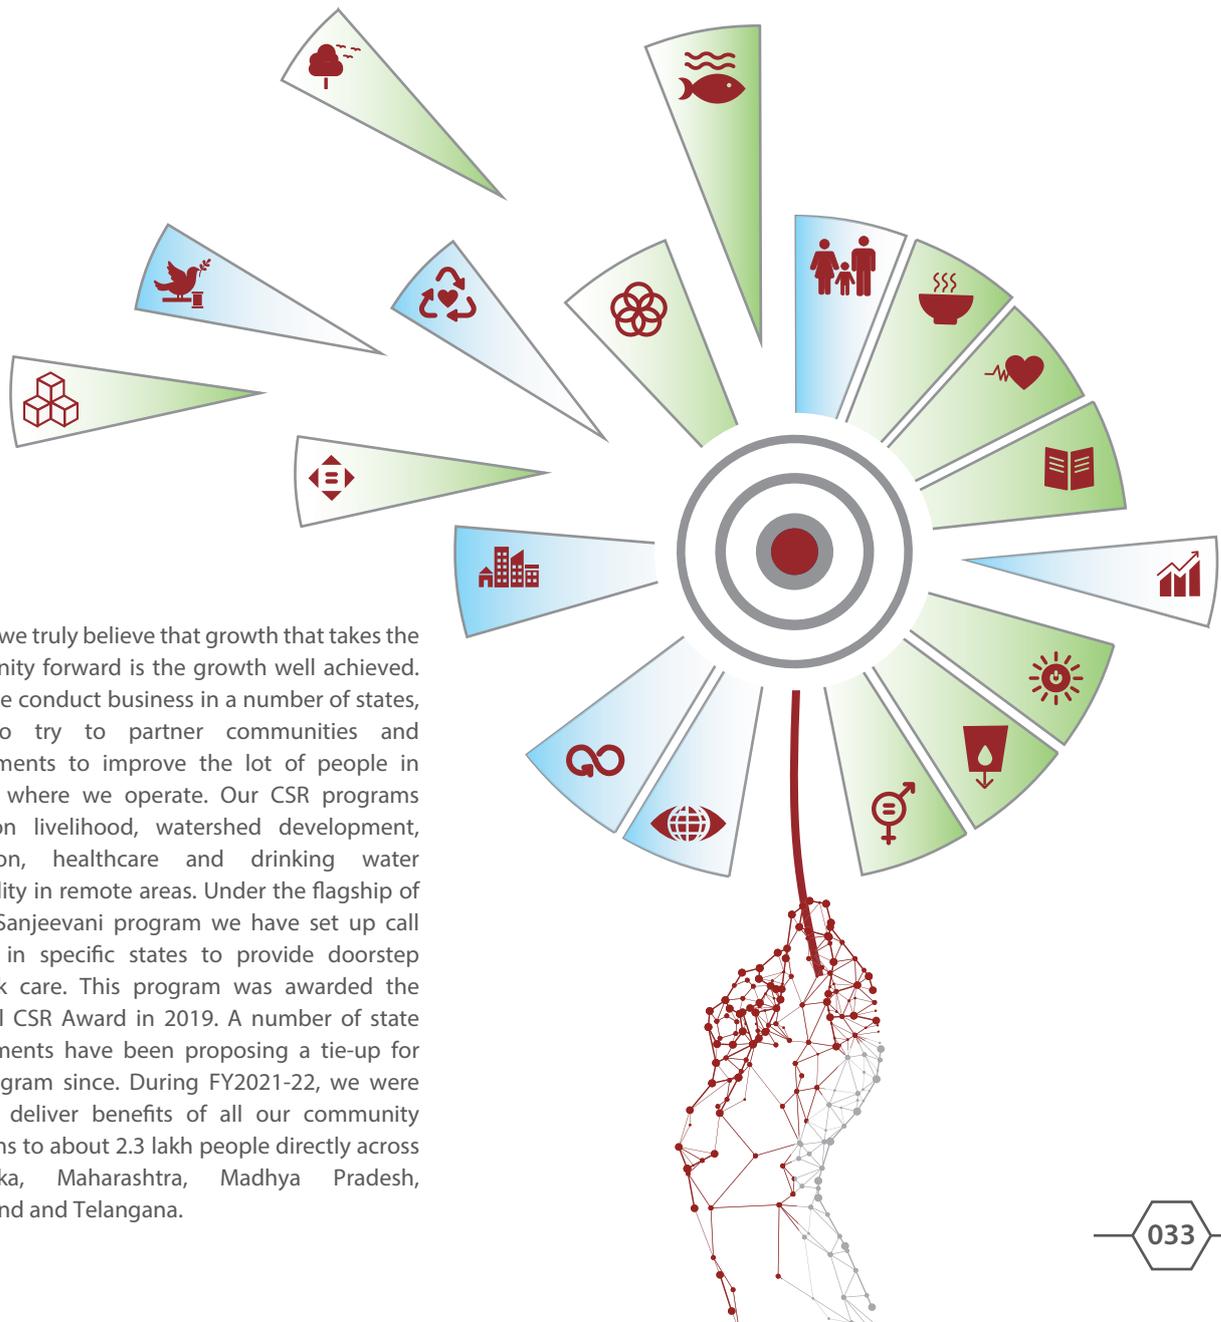

Rural India is a predominantly cash-based economy and our customers have to invest lot of time, effort and money to carry out simple transactions like funds transfer, bill payments and cash withdrawals/deposits. This was the genesis of Bharat Money Stores (BMS), a business line of BFIL. Through BMS we enable kirana merchants in the most remote locations to carry out banking transactions on their mobile phones. BMS is a truly last mile banking service provider. The BMS service offering is open to our MFI customers as well as any other client in the banking system. We currently have about 86,000 such merchants enrolled through whom over 2.3 crore transactions with a value of about ₹4,000 crores have been transacted in FY2021-22. In September 2021, we enabled these merchants to source savings accounts, RD & FD accounts and in a short span of 6 months these merchants were able to source about 2.4L savings accounts from the open market. We intend to scale-up the enrolled BMS merchants making them a liability sourcing point for IBL with prominent display of IndusInd-branding across these merchant locations.

At the end of FY2021-22, BFIL serviced about 76L active borrowers in all, with a total outstanding book of over ₹31,000 crores. The total loan disbursed during the year was over ₹38,000 crores. About 74L customers of the Bank serviced by BFIL have opened a savings bank account with IndusInd Bank and the liability pool of all customers serviced by BFIL, which includes savings, current, RD & FD products, at the end of FY2021-22 was ₹1,456 crores with over 1.4 crore accounts.

As an organisation, BFIL has been reaching out to the unserved/underserved segments of the population and finance their entrepreneurial aspirations. All our operations are pivoted in a way that ensures that the societal benefits are substantially larger. The loans provided to our customers are used for a variety of purposes, including to buy cattle, for agriculture, as working capital for grocery store, tailoring & cloth weaving, trading of vegetables & fruits, etc. Our operations satisfy 11 out of United Nation's 17 Sustainable Development Goals (UN SDGs). We rigorously focus our efforts to ensure that we reach out to the unbanked and underbanked population in Bharat and become partners in their growth and prosperity.

Sustainable Development Goals

At BFIL, we truly believe that growth that takes the community forward is the growth well achieved. While we conduct business in a number of states, we also try to partner communities and Governments to improve the lot of people in regions where we operate. Our CSR programs focus on livelihood, watershed development, education, healthcare and drinking water availability in remote areas. Under the flagship of Bharat Sanjeevani program we have set up call centers in specific states to provide doorstep livestock care. This program was awarded the National CSR Award in 2019. A number of state governments have been proposing a tie-up for this program since. During FY2021-22, we were able to deliver benefits of all our community programs to about 2.3 lakh people directly across Karnataka, Maharashtra, Madhya Pradesh, Jharkhand and Telangana.

Global Diamonds and Jewellery Group (GDJG)

Gems and Jewellery is an important component of India's export. It counts for 7% of India's GDP, providing employment for 8 million people. The exports grew 49.6% in FY2021-22. GDJG is the biggest player in this industry segment not only in India, but also globally. The Bank has been recognized by the Trade Council as a Centre of Excellence through many awards and accolades, the latest two being, the Gems and Jewellery Export Promotion Council (GJEPC), sponsored by the Commerce Ministry of the Government of India, awarding the Bank in the categories of 'Best Bank Financing the Industry – Exports' and 'Highest Limits Sanctioned'. This is one of the Bank's major domain leadership vertical. The client base comprises 43% MSME. The portfolio has zero delinquency in FY2021-22. The coverage model is based on relationship banking capturing the entire wallet of the client. It provides huge cross-sell opportunity. The Bank has been spreading its coverage profile from its core dominance in the cut-and-polished diamond sector to jewellery manufacturing and retail, etc. Started as a mid-stream player, the expanse spreading over to financing of rough traders, midstream diamond manufacturers to largest exporters, jewellery manufacturers and financing world's biggest names directly or indirectly in the diamond, jewellery and high-end luxury chains. The financing activity is undertaken, both through domestic tariff and GIFT City to businesses around the globe. GDJG has reached out to clients in Hong Kong, Dubai, Antwerp, USA and Luxembourg, among others, through GIFT City.

Corporate and Commercial Banking Group (CCBG)

The fiscal year gone by was characterised by a low interest rate regime, conservative leverage approach by corporates and a delayed CAPEX cycle as the second wave of the pandemic pushed credit growth to the second half of the fiscal. With the government and institutions better prepared to tackle the pandemic, the second half of FY2021-22 marked a period of recovery and rebound for Corporate India. Corporate India is now geared to kick-start its CAPEX cycle, supported by a stronger balance sheet and a push to the infrastructure and manufacturing sector through the government's pro-growth schemes, albeit a marginal blip due to the ongoing Russia-Ukraine war impacting global sentiment and resulting in inflationary pressures.

Banking credit is estimated to have grown by 8-9% in the current fiscal (FY2021-22), vis-à-vis 5.6% last year. The outlook for corporate banking credit remains strong in the medium term and we, having weathered challenging times over the last one to two years, are now well positioned to capitalize on the market opportunity. Against the above macro backdrop and the Bank's conscious efforts to fine-tune and grow its corporate business, our corporate and commercial banking book grew by a robust 20% Y-o-Y with range-bound slippages. This reinforces our belief that our corporate strategy under Planning Cycle 5, which is focused on balanced growth, through re-balancing the portfolio, to improve quality and increase granularity has started to yield results.

Building a sustainable and robust corporate liability franchise is another growth area identified by the Bank. In this regard, multitude of initiatives were undertaken, such as liability-led acquisition, sectoral product propositions, OPDT (Owner, Promoter, Director and Trustees) and corporate salary proposition, to enhance our liability footprint across corporates.

With the aim to granularize the corporate book, there is a higher thrust on smaller businesses under the corporate umbrella. This segment continues to gain momentum as we focus on new acquisitions across the board. Our small corporates business registered double digit growth in FY2021-22 and continues to exceed the growth rate of the overall corporate book.

As part of the implementation of the strategic roadmap, the Bank has re-oriented its structure to sharpen and optimise its coverage across segments. Complementing this re-orientation is the re-energisation of teams through internal and external talent, thus strongly positioning the Bank to capitalize on the market opportunity in the coming quarters.

The Corporate & Commercial Banking Group provides a large bouquet of products and services to corporate customers across the spectrum:

A. Client Coverage groups

Global Corporates & Institutional Banking Group

During the year, a separate vertical was carved out to focus on strategic large groups and MNCs to provide differentiated and bespoke coverage considering the segment's highly coveted and competitive nature. The financing, advisory and structuring requirements of clients under this segment are highly complex and vary greatly, given the client's group structure and presence across geographies and sectors. We aim to be a strategic partner to our clients within this segment through providing dedicated and bespoke coverage, strong panel of embedded product partners and differentiated client and service delivery.

The identified levers under this vertical are: (a) High-quality coverage team with embedded product expertise; (b) Differentiated service and experience delivery through priority banking; and (c) Strong wallet management through rigorous account planning. With these levers, the Bank aims to further strengthen its corporate franchise and brand within this segment.

During the year, the Group continued its emphasis on strengthening relationships with high-rated corporates and gained higher market share in entities and groups rated 'A' and above.

Corporate Banking Group Covering Large & Mid-corporates

With a presence across 14 cities, the Large and Mid-Corporates Group provides financial products and services that meet all the evolving needs of businesses across industries and sectors. This approach has helped the Bank to get a substantial share of the client's wallet and enhance product penetration.

Focussing on client relationships at all levels has enabled the Group to detect and act on early warning signals, maintaining low stress in the book. The Group also has a significant liability book spread across customers, which provides granularity to the Bank's lending as well as deposits.

FY2021-22 has been another challenging year for the country, with the deadly COVID-19 second wave in the first quarter, albeit followed by a steady recovery. Despite that, the Corporate Banking Group has clocked higher than average growth in advances and deposits. The key pillars of business strategy for FY2021-22 have been: (a) Asset growth with focus on improving overall rating profile; (b) Robust portfolio management backed by sharp analytics; and (c) Cautious growth and focus on increasing granularity in the portfolio. The focused approach has enabled the business to withstand the current times and grow consciously, while ensuring robust portfolio management.

SME Business Group

SME Business Group aims to cater to the banking requirements of emerging mid-corporate enterprises. This segment of enterprises has tremendous banking potential with an estimated market size of ₹6,00,000 crores (as per CIBIL TransUnion estimates). While targeting clients, the Group lays emphasis on strong fundamentals, cash flows and financials as well as other soft factors that are important from a SME lending perspective.

During the year, we have seen Q-o-Q increase in new acquisitions as COVID impact receded in H2 FY2021-22. With focus on a) Branch channel activation through synergy and b) micro-market scanning through wider coverage and differentiated service delivery in terms of time to market and digital stack, this segment is expected to grow at a faster pace than the overall corporate book. This will further enable our strategic objective of granularizing the corporate book.

B. Specialised Verticals

To sharpen the focus on certain sectors through offering domain expertise and a more customised product suite, the following specialised verticals are present within the Corporate Banking Unit:

Healthcare: Specialised offering of banking products to the Indian healthcare industry consisting of:

Hospitals: Primary, Secondary and Tertiary care units - super and multi-speciality.

Diagnostics: Multi-location diagnostic chains augmenting medical diagnostics.

Financial Services: Offers products to a large landscape of Financial Services Players – NBFCs, HFCs, Insurance Companies, Mutual Funds and Public Financial Institutions. The Group has built strong ties with key players with 90%+ of its book rated 'A' or better. The Group has a unique positioning in the marketplace as a preferred choice for transaction banking and has a leading share in cash management and escrow services to leading NBFCs.

Real Estate: Product offerings for commercial and residential projects, including LAP, LRD and construction finance. It also offers advisory for REITs and syndication.

Education: Education sector is one of the sunrise sectors of the Indian economy, considering the young demographic profile of the country. The segment has witnessed significant transformation in the last 2 to 3 years, with evolving business models such as Public-Private partnership, new Education Policy, booming ED-Tech sector with increased Private Investments and an Evolving Ecosystem. The Bank is one of the leading players in the sector and provides niche and digital solutions for meeting the financing and cash management needs of the players across the education ecosystem.

Agriculture Business Group: Agriculture Business Group follows the Value Chain Financing approach to cover the complete Agri Value Chain from farmers to Agri corporates. With presence across 17 States, 60 locations and 45 commodities, the Group has a strong presence in core Agriculture-based markets with innovative Agri Project Finance, Agri Trade Finance and Agri Infrastructure Finance products and services. Currently, the vertical leads the commodity funding space through its flagship Pledge Finance product. Incrementally, the Group focusses on mid-size corporates in food and agriculture, making the Bank one of the significant players in the dairy financing segment.

Agriculture Business Group is also one of the major PSL contributing divisions of the Bank with more than two-third of its portfolio classified as PSL. The marquee relationships in this Group have helped gain inroads into rural masses wherein IndusInd, as a Bank, has been able to offer a comprehensive suite of rural products to the population through its rural franchise, hence deriving significant synergies across the spectrum.

Supply Chain Finance (SCF)

With a focus on granular business, the Bank is investing significantly in the Supply Chain Finance business and aims to grow it multi-fold over the next 1-2 years. Significant investment is ongoing and is planned in digitisation, upskilling manpower and deepening client relationships. The vertical provides comprehensive financing solutions, including channel finance and vendor finance catering to the financing needs of dealers/vendors of large corporates across industries, the key ones being Auto and Auto OEMs, Steel and Consumer Durables. With a dedicated and experienced relationship team, backed by strong product proposition and seamless services, the Supply Chain Finance product has made inroads into large corporate, forging strong relationships.

The COVID-19 pandemic has had a far-reaching impact on the auto industry, which has impacted the entire supply chain. Despite this, assets under supply chain financing programs have recorded 55% growth y-o-y, with growth majorly coming in Q4. With stringent governance processes and comprehensive portfolio monitoring tools, the Bank has been able to maintain high portfolio quality of its SCF book.

Project Finance

The Project Finance unit has domain expertise in Wind Energy, Solar Energy, Roads, Ports, Logistics, Water and Power Transmission sectors. The Project Finance team was able to win Project Underwriting and Syndication mandates from several large reputed Indian corporates. Aligning its sustainability strategy, the Bank added new sectors in Project Finance that support Sustainable Development Goals (SDGs). Until March 2022, the Bank has supported an installed capacity in excess of 4.5GW in renewable energy power with nearly INR 14,000 crores in sanctions. The Bank has also financed projects in e-mobility, energy efficiency and city gas distribution sectors.

The Government of India (GOI) has envisioned National Infrastructure Pipeline (NIP) 2020-2025 with an outlay of INR 111 trillion with key thrust on roads and highways, renewables, transmission, thermal, city gas distribution, water, energy efficiency and railways. Close to 20% of the above investments are expected to come from the private sector. Given the expertise of the Unit in these sectors, the Bank intends to actively participate in this opportunity by establishing itself as a leading structurer, underwriter and syndicator in the market.

Investment Banking

Investment offerings of the Bank are trusted by leading Indian business houses and it services clients ranging from large corporates to mid cap and small cap customers on one hand, and financial sponsors/equity funds on the other, in sectors such as BFSI, Infrastructure, Renewable Energy, Tech, Healthcare, Microfinance, Logistics, Education and Industrials. The Investment Banking unit provides strategic M&A and other advisory services to aid growth initiatives as also capital market solutions in Equity and Debt markets to support a variety of funding structures. This enables the Bank to partner with growth-oriented corporates and private equity funds through their lifecycles.

Amongst the top Mandated Lead Arrangers (INR Borrowings) in India, the Bank was ranked 2nd, both in deal count and deal volumes with syndication volumes of about ₹7,000 crores. The Bank has consistently improved its league table position in terms of deal volume, from 6th in CY 2016 to 4th in CY 2019 and maintained 2nd position in CY 2020 and 2021.

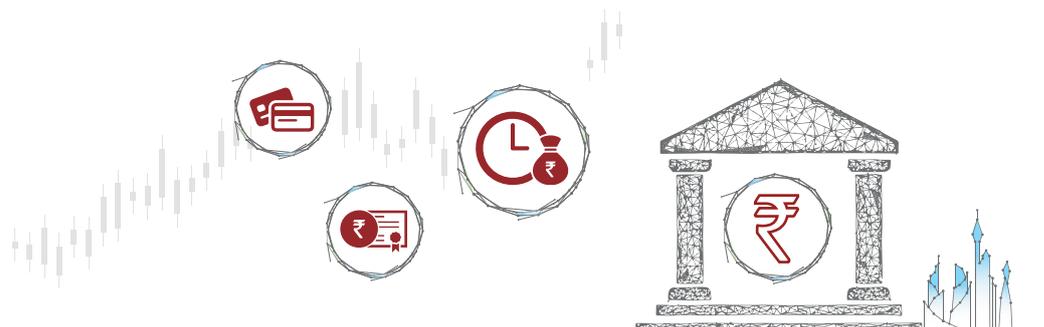

Specifically, the Government of India (GOI) has envisioned National Infrastructure Pipeline (NIP) 2020-2025 with an outlay of ₹111 trillion with a key thrust on roads and highways, renewables, transmission, thermal, city gas distribution, water, energy efficiency and railways. Close to 20% of the above investments are expected to come from the private sector. Given the expertise of the Unit in these sectors, the Bank intends to actively participate with an underwrite and sell down strategy, holding 20-30% of the underwritten amount in the Bank's books and selling down of the rest, depending upon the size of the project.

Public Sector Group

Public Sector Group maintains relationships with most of Central Government-owned and select State Government owned Public Sector Undertakings (PSUs), which include the Maharatnas, Navratnas and Mini Ratnas.

The PSU Assets are preferred by many lenders considering the lower delinquencies and hence, the Assets portfolio growth is achieved under stiff competition from all banks and at competitive pricing. The PSUs also act as a source of large Liability books and Current Account floats for the Bank, which has been growing over the years.

The group offers customised solutions to PSU clients in the areas of Trade, Forex, Cash Management and other digital products. Additionally, an entire bouquet of Asset products like Term Loans, Working Capital Finance, Bonds and NCDs, among others, are also offered to these clients customised to their requirements. The Bank offers targeted Retail Banking products to the employees of its PSU clients, such as Salary Accounts, Credit Cards, Retail loans amongst the junior and middle-level managers and a Pioneer range of products amongst the senior management team. The Bank is keen to garner increased market share in this space and be a sizeable banking partner to strategic large PSUs, which until recently was the exclusive domain of large banks.

Financial Institution Group

Financial Institution Group (FIG) is one of the important Business Units for the Bank as it administers and manages relationships with various categories of Financial Intermediaries of the global financial market. The unit manages relationships across Financial Institutions from the space of Domestic Banks, International banks, Development Finance Institutions (DFIs), Export Credit Agencies (ECAs) and Multilateral Financial Institutions (MFIs). The Unit also manages and supervises the entire Correspondent Banking network of the Bank comprising our network of Nostro and Vostro Accounts and RMA arrangements with multiple banks across the globe. FIG also plays a crucial role in framing and managing the Correspondent Banking Policy and Bank Risk Policy of the Bank. Over the years, FIG has evolved into a highly specialised sectoral vertical of the Bank, managing diverse roles from business origination, to facilitation, to policy-making and risk management along with their primordial role as channel manager of the Bank's correspondent banking network.

Despite the headwinds in the global trade and payments landscape due to the pandemic and geopolitical tensions, FIG has acquainted itself very well with the market dynamics in the year under review, which has helped the unit to offer seamless correspondent banking services to the Bank's clients. FIG unit also contributed significantly to the Bank's overall top line and bottom-line by building a profitable and high-quality FI Book. The unit has also contributed actively in areas like resource raising and balance sheet management along with ALM desk. During the year, FIG helped in generating liquidity from global and domestic financial institutions to the tune of US\$ 5,186 million through market borrowings, syndicated/bilateral loans, inter-bank deposits, refinance, etc. The Bank conducts its FI Business in strict conformity with applicable domestic and international laws and abides by various global sanctions as applicable to Indian banks from time to time.

International Financial Services Centre Banking Unit (IBU)

The International Financial Services Centre Banking Unit (IBU) has seen significant business, achieving a Balance Sheet size of USD 1.6 billion as on March 31, 2022. The product offering from IBU includes External Commercial Borrowings (ECBs), Trade Credits, Loans to Overseas Entities, non-funded products, and swaps and derivatives undertaken for proprietary trading and client hedges.

The IBU provides an access to hitherto untapped clients and product profiles and is slated to be a significant contributor

to the Bank's Balance Sheet as well as profitability. IBU provides the Bank with the ability to serve large corporates with overseas presence with end-to-end solutions by participating in the international syndicated loan market and to strengthen the brand globally.

The Global Markets desk at IBU also enables the Bank to trade in non-deliverable derivatives contracts, enabling it to serve the clients round-the-clock and creating a steady revenue stream. The Bank's IBU is also among the few units, which started offering CASA services to its clients.

The Bank has also been instrumental in formulating regulatory guidelines for IFSC Banking Units on FX and derivatives as a special invitee to the working committees formed by the IFSCA.

Digital Banking

The Bank progressed on its Digital 2.0 strategy during the year. The Bank focussed on new customer acquisition through new product lines and worked towards addressing the immediate needs of the existing customers across channels by adding new capabilities and technologies to the Bank's ambit.

During the year, the Bank acquired approximately 3.6 lakh relationships digitally within consumer banking on the back of partnerships or on the back of platform marketing leveraging the 'IndiaStack' foundation. The Bank launched a new platform '**Easy Credit**' to source new customers and non-pre-approved existing customers interested in availing a Credit Card, Personal Loan or an EMI on Debit Card. We continued to further build on the digital savings account proposition '**IndusDelite**' with attractive cashbacks across leading brands resulting in better engagement and activation of clients. The Bank also entered into new partnerships with digital aggregators and fintechs for sourcing credit cards, personal loans, fixed deposits and EMI on Debit Card products.

During the year, mobile transactions grew by 84% y-o-y vis-à-vis 59% growth shown by the banking industry. The Bank took significant steps in engagement by overhauling its engagement measurement practice and adopting Monthly Active Users (MAU) in tech-led business. Additionally, we introduced a simplified Information architecture (IA) and simplified common journeys; this resulted in an uplift of ratings on Android Play Store from 3.8 to 4.2. On emerging channels such as WhatsApp Banking, our monthly active base and monthly conversations increased by 76% and 81% respectively during the year.

As part of our SME Strategy, we are working toward End to End Digitisation of all SME products which includes liabilities and loan products. The Bank launched IndusEasyCredit for Business – SME stack in FY2021-22 to address the working capital needs of the MSME segment. We have taken omni-channel approach with DIY and Assisted flow journeys developed for Unsecured Business Loan and Overdraft facility backed basis algorithmic decisioning incorporating GST, Bureau and Banking conduct. We believe a combination of Digital First and Traditional expertise, as a combined offering, positions us well to offer new products to customers while keeping the risk costs contained. Our current product portfolio consists of loans ranging from ₹2 lakhs to ₹2 crores and will be able to address the credit needs of 95% of the MSME segment (Micro, Small & Medium Enterprises). Our loan products offer fully digital capabilities, leveraging India Stack library for customer identification, underwriting and disbursements.

IndusInd is currently offering two products, one called Small-ticket Business loan and the other, an Overdraft facility using GST data under the EasyCredit umbrella, will soon add Cash Credit, Non-fund Based Loans, Loan Against Property and Loan Against Securities and will also focus on government-backed programs in line with the government agenda to improve credit penetration in the MSME segment.

EasyCredit Small ticket business loans leverage non-traditional digital information like Banking, GST and Bureau Repayment Data and new-age scorecards for quick and easy access to finance in adherence to bank's underwriting standards to the MSME segment for loans ranging from ₹2 lakhs to ₹20 lakhs. The bank believes that a digital stack can bring down the "time to decision" and "time to cash" significantly versus traditional models.

EasyCredit GST OD underwriting model has built analytics with the ability to sanction loans ranging from ₹25 lakhs to ₹2 crores within 15 minutes into the loan journey. By leveraging advanced machine learning algorithms on digitally obtained GST and banking data allows us to underwrite customers across customer profiles ranging across diverse credit history and also to provide enhancement needs for a growing small business.

The Bank is also working on a holistic SME proposition. This will be a mobile first offering which will allow MSMEs to quickly onboard themselves on the bank platform using digital KYC services and avail all the banking services through the click of a button.

The Bank also took the lead in bringing several new initiatives to clients true to its promise of being client responsive:

- At the onset of the second wave in Q1FY2021-22, the Bank launched new digital product lines for new bank customers like personal loans, EMI on Debit Card and Credit Card. This ensured that a full digital bouquet of offerings across savings, lending and investments were available to our customers.
- IndusInd Bank was one of the first four banks to become financial institution users (FIU) of the RBI's Account Aggregator Framework.
- The Bank entered into two strategic partnerships, one with a composable banking full stack provider to drive new-age offerings and convenience to our customers on the payments and cards side and another with a leading marketing automation provider to provide real-time eventing and engagement capability.
- The Bank has also initiated a strategic initiative aimed at the digital native and adaptive customer segment aiming to provide them with an exciting value proposition of an "All-in-One" app with a unique comprehensive personal finance management stack, convenient transaction banking capability, just-in-time financing, state of the art security and privacy stack, an intelligent reward system and a pan-bank all-encompassing loyalty program. The new digital proposition will be pivotal in providing simplified and transparent banking to our customers, along with the existing USPs like the responsive innovations we have come out with over the years like 'My Account My Number', 'Cash on Mobile', 'Choice Money ATMs' etc., and attractive interest rates on deposits.

Banking today is different from what it was before the pandemic and digital has transformed the way customers bank or consume financial products. The Bank has always been a front-runner in bringing responsive innovations on products and services to clients and delivering end-to-end digital journeys. We have now pivoted towards bringing end-to-end holistic, experience-driven, innovative client value propositions to clients with a deep segment focus.

Global Markets Group

The Global Markets Group (GMG) comprises three main functions:

1. Asset Liability Management (ALM)
2. Trading (Rates, Equities, Foreign Exchange and Derivatives);
3. Client Sales, comprising Financial Markets Sales and Solutions team, which provides hedging strategies to clients for their exposures across foreign exchange and interest rates, and the Credit Sales Team, which provides clients access to Debt Capital Markets.

The Asset Liability Management Unit manages various regulatory requirements, including Cash Reserve Ratio (CRR), Statutory Liquidity Ratio (SLR), Liquidity Coverage Ratio (LCR), Intra-day Liquidity (IDL) and Net Stable Funding Ratio (NSFR), as prescribed by the Reserve Bank of India and other regulating bodies. In addition, the Desk manages the day-to-day liquidity requirements of the Bank through appropriate funding avenues involving INR and Foreign Currency. The liquidity and resource mobilisation strategy achieved significant efficiency in the Bank's sourcing of funds across tenors with an optimal mix of Term Deposits, Market Borrowings and Refinance.

The Trading Desk trades in Rates, Equities, Foreign Exchange and Derivatives. It strategizes and takes proprietary positions in Government Bonds, Corporate Debt, Equities, Interest Rates (INR and Foreign Currency), Interest Rate Futures and Currencies.

The FX & Derivatives Trading Desk focuses on Currency and Interest Rate Derivative products for proprietary positions and also acts as a liquidity provider-cum-market access in respect of client business. The desk is an active market-maker in the interbank market and has executed various products across asset classes with established market counterparties and valued corporates. The desk has been among the first ones in dealing with new products permitted during the year by the RBI, like Swaptions, Forex Barrier Options, and Non-Deliverable OIS.

In view of the discontinuation of publication of global benchmarks and the introduction of Alternative Reference Rates (ARR), the Bank has embarked upon a planned transition of derivative products, in line with the global market practices, on certain benchmark trades linked to LIBOR. The Bank has also extended continuous support to its clients having exposure to phased-out benchmarks and has provided them with a seamless process for attuning their respective hedges.

The Equity desk takes proprietary positions in both primary offerings as well as trades in listed securities.

The Credit Sales desk is responsible for providing solutions to Corporate & Institutional clients looking to tap the Debt Capital Market for raising short term/long-term funds through various instruments such as Bonds/Non-Convertible Debentures (NCDs)/CPs, ZCBs, Tax-free bonds, NCD cum warrants and other Non SLR instruments by acting as Arranger and/or investor for Primary NCD issuances. The team is also responsible for placement of such securities across various institutional clients/investors segments such as mutual funds, insurance companies, pension and provident funds, banks, NBFC's, Wealth Managers, Foreign Portfolio Investors (FPIs), Corporates, Alternate Investment Funds (AIF's), Family Offices, etc. The team undertakes products as permitted in the board-approved Funds & Investment Policy of the Bank.

The Financial Markets Sales and Solutions team provide hedging solutions to clients across Large Corporates, Financial Institutions and Mid-market corporates and Consumer clients on their foreign exchange and interest rate exposures. The Bank enters into these transactions based on strict suitability, appropriateness and credit criteria. Besides the above OTC products, the Bank is also a Trading-cum-Clearing Member of NSE and BSE, which enables the Bank to offer a web-based platform across client segments for hedging their currency exposures in the exchange-traded currency derivatives market.

During the year, GMG continued to actively undertake proprietary and client hedges across FX, Interest Rates, Derivatives, Credit markets, besides Equity IPOs. The Bank has expanded its reach in offshore markets through the Global Markets Desk at its IBU in GIFT City and will further widen the range of products to be offered from IBU as permitted under the new liberalised guidelines of IFSCA.

The Bank has well-laid-out Board-approved Funds & Investment and Risk Management Policies, Client Suitability and Appropriateness Policy, and appropriate systems support to monitor transactions and risk on a real-time basis. Given the dependency on System and Trading platforms, the Bank has been conducting Business Continuity Plan drills at regular intervals. The Bank has an Integrated Treasury application interfaced with the Risk Monitoring System that covers all Client and Trading products of the Global Markets business and provides a seamless straight-through flow of transactions.

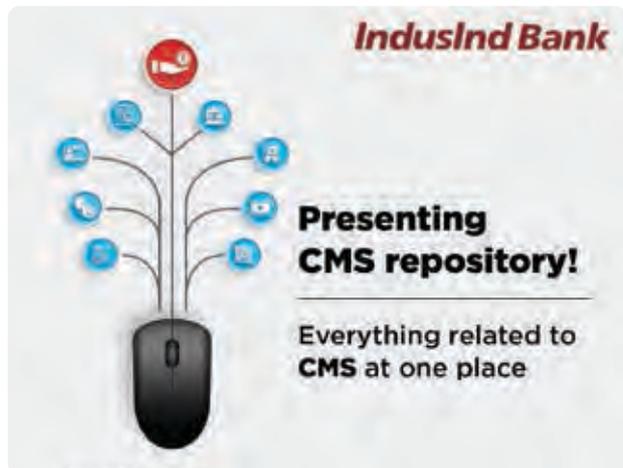

Transaction Banking Group

The Transaction Banking Group (TBG) offers products and services to customers across all Client Business Units in the areas of Cash Management, Trade Services, Trade Finance and Global Remittances delivered through market-leading Digital Banking platforms.

Under the umbrella of Cash Management Services (CMS), the Bank offers customised and differentiated products to its Corporate and Consumer Banking customers, to enhance efficiencies in their Payables and Receivables Management.

The Bank scaled up its CMS solutions for small and mid-sized corporates by providing structured solutions to address the needs of specific segments like Traders and Transporters. Partnerships with Fintechs and integration with the Bank's Digital Banking platforms enabled seamless payment, collection and reconciliation solutions for such segments.

Anchor CMS solutions like Escrow and Nodal services, API-based e-Payments and e-Collections, and structured solutions around UPI, NACH and BBPS provide the Bank's large corporate clients with the ability to manage their fund flows and liquidity more efficiently.

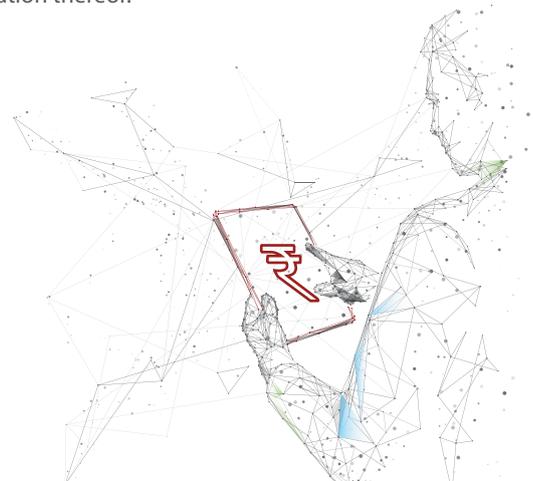

IndusInd Bank strengthened its presence further with the Government segment by providing bespoke CMS solutions through multiple digital platforms for e-Tendering, e-Procurement, GeM, PFMS and Subsidy management. All these services have ensured better efficiency for customers and a healthy increase in sustainable CASA flows for the Bank.

Our trade product is designed to address the requirements of Large, Medium and MSME customers, from short to medium term Trade Financing that is complemented by a full suite of Trade services for Domestic and International Trade flows. The year saw an increase in the Trade financing portfolio, which reflected the Bank's strategy of financing our client's working capital requirements.

The Bank's Exporter clients avail of Pre-shipment and Post-shipment financing, Export Letter of Credit (LC) advising, LC confirmation, Export bills on collection services, Bank line discounting amongst other Trade Services. Likewise, our Importer clients avail of product offerings, comprising of LCs, Shipping Guarantees, Import financing, Import collections, Direct and Advance remittances. In addition to the above, the Bank offers Bank Guarantee services and also caters to the client's trade finance requirements for their offshore business units through its GIFT City branch.

The Bank continued to be one of the leading players facilitating India linked Cross Border Remittances. The Bank continued to enjoy a significant market share in LRS Outward Remittances from India, originating transactions from its network of branches as well as facilitating flows for other licensed partners. It also continues to be a preferred India Correspondent for Overseas Banks, Exchange Houses as well as Money Services Business/Money Transfer Operators.

Digital platforms are the bedrock of all Transaction Banking products and the Bank continued to enhance its capabilities in this domain. The year witnessed a steep increase in client adoption and transaction volumes across the portals, mobile Apps and its API platforms. Customers embraced our platforms for initiating their Payments & Trade transactions and managing their collections digitally. The platforms offer rich functionality for clients to initiate individual and bulk payments, payroll processing, Tax, EPFO and ESIC payments and trade services, including Bank Guarantee and LC issuance, Inward and Outward Remittances and Import and Export collections. The platform also gives a comprehensive view of IDPMS/EDPMS Dashboards and allows for regularisation thereof.

Pan Bank Liabilities Group

The Pan Bank Liabilities Group (PBLG) was set up in FY2020-21 and has been working towards strengthening the Liability franchise and accelerating the Retailisation and Diversification of the Liability base of the Bank. Its mandate includes complementing the Business effort towards appropriate liability mobilisation and co-creating the Business Unit's Liability strategy and synergising it with the flows of the Product and Operations teams.

The Unit has also been entrusted with the task of enhancing focus on diversification and accelerating demand liability generation from existing and new customers. The Group uses internal and external market data and best practices to progressively facilitate the delivery of a robust and sustainable liability portfolio, meeting various regulatory parameters.

PBLG has also been working towards inter-segment synergy initiatives to boost internal sourcing of liabilities business and other products penetration. The increased penetration of liability products, within existing customers of the Bank, has helped progress towards the goal of sustainable deposits with increased customer stickiness.

In the path driving towards a sustainable franchise, the Bank had a robust growth across various Liability parameters and has demonstrated a faster than industry's average growth.

The deposits from Retail & Small Business Customers have grown in line with our Retailisation objective. The share of low-cost CASA deposits and liabilities book, generated from inter segment synergy, have also improved consistently.

Financial Restructuring and Reconstruction Group

All activities relating to the recovery of non-performing loans and restructuring of stressed assets are handled by the Financial Restructuring and Reconstruction Group (FRRG). Implementation of the Insolvency and Bankruptcy Code, 2016 and NCLT activities has accelerated, especially with the Reserve Bank of India notifying mandatory filing in certain large value cases in a time-bound manner. The Bank has a dedicated desk to handle and monitor IBC-related activities.

The Bank has also actively utilised the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 for recovering its dues.

During the year, the Bank had recovered an amount of ₹458.98 crores in written-off accounts. Net NPAs of the Bank stand at 0.64% of Total Advances, while the ratio of Gross NPA as a percentage of Total Advances is 2.27%.

Priority Sector Lending

Being a socially responsible Bank, the Bank has a special focus on the requirements for the needy/Priority segment of society.

Given the wide range of sectors and activities covered, various business units of the Bank, i.e., Corporate, Commercial, Consumer, Inclusive, Agriculture and Rural Banking, have been oriented to align and focus on the specialised needs of the clientele under priority segments, which has helped the Bank create its footprints in almost all the categories under PSL and lending to the Priority Sector is completely institutionalised. The above helped the Bank not

only achieve the overall Priority Sector targets during FY2021-22, but also all the sub-targets.

Being a responsible corporate citizen, as a contribution toward building sustainable banking, the Bank continues to have a special focus on the clients at the bottom of the pyramid and who are largely in the informal segment. Nearly 50% of the loans by the Bank are provided for livelihood purposes across sectors of strategic importance to the economy. The Bank has come up with relevant and innovative solutions by leveraging our technology to increase credit flow and deepen access and further financial inclusion. With the help of our domain expertise and rich experience built over decades of work, a well-developed risk framework has been put in place, which is yielding good results in building a healthy portfolio resilient to shocks and aid in long-term growth. It is our firm belief that the various sectors under PSL offer huge growth opportunities and emerge as clear growth drivers in future. While complying with the letter and spirit of the needs and requirements of PSL, we are creating a domain leadership in the space.

The Bank's technology platform has witnessed huge investments and is built to drive and facilitate an inclusive society giving equal opportunities to all and empowering women. The Bank has designed and developed products under assets and liabilities which are affordable, easily accessible and flexible to the needs of the customers and align them to the evolving needs of customers.

General Banking Operations

The Bank has strengthened the policy framework on “Know Your Customer” (KYC) norms measures from time to time, in line with regulations. The Bank has implemented a simplified procedure of “Know Your Customer”, which will benefit Lower Income Group persons to open accounts with minimal documentation, in line with the RBI Policy.

The Bank has implemented a state-of-the-art Workflow and Imaging System for Account Opening, booking Term Deposits, processing Trade Finance transactions and Branch Expenses processing.

The System enables faster turnaround time and movement of work from branch locations across the country to the Central Operations Unit in real-time mode, thus cutting out the time that physical forms would take to arrive through courier. This has helped improve efficiency at the branches as well as enhance client-servicing standards.

With the emphasis on digitalisation and e-KYC, the Bank has implemented Digital Account Opening through a mobile-based application, wherein the account opening process is straight-through and validation of KYC is online. This reduces the turnaround time for the account opening process and provides greater convenience to customers with stronger controls and compliance.

The Central Government through its third amendment on Prevention of Money-laundering Rules, 2005 dated August 19, 2019, has permitted banks and financial institutions to accept KYC documents electronically. Further, with a view to leveraging the digital channels for Customer Identification Process (CIP) by Regulated Entities (REs), RBI has allowed Video-based Customer Identification Process (V-CIP) as a consent-based alternate method of establishing the customer’s identity, for customer on-boarding.

Accordingly, the Bank introduced a Video-Based Customer Identification Process, thus customers to complete their KYC verification and account opening formalities from the comforts of their home to enjoy unlimited banking with zero paperwork.

The Bank is participating in the Clearing through Cheque Truncation System (CTS). As of March 31, 2022, the Bank had 1,683 branches covered under Grid Clearing, through its three CTS Centres in Mumbai, Chennai and New Delhi.

As of March 31, 2022, the Bank has Six Currency Chests - at Thane, New Delhi, Kolkata, Bengaluru, Chennai, and

Chandigarh. The Bank also participates in NACH (National Automated Clearing House) transactions both for Debit and Credit (ECS) in Mumbai, as also Aadhaar-based Payment System (ABPS) transactions through NPCI.

The Bank has adopted a “Comprehensive Policy” on settlement of claims, in respect of deceased depositors. The Policy covers all types of deposits/lockers and has simplified the procedure for settlement. The forms are also available on the Bank’s website.

The Bank has put in place a “Deposit Policy” and a “Fair Practice Code”. The former outlines the guiding principles in respect of various products of the Bank and the terms and conditions governing the operations of the accounts and the rights of depositors. The Fair Practice Code is voluntary, establishing standards to be followed by all branches in their dealings with the customers.

The Bank has framed the “Citizen’s Charter” to promote fair banking practices and to give information in respect of various activities relating to customer service.

The Bank has put in place a “Customer Compensation Policy”, as part of the commitment to customers, for any direct and actual loss by way of internal loss/payment of charges by the customer due to deficiency in service to the extent mentioned in the Policy. The Policy is based on principles of transparency and fairness in dealings with customers.

The Bank has framed the “Unclaimed Deposit Policy” based on RBI guidelines with the objective of classification of unclaimed deposits and setting up the Grievance Redressal Mechanism for quick resolution of complaints and record-keeping. Further, in line with RBI directives, balances in unclaimed deposits and other accounts are periodically transferred to “Depositor Education and Awareness Fund” (DEAF), w.e.f., June 2014. Customer details relating to unclaimed deposits are duly uploaded on the Bank’s website on monthly basis.

The Bank has formulated the “Customer Rights Policy” and the same is hosted on the Bank’s website.

The Bank has framed a “Customer Protection Policy” based on RBI guidelines with the aim to provide a safe, rational, superior and transparent service experience to the customers. The policy aims to address customer complaints related to all unauthorised transactions done through electronic mode. It also lays down the criteria for determining customer liability in different circumstances and increases awareness among the customers.

Corporate and Global Markets Operations

Corporate and Global Market Operations (CGMO) is responsible for the operational delivery of a wide array of products offered to customers in both Corporate and Retail segments, related to Trade Services, Supply Chain Finance, Cross Border Remittances, Cash Management, Foreign Exchange, Derivatives, Bullion and Depository Services, Portfolio Investment Scheme and Exchange Clearing.

CGMO teams ensure high standards of operational delivery to customers, despite operating with continued challenges associated with the pandemic situation. We made good progress in its key focus areas which included (a) enhancing customer experience through seamless delivery and digital enablement (b) strong employee engagement and development (c) process simplification and automation (d) proactive management of risk e) ensuring compliance with regulatory guidelines

Customers

1. Onboarding of customers onto the Connect On-Line and Indus Direct channels continued to be a strong focus area. During the year, there was a steady increase in channel adoption and digital initiation by Trade, Remittance and Cash customers, especially by our Gems & Jewellery group client.
2. CGMO continued to proactively simplify key processes, aimed at enhancing customer convenience in dealing with the Bank on transactional matters. Strong support was provided to the growth of business in the GIFT City branch.
3. Strong operational support was key to three-times volume growth in the Portfolio Investment Services business. Exchange Clearing Operations also efficiently handled record volumes of ASBA applications related to several major IPOs during the financial year.

People

1. Once again CGMO teams demonstrated great resilience and customer focus in ensuring high quality of delivery and support, while operating through the pandemic. There were many accolades from customers, across all segments, for the support provided.
2. Leaders ensured high levels of engagement with the teams across all locations. Virtual Town Halls covering all CGMO teams across over 50 locations were very well received. Learning & Development initiatives continued to be in high focus. A series of workshops on Customer Service Excellence has been initiated to enhance servicing capability of all frontline staff.

Capability Enhancement

1. CGMO made significant progress in its pursuit of enhancing delivery capability through major system upgrades and automation initiatives, resulting in superior customer experience and operational efficiency.
 - A. As part of an automation initiative unique in the Trade & Remittance domain, a new “state of the art” system was implemented for high-volume Inward & Outward Remittances. This entailed complex integration of multiple systems and applications to automate various operational actions, resulting in a significant reduction in Turnaround Time for customers. This was a landmark automation and will be expanded to cover other Trade & Remittance products as well
 - B. Automated System implementation for select Supply Chain Finance (SCF) customers was initiated in a phased manner, with seamless transaction processing and real-time disbursement – with all validations built online, delivering a best-in-class experience for SCF customers.
 - C. Upgrade of the core Treasury system, with over 100 customisations to support business growth and improve controls.
2. Important industry-level changes were seamlessly implemented in a timely manner. This included significant global changes like the transition from LIBOR to Alternative Risk-Free Rates and a major SWIFT upgrade.

Risk

1. Operational risk for CGMO processes was managed in a controlled environment, in the backdrop of a dynamic risk landscape, and unconventional arrangements during the pandemic. There was a strong focus on regulatory compliance.
2. Timely submission of a large volume of regulatory reporting was ensured throughout the financial year.
3. Regulatory projects with CGMO implications were implemented within timelines, this included NPA/NPI automation, incorporation of Legal Entity Identifier in NEFT/RTGS messages, etc.
4. A digital model was implemented for Enhanced Due Diligence of customers, aimed at significantly accelerating the on-boarding of customers.

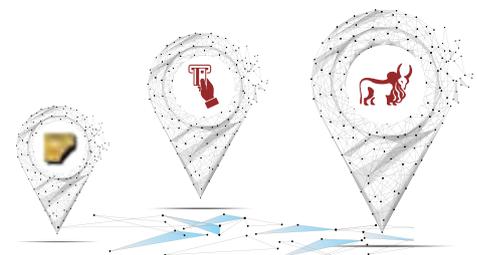

Branch Network and Infrastructure

With a total network of 2,265 banking outlets and 2,767 ATMs, the Bank has a presence in all 28 States, and 7 out of the 9 Union Territories. The Bank has International Financial Services Unit (IFSC) Banking Unit (IBU) at the Gujarat International Finance Tec-City IFSC (GIFT City) to meet the requirements of offshore banking operations from India. In addition, the Bank also has Representative Offices in London, Dubai and Abu Dhabi.

Apart from expanding its Pan-India network, the Bank has set up 10 PIONEER branches in Mumbai (Juhu, Pedder Road and Lower Parel), Pune (Ghole Road), Delhi (Defence Colony and Punjabi Bagh), Gurugram (Palm Springs), Chandigarh (Sector-9), Kolkata (AJC Bose Road) and Chennai (R. K. Salai Road, Mylapore). The Bank has 6 currency chests located in

Mumbai, Delhi, Chennai, Kolkata, Bengaluru and a new one set-up in Chandigarh.

The Bank also leverages its presence and customer service through 2,795 branches of Bharat Financial Inclusion Limited (BFIL), a wholly-owned subsidiary of the Bank and 816 outlets of IndusInd Marketing and Financial Services Private Limited (IMFS), an associate entity. As of March 2022, there were more than 46,976 active Bharat Money Stores, managed by BFIL, acting as the Business Correspondents of the Bank.

Information Technology

Technology in IndusInd Bank

IndusInd Bank's IT strongly continues to adhere to its strategic objectives by successfully adopting and executing the Bank's 5th Planning Cycle (PC-5) and staying true to its mission and partnering with the business functions to re-imagine the next-generation bank. Through innovative business models, products and partnerships, IT has continued to provide compliant, secure, resilient and high-performing solutions to our employees and customers. The Bank has prioritized its commitments to provide the best-in-class customer experience and robust risk management capabilities with IT being the backbone. The IT's strategy and execution under the guidance of the board and the executive management of the Bank, have been based on the following fundamental principles:

1. Lead innovations on digital products.
2. Build and service resilient products with superior performance
3. Enhanced customer service
4. Improved Risk management
5. Business strategy underpinned by sustainability

The Bank has embraced new-age architecture and moved towards a multi-cloud environment with a strategy to achieve a balanced presence in Hybrid Cloud. To enhance customer experience, the Bank has implemented multiple solutions focusing on providing paper-less, presense-less and cash-less solutions like IndusCredit, IndusDirect and Indus Merchant apps.

To enhance customer experience and to provide new-age feature enhancements, the Bank is on the path to upgrading its core banking application suite. The new digital accelerator

will facilitate higher volume growth and enable high transaction processing capability. It will also allow APIs integration for digital channels compatibility and our move towards cloud native/cloud deployment.

To amplify its reporting and analytics capabilities, the Bank is in the process of upgrading its Enterprise Data Platform, allowing us to handle un-structured data and real-time data ingestion for real-time alerts and messages, better visibility of the data across systems for better customer visibility and service needs as well as manage incremental data requests from Regulators.

Some key transformation themes and initiatives launched in FY2021-22:

- **Superior customer experience – New Initiatives:**

1. **IndusEasyCredit**

With this launch, the Bank was one of the first private banks to have a completely digital end-to-end journey for new clients in personal loans and credit cards. It is an end-to-end paperless, presence-less, cashless journey for new Bank clients seeking personal loans or credit cards for real-time decision making to enable approval within minutes and quick disbursement, bringing "time to yes" down to five minutes, and time to cash to less than 24 hours.

Recently, the Bank has also launched the 'EasyCredit for Business Owners' and the plan is to add more products to the IndusEasyCredit stacks on an ongoing basis.

2. UPI Pre-Paid Voucher

Amongst the first 5 banks as a part of Proof of Concept and Implementation, pre-paid voucher is a new UPI feature that enables Govt. Entities/Corporates to issue UPI-based Pre-paid vouchers (Code sent via SMS/email to end-user) that can be used at any merchant/shop enabled for acceptance. It can be issued up to INR 10,000 with a validity period of up to 1 year and facilitates a cashless solution to offer benefits without documents/KYC with controls in place. The application allows for customer authentication via OTP at the time of benefit redemption. Launched for COVID-19 vaccination benefits and potential roll-out of assistance under women and child development welfare schemes; TB eradication programmes, schemes like Ayushman Bharat, Pradhan Mantri Jan Arogya Yojana, fertiliser subsidies, Gift vouchers, etc., are popular prepaid instruments and can be leveraged on this platform; Fuel top-up vouchers are daily requirements for fleet segments and also offered by corporates to their employees, and e-RUPI vouchers can also be used for the same.

3. Single Sign-On (SSO) for Corporate Channels

It is a first-of-a-kind project where single sign-on has been implemented for external customers through complex architecture, integration and seamless migration. This was a Strategic project to change the customer interface and bring about convenience by offering a single login interface to our corporate clients who are using Connect Online and IndusDirect portals. SSO project aims at bringing a seamless experience to the client with minimal changes to be done at client experience and all experience will be completely managed by the Bank from the backend. This also helps provide one of the best customer experiences going forward and will augment channel migration to a larger extent.

4. SME Journey - Indus Direct Mobile App

Adding to the Bank's leadership in technology offerings and being one of the best in the industry, targeted specifically for the SME segment - Indus Direct Mobile app will help in engaging and garnering new businesses from this segment by offering additional products feature on the mobile app. Over a period of time, the acquisition of business will be supported by the augmented features to become a comprehensive single App connecting to both Indus Direct and Connect Online for Cash and Trade functionalities that satisfies SME customers. The application provides Secure Two Factor Authentication using Biometric (Finger Print).

5. Indus Merchant Solutions Mobile app

Indus Merchant App has been implemented to be a one-stop paperless solution for Merchants. With this initiative, we intend to combine the digital, paperless and Omni-flow experience of various payment companies with the banking features to create an all-in-one 'Merchant in a box solution' for the customer, providing benefits like Do-It-Yourself journeys for Current Account opening and merchant on-boarding, Single-view enriched dashboard for merchants in graphical form, Manage/Accept digital payments through multiple modes anytime/anywhere, Single Consolidated view of all banking relationships across deposits and loans, seamless access to EasyCredit for business owners suite of products, Account Maintenance and Service requests, Ability to fund transfer using NEFT and IMPS and also the Ability to accept payment digitally using UPI QR, Link-based, Khata & Cash.

- **New Products/Innovations with Superior Operating Efficiency**

1. **Enterprise Payment Hub**

The Project involves the integration of digital payment into a single hub for RTGS, NEFT, IMPS, NACH, AEPS and UPI applications ensuring its alignment to - RBI's Payment Vision 2019-21 and also converges into the Payments strategy of the Bank.

2. **Digital Collections Portal**

Digital Collections portal is implemented as a self-service Cloud-based platform for the Bank to manage their delinquent customers and drive digital collection. It covers the requirement to incorporate a digital customer platform for the collection repayment process. The digital solution caters to Retail Personal Loan portfolios + Credit Card. The benefits are:

- Leveraged machine learning (ML) to optimize customer engagement.
- Multi-channel communication, including SMS, Email and WhatsApp can integrate with other channels as well.
- Empathetic client communication with personalized landing page and updated credit behaviours.
- Advanced integrations can enable a frictionless self-service experience to exit risky accounts and resolve outstanding dues with superior customer experience.
- Assists delinquency reduction, portfolio management and customer financial literacy.

3. **Trade Accelerator**

The Bank's Trade Accelerator system has been designed with a vision to create a solution that will enable quick transaction processing of Inward and Outward Remittances, followed by all other Trade & Remittance products to achieve improved efficiency, cost reduction and faster turnaround times for the process and at the same time, provide enhanced visibility to operations and other stakeholders. It is a smart Intelligent Workflow tool that can help enhance Front End Client serving experience.

- **Security, Risk & Internal Efficiency Initiatives**

1. **Anti Money Laundering & Fraud Management System Upgrade**

With growing digital transaction volumes there was a need for an initiative to manage high Transactions Per Second, overcome technology obsolescence, Security vulnerability closures and regulatory compliance action items. The functional benefits include Enhanced name screening, Optimized record

maintenance without downtime, Inbox Enhancements for Branch co-ordination, STR Generation Enhancement, Pre-facto Score Based Decision support, and Online Trade Sanction Screening.

Continuing in its efforts to provide resilient environment, the Bank is in the process of modernizing its data centre (DC) with its migration on to a Hyper-scale DC comprising of Cloud pod architecture. New DC would be in line with Data center Evaluation Framework consisting of various Parameters and latest International Guidelines from IEEE.

The Bank is also in process to upgrade its core banking application suite. The new digital accelerator will facilitate higher volume growth and enable high transaction processing capability. It will also allow APIs integration for digital channels compatibility and our move towards cloud native/cloud deployment.

- **Technology Awards**

1. **Celent Model Bank Award 2022**

IndusInd Bank has won the global Celent Model Bank award under the category of Payments System Transformation - for its Enterprise Payment Hub initiative. Celent Model Bank is awarded for best practices of technology usage in different areas critical to success in banking and is the main award that a financial institution (FI) can receive from Celent. The award was granted subject to an interview and followed by a written case study which was featured on Celent Site featuring our program for payments transformation.

2. **Finacle Innovation Awards 2021**

IndusInd Bank has been the winner in the following categories - COVID Response Innovation (for the initiative - IndusEasyCredit for Individuals) and Ecosystem-led Innovation (for the initiative - Account Aggregator Framework).

3. **VMware Customer Excellence Award for Improved Customer Experience**

IndusInd Bank was the winner in the Improved Customer Experience category of the global VMware Customer Excellence Awards announced in October 2021 at VMworld.

Human Resources

The Bank has a strong human resource focus and believes in harnessing human capital to support its business ambition. The Bank always strives to create a performance-enabling culture and continues to promote entrepreneurship, innovation, compliance, and discipline as its core values.

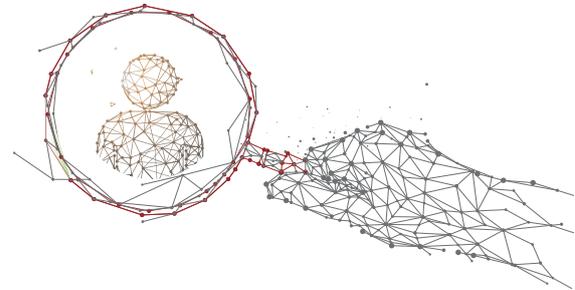

FY2021-22 was again a very challenging year for the entire nation and the global economy in particular, due to repeated waves of COVID-19 pandemic, global conflicts and ensuing economic disruptions. One of the key focus areas of the Human Resources function during the financial year was to enable employee well-being and also ensure business continuity for superior customer service.

The Bank's Human Resources function agenda is to be a strategic business partner to create an enabling culture to be the Employer of choice. The functional theme is to attract and retain quality talent, employee development, performance-linked compensation, aspirational career plans, compliance with the regulatory and statutory guidelines, and employee engagement to create a dedicated and motivated work-force.

Improved performance on business metrics, quality talent intake from the marketplace, improved diversity and inclusion quotient, and stability at strategic business leadership layers are some of the parameters that indicate the Bank is becoming a preferred career destination amongst job seekers.

Key Highlights:

- The Employee headcount of the Bank stood at 33,582 as on March 31, 2022. The Bank pursued strategic resourcing for supporting new business initiatives, hiring domain experts and expanding its footprint by hiring for new branches.
- The Bank continues to deploy diversified hiring channels such as Employee Referral Schemes, Job Portals, Consultants, Campus Hiring, and Social Media for quality hiring. Social Media (LinkedIn, Facebook) is continuously leveraged for hiring domain experts and senior leaders. Intensified hiring through Employee Referral Schemes indicates strong brand endorsement. The Bank also refined the campus into a corporate program to induct fresh blood/future leaders and provide meaningful career opportunities.
- The Bank progressed a robust Succession Planning exercise under the guidance of its Board to ensure business continuity for critical roles, facilitate a smooth and timely leadership transition and, also to identify and groom the internal talent pool to assume leadership positions on a need basis. As a part of the Succession Planning exercise, the Bank on-boarded several external/internal incumbents to assume leadership positions.
- The Bank continued to focus on building cutting-edge skills/competencies through digital learning initiatives.

The learning process emphasized on capacity building through learning roadmaps role-wise/Business Unit wise, Gamified learning programs, Mobile learning applications, Leadership development programs, Domain-specific programs (digital, risk, credit, treasury, compliance) and mandatory regulatory certifications. The learning road maps followed a well-defined learning process comprising learning need identification, dissemination of learning plan amongst the stakeholders, learning delivery through digital modes (virtual classroom sessions/e-learning), and structured learning feedback mechanism to improve learning design and efficacy.

In FY2021-22, the Bank conducted over 13,15,000 digital learning man-hours with an emphasis on leadership development, selling and negotiation skills, managerial effectiveness, customer focus and responsiveness, banking products, operational processes, credit, risk, treasury, and orientation programs.

The Bank also created awareness and conducted learning programs on aspects of Compliance, Business ethics, Business etiquette, Prevention of Sexual Harassment, Cyber security, and Risk management to enable employees to comply with the regulatory/statutory guidelines.

- Performance Management process is the backbone of the Bank's business performance. The Bank follows a robust Performance Management process which comprises KRAs/SMARTs setting linked to the business objectives of the Bank. Compliance as a goal received due emphasis and is an integral part of the SMARTs of employees.

The Annual Performance Appraisal for FY2021-22 was based on tangible achievement of performance objectives, which in turn were linked to the compensation actions. The process also focused on building a future leadership pipeline for enhancing the Bank's business growth and performance feedback conversations for addressing performance issues to enhance employee productivity.

- The Bank's strategic intent has always been to Attract, Reward and Retain critical talent and ensure compliance with the RBI Compensation guidelines.

The Bank's core Compensation philosophy is to "Pay for Performance" and Role criticality, be a competitive paymaster and offer market-linked performance-based compensation, build long-term employee ownership through ESOPs, be risk conscious and dissuade excessive risk taking for short-term results. In line with its compensation philosophy, the Bank undertook a salary revision exercise in FY2021-22 across junior and middle management levels to build internal and external compensation parity.

Market-linked compensation, ESOPs, Long Term Incentive Plans (LTIPs), and Differential Bonuses are the drivers for retaining critical talent. Apart from these, the Bank also focuses on Job Enhancement, Accelerated Career Paths as Continuum programs, Work-life Balance, Job Rotations, Empowerment and Autonomy as other retention drivers.

- The Bank believes in Employee Connect and bonds with its employees through various employee engagement initiatives. Quarterly Webcasts by the MD & CEO helped to communicate the Bank's business direction and performance and emphasised core values of compliance, integrity and discipline. The Bank has also launched We Connect, Let's Connect and Coffee Connect initiatives to understand and resolve employee issues, and facilitate employee retention and development.

The Bank also celebrates occasions such as International Women's Day, regional festivals, promoted sports events, etc., across locations and acknowledges long-term employee association with the Bank through service awards.

The Bank continued to battle the COVID-19 pandemic in FY2021-22. The entire focus was on protecting its employees and customers through the Issuance of Comprehensive COVID-19 Guidelines, Work from Home Advisory, Virtual Branch Visits, Adherence to Government guidelines, etc.

The Bank also launched several schemes to support employees during the pandemic such as an Employee Welfare Fund to support families of deceased employees, free double-dose Vaccinations, subsidised Two-Wheeler loans, a Top-up option under Group Medclaim schemes, economic assistance to affected employees, etc.

- Digitisation will be the ongoing theme to continuously improve the Employee Lifecycle processes. The Bank launched several initiatives such as a Digital On-boarding platform, an Internet-based on-boarding process, an Online Staff Account Opening, a Career Platform, a New Learning Management System platform, Mobile App based Employee Lifecycle Process, and Mobile-based Learning Application.

All the Employee Lifecycle HR processes were managed seamlessly within the stipulated TATs. Online Employee experience surveys launched by the Bank further helped to gather real-time employee feedback and ensure remedial actions.

The Bank passionately pursues "Discipline and Compliance" as its core values and encourages employees to abide by the Bank's Code of Conduct and be compliant with the regulatory/statutory requirements.

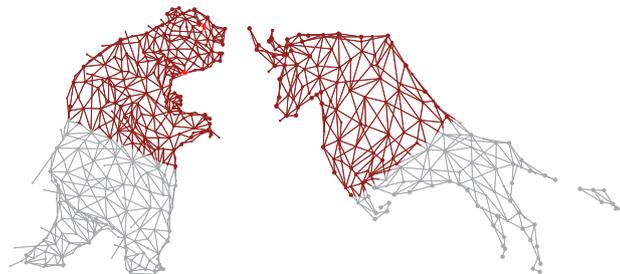

Employees Stock Option Scheme

On September 25, 2020, the shareholders of the Bank approved the IndusInd Bank Employee Stock Option Scheme 2020 (ESOS 2020), which comprehensively replaced the erstwhile Employee Stock Option Scheme 2007 (ESOS 2007) that was approved by the shareholders earlier on September 18, 2007. The ESOS 2020 enables the Board and the Compensation Committee to grant a number of stock options of the Bank not exceeding 7% of the aggregate number of paid-up equity shares of the Bank, in line with the guidelines issued by the SEBI. The options vest at one time or at various points of time as stipulated in the Award Confirmation issued by the Compensation Committee, and there shall be a minimum period of one year between the grant of option and vesting of the option. The unvested options shall expire by such period as stipulated in the Award Confirmation or five years from the grant of options whichever is earlier, or such further or another period as the Compensation Committee may determine. The exercise price for each grant is decided by the Compensation Committee, which is normally based on the latest available closing price and shall not be lower than the face value of the shares. Upon vesting, the options have to be exercised within a maximum period of five years or such period as may be determined by the Compensation Committee from time to time. The stock options are equity-settled where the employees will receive one equity share per stock option.

Pursuant to a Composite Scheme of Arrangement with the erstwhile Bharat Financial Inclusion Limited, the shareholders of the Bank approved the IBL Special Incentive ESOS for BFIL Merger 2018 (ESOS 2018) on December 11, 2018.

ESOS 2018 was approved with a pool of 57,50,000 Options which are equity settled. Around 50% of the options vest over a period of three years from the grant date and the remaining options vest over a period of three years from the first anniversary of the grant date. Upon vesting, the options have to be exercised within a maximum period of five years.

Risk Management

Management of risks inherent in the Banking business effectively and proactively is critical to sustainable growth. Banking is exposed to a wide range of risks and such risks must be measured precisely, monitored on an ongoing basis and managed effectively. A robust Enterprise-wide Risk Management (ERM) framework enables precise measurement of respective risks, effective and proactive management of various risks while supporting business growth. ERM framework helps to maintain earnings quality and stability while aligning risk appetites with business strategies.

The Bank has an integrated Risk Management Department, independent of business functions, covering Credit Risk, Market Risk, Assets-Liabilities Management (ALM), Operational Risk Management and Business Continuity Management (BCM). Risk Management practices in the Bank have been aligned with the best industry practices and are adaptable to a dynamic operating environment and market conditions.

Credit Risk Management

Credit Risk is managed both at the transactions level as well as at the portfolio level.

The key objective of Credit Risk Management is to maintain credit quality within the defined risk appetite while achieving appropriate returns in relation to risks assumed. Various measures adopted for the management of Credit Risk are mentioned here under:

- Credit Risk policies are aligned with business strategies with defined risk appetite. The policies are maintained in alignment with changes in RBI guidelines and economic environment;
- Credit Risk at the time of credit assessment is gauged by means of risk-rating models, implemented for different business segments;

- Credit Portfolio Management Analysis monitors credit quality, the composition of portfolios, concentration risk, yield v/s risk and business growth;
- Measurement and monitoring of credit quality regularly by means of Weighted Average Credit Rating (WACR) of the credit portfolio;
- Prudential internal exposure limits prescribed for assuming exposures on counterparties (linked to the internal rating of borrowers), industries, sectors, etc.;
- Measurement of the credit quality of Vehicle Finance portfolios by means of Behaviour Models;
- Sector reviews are carried out to assess and evaluate potential risks and stress within such sectors for analysing the impact of stress on portfolio health and taking proactive actions to mitigate such risks;
- Management of exposures to counterparty banks and the countries by setting exposure limits basis their risk profiles and monitoring such exposures regularly;
- Stress Testing of Credit Portfolios is carried out periodically to measure the shock-absorbing capacity under multiple stressed scenarios and assessment of the impact of potential credit losses on profitability and capital adequacy, thus enabling initiation of appropriate risk mitigation measures;
- Early Warning Signals (EWS) system implementation for tracking risks and alerts in borrower's accounts as a post disbursement monitoring mechanism;
- Credit Quality Assurance, which is independent of business and credit, for tracking post disbursement weaknesses developing in the account for initiating corrective measures in time.

Further, the Bank is working on the Modernisation of SAS Platform which supports the computation of Credit Risk Capital charge to manage regulatory evolution and high-volume growth within optimal processing timeframes.

Despite the challenging environment posed by the pandemic impact, the Bank has maintained the asset quality of its portfolio, with its NPA being one of the lowest in the industry. The Bank has been proactively assessing the impact of COVID-19 on its asset quality, profitability and capital adequacy. Such an assessment facilitated the Bank in making a strong provision buffer and managing risks in a better manner. During the year, the Weighted Average Credit

Rating (WACR) of the Credit Portfolio has remained stable. The Bank has always strived towards maintaining a balanced mix of Corporate: Retail loan books.

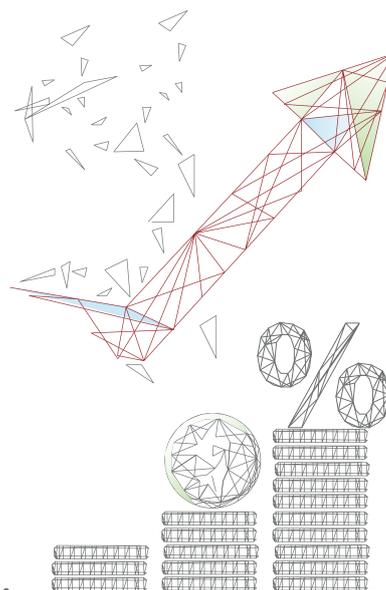

The Bank has been introducing a wider range of retail products and their variants, to have a larger share of the wallet and to meet customers' needs. Such products are governed by structured product programmes specific to the business, which details the criteria for customer selection and underwriting standards.

Market Risk Management

Market Risk is the possibility of loss to the Bank caused by changes in market variables, such as interest rates, exchange rates, equity prices and risk-related factors such as market volatilities.

The Bank manages market risk in trading portfolios through a robust Market Risk Management Framework prescribed in its Market Risk Management Policy.

The Bank has implemented a state-of-the-art Market Risk Management System (SAS) complemented with the Treasury system "Calypso", which supports the monitoring of risk parameters and risk sensitivities including computation of Market Risk capital charge. The Market Risk Management system supports advanced risk measurement functionalities for the proactive management of risks. The system supports monitoring of Value-at-Risk (VaR) limits, Risk Sensitivity limits such as PV01 and Greeks for Forex, Investments, Equity and Derivatives portfolios, besides Stop-Loss limits, Exposure limits, Deal-size limits, etc. Valuation of all portfolios are undertaken daily, and the risk sensitivities are monitored on a daily basis.

Asset-Liability Management

The Bank's Asset-Liability Management (ALM) system supports effective management of liquidity risk and interest rate risk, covering all assets and liabilities.

- **Liquidity Risk** is managed through Liquidity Coverage Ratio (LCR), Structural Liquidity Gaps, Liquidity Simulation, Dynamic Liquidity monitoring, Net Stable Funding Ratio, Liquidity Ratio analysis, Behavioural Analysis of liabilities and assets using advanced measurement measures. Risk values, mismatches under various time buckets and liquidity ratios are monitored against regulatory and prudential limits prescribed under the Asset and Liability Management Policy.
- **Interest Rate Sensitivity** is monitored through prudential limits for Rate Sensitive Gaps, Earning at Risk, Modified Duration of Equity and other risk parameters.
- **Interest Rate Risk** on Trading Portfolios is monitored through Market Risk Measurement tools such as VaR, PV01 and other Risk Sensitivities on a daily basis. Optimum risk is assumed through the Market Risk Measurement parameters, to balance between risk containment and profit generation from market movements.

Detailed analysis of liquidity position, interest rate risks, product mix, business growth versus budgets, interest rate outlook, etc., is presented to Asset-Liability Management Committee (ALCO) which meets frequently and deliberates on liquidity position and interest rate risk and reviews business strategies.

ALCO provides directional guidance to Business Units towards effective management of liquidity position while achieving business goals. The Bank assesses its structural liquidity position, Liquidity Coverage Ratio (LCR), and Liquidity measures, on a daily basis for managing liquidity in a cost-effective manner.

Stress Testing – Liquidity Risk

The Bank carries out stress tests on liquidity position periodically, to assess the impact of stressed liquidity scenarios on funding and liquidity position. Periodic Stress tests help to be better equipped to meet stressed situations and have contingency funding plans in place.

The Bank regularly conducts stress tests to assess the potential impact of COVID-19 on the liquidity position of the Bank under stress scenarios, assumed with varying severity. Results of such stress tests are presented to ALCO and discussed, and the Committee provides guidance/direction for pro-active management.

Contingency Funding Plan

The Bank has put in place Contingency Funding Plan (CFP) to respond swiftly to any anticipated or actual stressed market conditions. The Contingency Funding Plan is reviewed periodically.

The Bank reviews its contingency plans considering evolving market conditions. Contingency Funding Plan covers monitoring of internal as well as external contingency triggers, categorised into Yellow, Amber and Red. The CFP mentions the available sources of funds to supplement cash flow gaps in the event of stressed scenarios. CFP prescribes the conditions basis contingency triggers for assessment of liquidity position and invocation of contingency plan, if deemed appropriate.

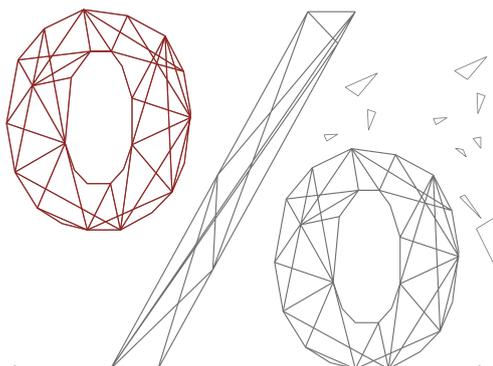

Roles and responsibilities of the Contingency Management Group constituted under the CFP have been defined to facilitate the effective execution of contingency plans in the event of invocation of a contingency plan. The Bank carries out CFP testing to assess the effectiveness of the plan.

Interest Rate Risk on Banking Book

Interest Rate Risk on Banking Book (IRRBB) largely arises on account of (i) Re-pricing Risk; (ii) Optionality; (iii) Basis Risk; and (iv) Yield Curve Risk.

From an economic value perspective, it is the Bank's policy to minimise sensitivity to changes in interest rates on assets and liabilities. Interest Rate Risk is measured based on the re-pricing behaviour of each item under asset, liability and off Balance Sheet products. The Bank's Assets and Liabilities Management Policy have laid down tolerance limits based on the risk appetite and the impact on NII and the Economic Value of Equity (EVE) for a given change in Interest Rate.

The Bank has put in place the necessary framework to measure and monitor Interest Rate Risk on Banking Book using the Duration Gap Approach as well as the Traditional Gap Approach.

Operational Risk Management

Operational Risk is the risk of loss resulting from inadequate or failed internal processes, people, systems or external events. The Operational Risk Management Policy documents the Bank's approach towards management of Operational Risk and defines the roles and responsibilities of various stakeholders within the Bank. The Bank has put in place several operational risk measurement and monitoring frameworks for the management of Operational Risk. Besides the above, the Operational Risk Management framework effectively manages operational risk through several internal committees, viz., Operational Risk Management Committee (ORMC), Fraud Risk Management Committee and BCM Steering Committee.

With the objective to reinforce the Operational Risk Management Framework in the Bank, an Enterprise Governance Risk and Compliance (EGRC) system has been implemented. This system has the following key components:

- **Incident Management Module** enables reporting and management of incidents (i.e., operational risks and fraud incidents), Root Cause Analysis (RCA), internal escalations, action plans, resolutions, etc., which helps appropriate actions towards mitigation of such risks.
- **Issue and Action Module** enables tracking and monitoring issues emanating from Root Cause Analysis, Risk Assessment, Actionables relating to various operational risk issues, products/processes approvals, etc.
- **Key Risk Indicator (KRI) Module** enables reporting, monitoring, tracking, trend analysis of Key Risk Indicators. It has been designed to generate periodic reports for respective units and provide the KRIs to Function-Heads, Department-Heads, and Business-Heads for necessary actions towards mitigation of such identified risks.

- **Risk and Control Self-Assessment (RCSA) module** provides a single platform enabling identification of operational risks, recording of such risks, assessment of residual risks and effectiveness/adequacy of corresponding controls, etc. RCSA module shall progressively reinforce the assessment of operational risks and their mitigation. Status of operational risks, associated controls, Heat Map and Risk Index are generated by the system for concerned stakeholders (Operation Heads, Department Heads, Business Heads) to take appropriate action towards risk mitigation.

Operational Risk Assessment Process (ORAP) Framework

The Bank assesses new Products and Processes under the Operational Risk Assessment Process (ORAP) Framework. ORAP system has been implemented to reinforce the identification of risks associated with new products/processes and assign necessary controls before the launch of the products.

Operational Risk Stress Testing Framework

In order to strengthen the existing Operational Risk Framework and make it more forward-looking and assess resilience under stressed scenarios, the Bank has created an Operational Risk Stress Testing Framework covering different operational risk scenarios. Stress tests are carried out to gauge the impact of stressed events on the Profitability and Capital Adequacy of the Bank.

As per RBI guidelines, the Bank has been following Basic Indicator Approach for the computation of capital charges for Operational Risk.

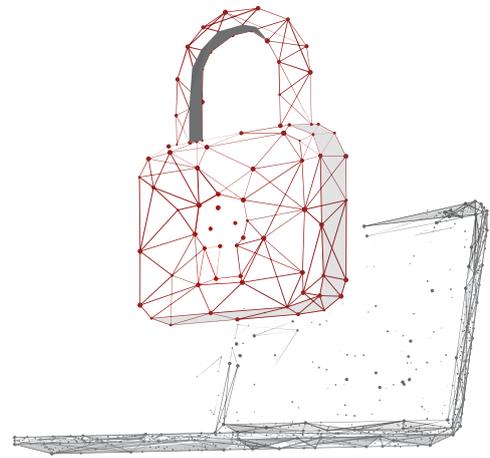

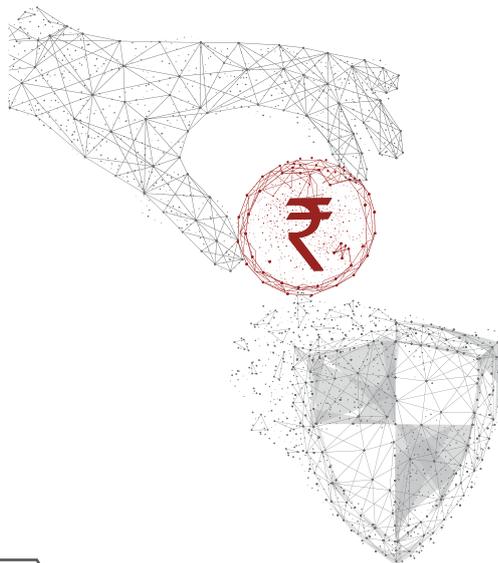

Systems Risk

The Bank deploys the best Information Security capabilities, where it continuously strives for excellence in the respective areas of tools and practices which the Bank is using to protect its IT infrastructure and information.

The Bank has adopted the ITIL framework and ISO/IEC27001 standards. These are globally accepted and proven standards which provide best practices and tools for monitoring and managing IT activities. It enables clear policy development and good IT practice. This has helped the Bank to manage IT-related risks and ensure compliance, business continuity, security and privacy. Bank's Data-Centres, IT and Support functions are ISO 27001:2013 certified.

The Bank has a Board-approved Information Security Policy and Cyber Security Policy. The Bank has a Board-approved Cyber Crisis Management Plan in place. These guide the Bank in mitigating the risks from Cyber Security incidents by providing complete coverage for response to various cyber security incidents, effectively and efficiently. This establishes the Cyber Security resilience vision of the Bank. The framework and processes help consistent approaches during various stages of detection, identification, containment, eradication, and recovery from specific Cyber Security incidents.

The Information Security Department identifies risks, vulnerabilities and solutions, securing critical information and enforcement activities related to Information & Cyber Security. Various other departments, divisions and groups of the Bank assist in the implementation of Information & Cyber Security practices.

IndusInd Bank has a robust and resilient IT network infrastructure comprising servers with a guaranteed 99.98% uptime. IndusInd Bank has a DR site and connectivity of 1Gbps between DC and DR Centre. This enables IndusInd Bank to handle a huge volume of transactions.

IndusInd Bank and its branches within India and across the globe are very highly dependent on Information and Communication Technology (ICT) to deliver various services to its customers, members, corporates, governments, etc.

IndusInd Bank has ISO 27001:2013 certified captive Security Operations Centre (SOC), which works on a 24x7x365 basis to ensure IndusInd Bank's capability to detect and respond to cyber security threats. The SOC monitors all security incidents that occur in the IndusInd Bank infrastructure and correlate events, identifies threats and supports incident response in real-time.

The Bank's security services partner provides the services through a combination of onsite and offsite resources. The Bank has invested in a leading SIEM solution, Anti-phishing, Anti-malware, and DDoS protection services are also being delivered. Alerts are monitored and responded to by the remote security team on a 24x7 basis. Qualified security events or series of events that contribute to a successful attack or breach which causes significant disruption of business operations and/or breach of information/data are logged as security incidents.

The Bank has also tied with external experts for Cyber Security Incident Response Management. The Incident Response Plan defines major categories of incidents and incident handling procedures. In case of a critical cyber security incident, external experts are having retainers' arrangements for assisting the Bank, and for bringing in crucial expertise during the incident response. The Bank has Cyber Security incident insurance in place.

Insider Threats/Internal Frauds are mitigated and monitored through various channels like the Surveillance Unit, etc. The Bank communicates awareness messages and tips through various digital channels, e-learning, classroom training and workshops. The program is aimed at raising awareness around cyber frauds, safe use of the internet and online banking, recognising and avoiding phishing/vishing attempts, tips for safe use of credit/debit cards, and protection from malware and malicious websites, et al. The awareness program addresses internal users, customers and partners.

From a technology perspective, the Bank has taken several measures to detect and protect against such threats in a timely manner. The Bank has subscribed to services to detect any Rogue mobile application and phishing site detection of the Bank and for the phishing sites. On confirmation by the Bank about a suspected app/site to be unauthorised, the takedown is immediately initiated.

The Bank has also subscribed to DDoS protection services from its ISPs. Additionally, the Web Application Firewall protects against application-level DOS attacks. The Bank has taken a special initiative for feeds from the Dark Web through Threat Intelligence Services.

The Bank has a detailed and periodic Disaster Recovery Strategy to protect from loss or damage due to unforeseen events, e.g., ransomware, natural disasters, or single points of failure. The Bank has implemented a Disaster Recovery Strategy to recover information, restore systems, and resume operations. These strategies are a part of the Business Continuity Management (BCM) plan, designed to enable and maintain operations with minimal downtime.

The Bank has a defined Vulnerability Management Plan which is used to reduce inherent risks in an application or system. The idea behind this practice is to discover and patch vulnerabilities before issues are exposed or exploited. The Vulnerability Management Plan practices rely on testing, auditing, and scanning to detect issues.

The Bank is deploying threat hunting capabilities, which involves validating certain hypotheses for emerging threat scenarios.

The Bank deploys a variety of tools for fine-grained authentication and authorisations to restrict unauthorised users from accessing private information. These measures help the Bank to prevent harm related to information theft, modification, or loss.

The Bank is using Cloud for services and has similar protections to application and infrastructure security but is more focused on cloud or cloud-connected components and

information. The Bank's Cloud security adds extra protections and tools to focus on the vulnerabilities that may come from Internet-facing services and shared environments, such as public clouds.

With the advent of IT service management at the Bank, the Bank was to plan, design, implement, operate, support and improve IT services and align them with the business needs. This helps to map the processes with the right process owners and right process champions, functions with clear roles and responsibilities.

These various capabilities ensure that the Bank is deploying a safe and secure banking experience to the customers and hence trust in the digital properties of the Bank.

Business Continuity Management

The Bank has implemented Business Continuity Policy (BCP), wherein critical processes and other enablers have been identified and appropriate recovery plans have been put in place for such critical processes to ensure timely recovery of the Bank's critical operations and services in the event of a crisis.

BCP Framework ensures continuity of critical processes to extend essential services to the customers. Regular mock tests are carried out to ascertain BCP preparedness. With the implementation of the EGRC system, key components of BCP such as Business Impact Analysis (BIA), BCP Recovery Plan, BCP Testing, and BCP Risk Assessment, are monitored through the system, which reinforces effective monitoring and management of Business Continuity.

EGRC

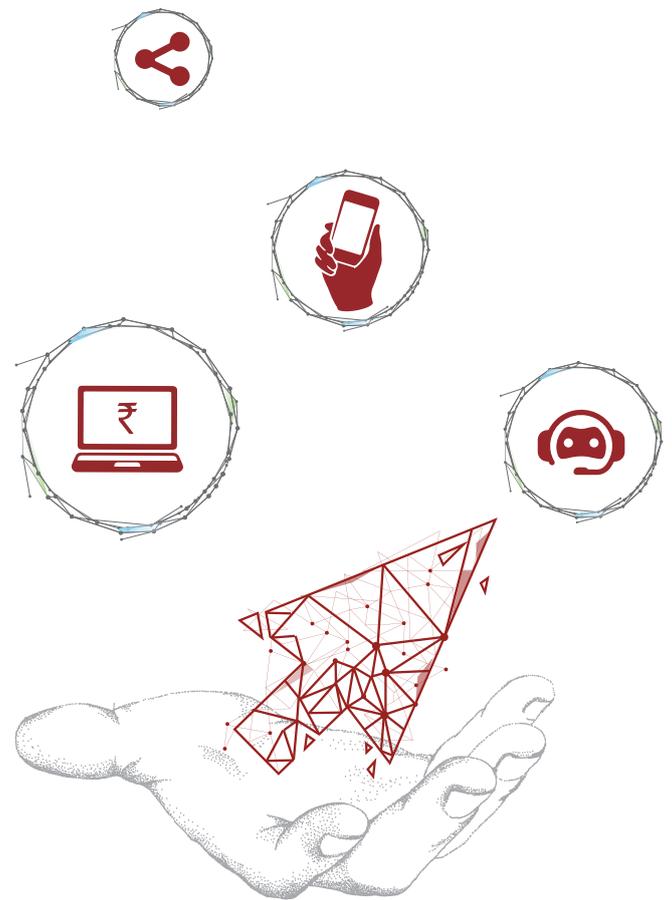

BCP - Coping with COVID-19

Anticipating the disruption due to the spread of COVID-19, the BCM Steering Committee of the Bank regularly reviewed the readiness of critical functions; decisions were taken and implemented swiftly to minimise disruption and provide critical banking services to customers. A Quick Response Team (QRT) has been constituted to handle the COVID-19 situations. Safeguarding the health and safety of officials and customers of the Bank has been accorded the top-most priority. Guidelines issued by the Central Government, State Governments and local law enforcement authorities have been adhered to. The Work-From-Home (WFH) strategy has been implemented. Resourcing was reviewed by Department Heads and teams carrying out similar processes were bifurcated into teams that will alternatively work from the office. Despite serious constraints due to the complete stoppage of public transport and imposition of curfew rules, the required minimum attendance was ensured at most of the Bank's branches and centralised operations.

Health of Employee and Customer Safety

All officials at offices/branches observed COVID-19 protocols, usage of Masks, Sanitisers, Thermal Scanners, etc. Critical Banking Services, namely – Cash, Remittances, Clearing and Government business-related services were provided to customers. Around 90% of the branches and ATMs were kept operational on most days. Branches/Offices were sanitised on reporting of suspicious/confirmed COVID-19 positive cases. As a proactive measure, a large number of branches, offices and currency chests were sanitised. Suspected officials were advised to self-isolate, branches were sanitised and then only operations were resumed.

SOPs were issued with procedures to resume full-fledged operations post lockdown, ensuring the safety of employees at all establishments. Biometric devices were disabled for recording attendance at offices. Guidelines were issued to cover aspects like personal hygiene, handling of suspected cases, isolation and treatment, prevention of the spread of COVID-19, and self-reporting.

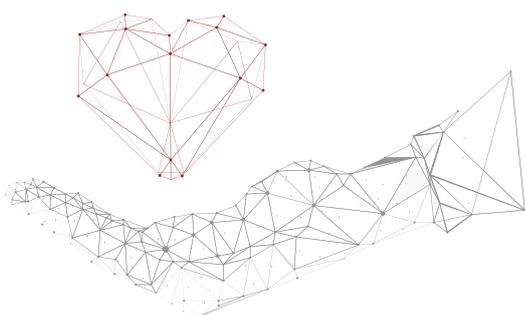

IT Initiatives

Access to critical systems was provided to key officials through VPN. Proactive DR Drills for critical IT applications were carried out to ascertain the level of readiness and address the gaps if any. A 24x7 rigorous monitoring of network traffic was ensured by the IT team. Specific do's and don'ts to avoid cyber fraud, particularly under the Work-From-Home (WFH) arrangement, were reiterated through frequent communications to all employees.

Customer-Centric Initiatives

Digital Channels namely, Mobile Banking, Internet Banking, and Chatbots were widely promoted through newspaper advertisements and social media campaigns. Posters, Standees, and POP displaying awareness about COVID-19 were arranged for branches /offices. Awareness Videos about COVID-19 were widely released through branches and offices.

Marketing and Communications

IndusInd Bank has been a pioneer in undertaking initiatives that have redefined the banking landscape. Over the last 28 years, the Bank has constantly leveraged the latest technology to offer customers innovative banking solutions through multiple touch points, thereby making them a 'priority' in whatever we do. We have pushed the envelope, and have come together as a team to establish a strong 'universal' banking model, and consolidate our position as one of India's leading financial services brands. The Bank's Marketing & Communications strategy has always been aligned with this vision, wherein campaigns have been designed to understand stakeholders' interests and engage with them in their world.

Indus Merchant Solutions

One of the key initiatives to go-to-market, this year, was Indus Merchant Solutions (IMS), an all-in-one app designed exclusively for merchants and retailers across segments, which caters to their banking, payments and loan-related needs. In order to create a distinctive look for the campaign and to create a cut-through for the segment, noted film and theatre actor, **Mr. Paresh Rawal** was roped in as a celebrity face for the IMS launch campaign. The campaign had both digital and print legs to it. Long-format videos, along with shorter edits were developed, which focused on all the critical features of the proposition. Print ads were developed with Mr. Rawal posing as an advocate for the App. The features highlighted in the campaign included:

- All in one App - for banking, loan and payment needs
- Pre-approved loans - instant, and without any security
- One-stop payment solution with POS, QR code and PayByLink
- Paperless account opening
- Auto-settlement of payments
- Digital ledger for managing credit ledger conveniently

The strategically planned campaign, covered print (national and vernacular dailies), digital and other offline media to create an optimum impact amongst the target group. The print campaign covered 19 select cities. Full-page jacket ads were published in The Times of India and The Economic Times, along with follow-up vernacular quarter-page ads in 6 key languages.

Digital media played a pivotal role in the campaign. Two long format films were released on YouTube and social media platforms, like Facebook, Instagram, Twitter and LinkedIn, along with shorter edits. The videos garnered **20 million** views over the period of the campaign. Marquee outdoor sites at Metro Stations were identified, and an attribute centric communication plan, featuring Mr. Paresh Rawal, was deployed to create appropriate recall-value.

Paralympics Campaign

IndusInd Bank, in partnership with GoSports Foundation – a Bengaluru based NGO, that supports **43 para-athletes** across 7 disciplines from 14 states across the country. Around **21** of the total supported para-athletes represented the country at the 2020 Summer Paralympic Games in Tokyo, comprising **nearly 40%** of the overall Indian contingent that competed across disciplines such as Javelin Throw, Shooting, Swimming, Archery, Badminton, High Jump and more. With a view to commemorate the qualifications, IndusInd Bank launched a brand campaign titled - '**phirse #JeetKaHalla**', which spoke about the rigour of the preparation undertaken by its para-athletes. As part of the campaign, the Bank also unveiled a heartwarming and inspiring '**Anthem**' that showcases the grit and determination of these athletes. The Bank gave this initiative a wider reach, by embarking on a comprehensive **digital media** campaign that created the right impact and mobilized the momentum of seeking encouragement for these athletes.

- The Bank published two full page ads across all editions of The Times of India and The Economic Times. Both ads were front-page jackets that got published **across 33 cities**.
- The film - Phirse #JeetKahalla, which was shared through the Bank's social media handles garnered, **over 30 million** views across platforms, including Facebook, Twitter, LinkedIn, Instagram and YouTube.
- The Bank unveiled a new website for the 'Indus For Sports' vertical, which received **over 2 lakh** hits during the Paralympics campaign.
- The campaign also witnessed **630** social media influencers tweeting about the Bank's association with para-sports.
- Total impressions, which primarily pertains to the number of people who saw our digital assets of the campaign, like the banners, and the film across platforms, was **over 80 million**.

Digital-first campaign with Sara Ali Khan

A digital-first campaign with noted film actor, **Ms. Sara Ali Khan** was launched in FY2021-22. The campaign showcased the Bank's robust suite of offerings, attractive interest rates, digital banking platforms, and much more. Four short format videos were released on the Bank's social media platforms - YouTube, Facebook, Instagram, LinkedIn and Twitter. The videos, which were created to develop awareness about the Bank's 'Auto Sweep' facility, high-interest rates, attractive offers on IndusInd Bank Debit & Credit Cards, online savings account, Video-KYC facility, and cyber security, garnered **over 2 million** views across social media platforms. A full-page jacket ad was released across the country in The Times of India and The Economic Times under the theme – 'Ultimate Savings Account'. The ad showcased the diverse set of useful features of an IndusInd Bank Savings account, which makes it one of the most attractive savings bank account in the market. The ad also showcased the 'FE Best Savings Product Award' that the Bank recently won.

Club Vistara IndusInd Bank Explorer Credit Card

The Club Vistara IndusInd Bank Explorer Credit Card is a new addition to the IndusInd Bank Asset family. The Credit Card was launched in collaboration with Vistara Airlines and was positioned to attract travel enthusiasts by making them relish the luxury of best-in-class privileges that both IndusInd Bank as well as Club Vistara have on offer. The Club Vistara IndusInd Bank Explorer Credit Card offers customers up to 5 Complimentary Business Class Ticket Vouchers on milestone spending every year, Zero Foreign Currency Mark-up on all international spends, and up to 8 Club Vistara Points for every ₹200 spent. To fly this precious card into the hands of its users, we did a 360-degree marketing and advertising campaign. We launched the card with a beautiful and informative digital film which was supported by various posts on our social media handles. We also got an entire front page print ad published in The Times of India and The Economic Times, along with ATM screens and posters, transslides, as well as kiosks at airports and metro stations.

IndusInd Bank Platinum Aura Edge Credit Card (For Govt. Employees)

The Platinum Aura Edge Credit Card is a new endeavour of the Bank that was exclusively launched for Government Employees. With this card, we wanted Government Employees to enjoy the benefits of an extraordinary life, wherein everything on offer is extra – savings, perks and rewards. The Platinum Aura Edge Credit Card offers a host of benefits that include 1% cashback on all retail spends, 1 assured BookMyShow ticket of up to ₹200 every 6 months in a calendar year, a reduced interest rate of 2.99% per month, a waiver of fuel & railway surcharge, reduced Interest rate of 1.1% per month with no processing fee on converting transactions & balances into EMI and zero-cash advance fees. Considering its target audience, we promoted the Platinum Aura Edge Credit Card through digital emailers that were specifically targeted at Government employees. This gave us visibility across 10 government organisations on the launch date itself. We also spread the message through emailers, WhatsApp messages for branches and DSA channels. Constant communication posts were put up on our social media handles to engage with relevant customers, which helped us generate over **450** leads in a span of 15 days.

Retail Assets Campaigns

Retail Asset products were one of our major focus areas for this year. We did social media campaigns comprising various videos and posts for all the products which were further supported by knowledge emailers, product USP emailers, and WhatsApp messages targeting the customers/sales team/DSAs and branches.

Indus Moments

Indus Moments, which started as a reward redemption website, has now grown into a full-fledged portal that offers discounts, offers, vouchers, flight bookings, and more. Apart from this, it also hosts an online concierge programme that offers various value-added services to our customers at their

fingertips. Time and again, various updates and integrations were made to keep this platform relevant to customers by providing a seamless and interactive platform. Several big

and new brand-related offers have been updated on a regular basis, which has resulted in a steady increase in visitor traffic to the portal. Currently, the website has over **1,30,000** unique visitors every month.

NRI Homecoming

With a dip in COVID-19 cases across the country, and travel restrictions being lifted gradually, NRIs were expected to plan their much-awaited visit to India to meet friends and family. In a bid to capitalize on this opportunity, and grow our NRI Savings and Fixed Deposit book significantly by ramping up NRI NTB Acquisition and engaging with existing NRI customers, the NRI Home Coming Campaign was launched in November 2021. For each NRI customer on-boarded, during the period of the activity, the Bank contributed towards providing aid to underprivileged children through a reputed NGO, Akshaya Patra Foundation. In addition to this, complimentary heritage walks were organised for both existing and new NRI Clients. The itinerary covered 10 cities over 2 months. Our marketing efforts included a large-scale radio campaign, which commenced on December 21 across key NR markets, viz. Delhi, Mumbai, Chennai, Hyderabad, Chandigarh, Bengaluru, Ahmedabad, Vadodara, Trivandrum, Jalandhar, Kochi, Kozhikode and Pune. Marquee outdoor sites were taken for the campaign at airports in Chandigarh, Bengaluru, Mumbai and Bhubaneswar; Metro stations at New Delhi's Okhla, Noida and Mumbai's Chakala carried the campaign communication too, along with other collaterals and D2C communication that were developed.

FD Radio Campaigns

IndusInd Bank executed a strategically planned radio campaign on the Bank's Fixed Deposit proposition, which was aired in 5 languages, viz. Hindi, Bengali, Tamil, Telugu and Kannada. The radio campaign was aired across 16 markets. The key idea behind the campaign was to communicate best-in-class FD interest rates and attractive Savings Account interest rates to the audience. Other than standard radio spots, the campaign also used multiple RJ mentions and sponsorship tags.

Customer Awareness Initiatives

The Bank continued to educate customers about its digital banking platforms and offerings. The Bank continued to amplify the theme ‘Invested in your best Interest’ on social media. The campaign focused on promoting the Bank’s online savings account, its robust features, and best-in-class interest rates. The communication also focused on educating customers about cyber security and banking safely.

Branding & Naming Rights of OKHLA NSIC Metro Station

To further strengthen the brand’s presence in one of the key markets for the Bank, a large-scale marquee property was identified in the heart of New Delhi - OHKLA NSIC Metro Station. Located on the Outer Ring Road, this is one of the busiest metro stations in South Delhi. The station is close to one of the main Industrial and manufacturing hubs and is in the same vicinity as some major commercial complexes, hospitals and popular temples. The Bank acquired the complete naming and branding rights of the Station. The property boasts of a larger-than-life façade and has abundant real estate available for branding, both inside and outside the station.

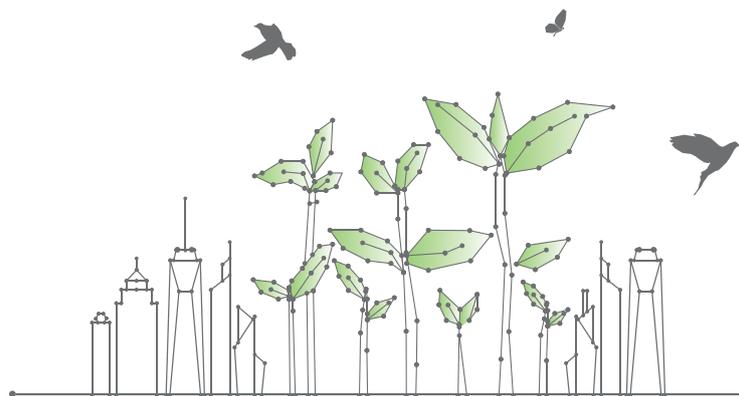

Alliances and Tie-ups

In order to give something extra to customers, the Bank forged some strategic alliances with an intent to boost the imagery and catalyse the usage of cards. We were able to get special partners on board to engage with our customers and offer lucrative deals. These partnerships were done with marquee brands, across categories including Travel, Lifestyle, Food & Beverage, Health & Wellness and more.

Beyond Banking

The Bank is committed to running its business in a way that generates sustainable value for its customers, clients, shareholders and employees. The Bank also recognises that since its sphere of activity and influence extends beyond the boundaries of the financial system, it needs to work through various initiatives for social upliftment and environmental conservation. Placed below, are a slew of initiatives, which have spearheaded the Bank’s efforts beyond the banking domain. The Marketing & Communications team has crafted customised messages for each of them to create awareness among all the stakeholders of the Bank.

'Ebar Pujo, Sobar Pujo'

IndusInd Bank organised its 4th edition of the 'Ebar Pujo Sobar Pujo' initiative in partnership with 'Rotary Club of Calcutta Magnum' and 'Rotaract Club of Contemporary Kolkatans' & Heritage Global Bengal to commemorate the auspicious festival of Durga Puja. During this event, 30 branches of IndusInd Bank, across 9 cities, initiated a drive of collecting new clothes for children from clients, as well as apartments located in the vicinity of the branches. The branches collected **over 1,500** new clothes that were donated to an orphanage for children. The giveaway ceremony was graced by Mr. Nick Low, British Deputy High Commissioner and his wife who were the Chief Guests, along with other distinguished dignitaries.

Initiatives on Mother's Day & World Environment Day

On the occasion of Mother's Day, the Bank launched an initiative titled, 'Touch of Imagination' targeting children. The initiative featured creative work on art, craft and essay-writing that were done by over **21,000** children at over **600** branches. All the participants were awarded participation certificates. On the occasion of World Environment Day, workshops, quizzes and art competitions were organised with a focus on re-building the environment. Tie-ups with radio channels with RJ influencer campaigns were done to promote it on air. More than **37,000** children participated in this campaign across **725** branches.

Commemorating Days of National and International Importance Through Communication

Communicating both internally and externally about the Bank's initiatives under CSR & Sustainability is important for brand building. Over the last one year, the Bank commemorated days of National and International importance by creating short videos and spread the word through its social media assets, and employee-based emailers. This was done for significant days like – 'World Youth Skills Day', 'National Teacher's Day', 'World Heart Day', 'World Cancer Day', 'International Women's Day' and 'World Water Day'. Cumulatively, these videos have generated nearly **10 lakh** views across social media.

Festival of Hope

On the auspicious occasion of Ganesh Chaturthi, IndusInd Bank organised the 'Festival of Hope' across Mumbai. In collaboration with Family Service Centre, a Mumbai-based NGO, the Bank commemorated the onset of the festive season by presenting new clothes, books and toys to over **100 underprivileged** children.

Webinars

Webinars were organised on the occasion of International Yoga Day and Father's Day. Digital Workshops were conducted, which emphasised on the need to reduce screen time for children as well as health & nutrition, wellness, art therapy, Origami and t-shirt painting, meditation and mindfulness. These sessions witnessed active participation from our clients.

Activities to Reinforce Brand Image

The Bank has always extended support to the field of art, music, sports and the environment through various kinds of sponsorships. To begin with, the Bank collaborated with the Sanctuary Nature Foundation to organise their Annual Sanctuary Wildlife and Photography Awards that recognise individuals working for the conservation of wildlife and natural habitats in India. The Bank has also made some rather fine investments in the field of Fine Arts and has been associated with 'Art for Concern' by Secure Giving Foundation, a charitable exhibition-cum-sale event that helps the Bank achieve dual purposes of promoting art, and helping the underprivileged. Other notable associations undertaken by the Bank during the year, include Isha Utsav and Uttung Sanskrutik Pariwar Trust.

Sports

IndusInd For Sports, a non-banking sports vertical was launched in 2016, with an objective to inspire communities inside and outside the Bank using the unique power of sports.

Through various initiatives across platforms, IndusInd For Sports has ensured continued support to athletes under its program and promoted health and fitness within the organisation.

Programmes

A. Para Champions Programme

In partnership with Go Sports Foundation, 43 para-athletes are supported across 7 disciplines to cover their high-performance training, travel, injury management, rehabilitation, strength training, medical support needs, etc. These para-athletes have won a total of 726 medals – 403 Gold, 189 Silver and 133 Bronze medals since the inception of this programme. In FY2021-22 alone, the athletes won a total of 231 medals – 142 Gold, 55 Silver and 34 Bronze across championships and tournaments.

This was also a year in which the Paralympics were held in Tokyo, Japan. This Para-Olympics season has been a golden year in the history of Indian Sports, where we, as a nation, surpassed the combined medal tally of medals won by India since its debut in 1968.

The Bank's supported para champions program represented 40% of the total Indian contingent, i.e., 21 athletes, who won 42% of the total medals won by India in the Paralympics.

The Indian contingent won a total of 19 medals, out of which 8 medals were won by the Bank's supported athletes. India clinched 5 gold medals in total, out of which 4 gold medals were won by athletes supported by the Bank.

An inspiring anthem '*Phirse Jeet Ka Halla*' was created by the Bank to showcase the grit and determination of these athletes.

In FY2021-22, 3 Para athletes from our programme were conferred with the Padma Shri Award.

B. Cricket for Blind Programme:

In partnership with the Cricket Association for Blind in India (CABI), the sporting wing of Samarthanam Trust, this programme supports the Indian Blind Cricket Team and 700+ blind cricketers at the state and district level.

The 4th Edition of the IndusInd Bank Nagesh Trophy Tournament, which is equivalent to the Ranji Trophy for able-bodied cricketers, was conducted successfully. Post the tournament, the Indian National Blind Cricket team was finalized. This team will be representing India across all international Blind cricket events.

In Q3 of FY2021-22, the Indian blind cricket team, supported through the program, won a bilateral series held in India against Bangladesh and in Q4FY2021-22, emerged as runners-up in a triangular series held in UAE between India, Pakistan and Bangladesh.

For the first time ever, an Indian blind women's cricket team was created after trials with the participation of over 300 visually impaired women from across the country.

C. Girl Power Programme

In association with Inspire Institute of Sports (IIS), 26 girl athletes are supported in Judo with the objective of nurturing and developing each of these young talents through high-quality coaching and tailor-made academic and life skills programmes to help athletes chase their Olympic dream.

These judokas have won 82 medals – 45 Gold, 11 Silver and 26 Bronze since the inception of this programme.

D. Elite Athlete Programme

In line with the Bank's excellence and inclusive approach for sports, this programme supports 55 athletes from nomadic tribes/backward castes from Satara district in Maharashtra, across 3 disciplines - field hockey, athletics and wrestling. This programme is run in partnership with the Mann Deshi Foundation with an objective to improve the livelihood of rural children by strengthening their leadership skills, motor skills and life skills through the medium of sports.

The athletes have bagged a total of 72 medals - 36 Gold, 17 Silver and 19 Bronze since the inception of this programme.

E. Hockey for Her Excellence Programme

The programme supports 40 girl athletes in the age-group of 13-16 years, with an objective to groom and facilitate young talent at the **Odisha Naval Tata Hockey High-Performance Academy** in Bhubaneswar, Odisha.

To enhance the training methods and improve the quality of skills and playing techniques of athletes, real video analysis of practice matches has been introduced to rectify and find solutions through Artificial Intelligence (A.I.)

Khelo India Under 21 Women's Hockey league 2021 was conducted in New Delhi, where these girl athletes participated and came third in their pool.

Employee Engagement

A. Get Set Run

Get Set Run – Bank's biggest employee engagement initiative has been successfully running since its inception in 2016. Under this initiative, employees are encouraged to take up running with the objective to have a happy and healthy workforce.

In a pandemic-stricken year, IndusInd For Sports has kept the spirit of sportsmanship alive through virtual engagement while abiding by COVID-19 protocols.

With limited visibility of on-ground running events as the country battled with waves of the pandemic, an engaging one-of-a-kind virtual running series, titled '**Cause-a-thon**', was launched in Q1FY2021-22. The objective of this series was to encourage employees to participate in virtual runs on topical days like Earth Day,

Hypertension Day, Doctors Day, Mental Health Day, National Cancer Awareness Day and more. The virtual run enabled participants to run or walk anytime and anywhere by recording their activity data on any GPS-enabled app.

A total of 30 Cause-a-thon runs were conducted, which witnessed a participation of over 3,000 employees covering a cumulative distance of approximately 52,000 km.

B. Couch to 5K

Couch to 5K was an adrenaline pumping, power-packed campaign for the employees that aimed at running and covering run 5-kms in just 8 weeks. It consisted of a well-structured and informative plan, which was curated by an ACE certified fitness coach.

This informative training campaign covered educative themes on warm-up essentials, consistency, intrinsic motivation, building habits, injury prevention, nutrition, rest and recovery to name a few.

C. IndusInd Box Cricket League

An inter-department box cricket league was conducted in Delhi NCR and Mumbai in Q3FY2021-22 to promote the spirit of camaraderie and teamwork among the employees. Over 600 employees across 60 teams participated in these matches and ~4000 employees were engaged virtually.

D. AIPL – IndusInd Prediction League

A fun digital campaign was created around the IPL season in Q3FY2021-22 to educate, excite and engage employees by providing trivia/information on athletes' performance and the teams participating in it. This culminated in a thrilling competition while predicting the course of the game.

Corporate Social Responsibility

Sustainable Community Development through CSR

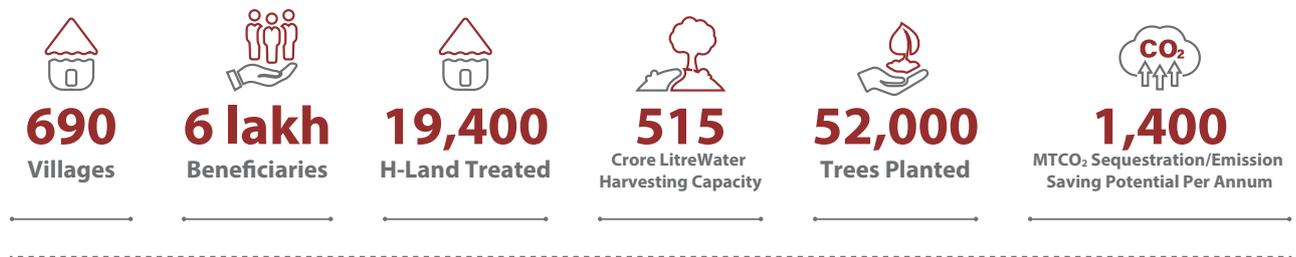

The Bank's CSR programs, guided by the CSR Policy, are implemented with a mission of designing sustainable initiatives that empower and benefit marginalized and weaker sections of society, high-risk and high-stressed communities. The Bank has touched more than 2 million lives through several need-based initiatives across the nation in FY 2021-22.

ENVIRONMENT

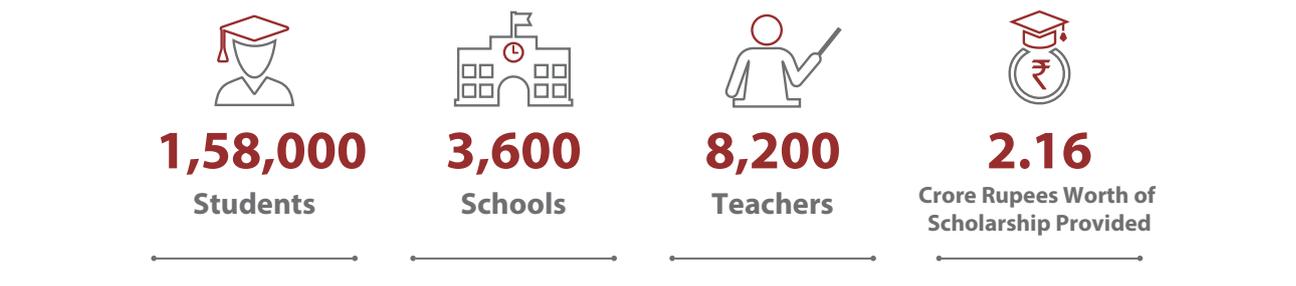

The Bank's core sustainability philosophy of 'Good Ecology is Good Economics' is extended beyond the fence through CSR initiatives on environmental conservation. Projects on Water Stewardship are carried out in rural water-stressed landscapes. Along with water security, these interventions translate into income enhancement, community institution strengthening and climate resilience.

Other activities like restoration of water bodies (lakes and drains), afforestation, and renewal of energy solutions for hospitals were also undertaken.

EDUCATION

Education interventions catered to developing learning outcomes of school children with improved methods and pedagogy through teacher training. The community is also involved in the children's education program for the child's overall development. Such programs are run mostly in Government Schools or schools that are remotely located. Scholarship support is also provided to academically accomplished, but financially poor students for higher education.

HEALTHCARE

Support for screening, diagnosis, treatment, surgeries and infrastructure support (e.g. equipment) for critical and cost intensive ailments like pediatric and general cancer, pediatric congenital heart diseases and HIV are provided. Tie-ups with institutions working on a large-scale and catering to disadvantaged patients are done. The Bank also supported PwDs with customized Aids and Appliances for better mobility and awareness.

Initiatives catering to high-risk pregnancies, health of adolescent girls and NCDs were initiated.

SPORTS

The sports programs focus on inclusion (gender, differently-abled and the underprivileged) and sporting excellence. Athletes, who are scouted and supported, compete at national and international sports tournaments to win accolades for the nation.

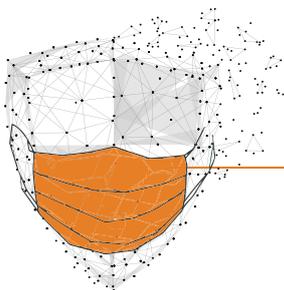

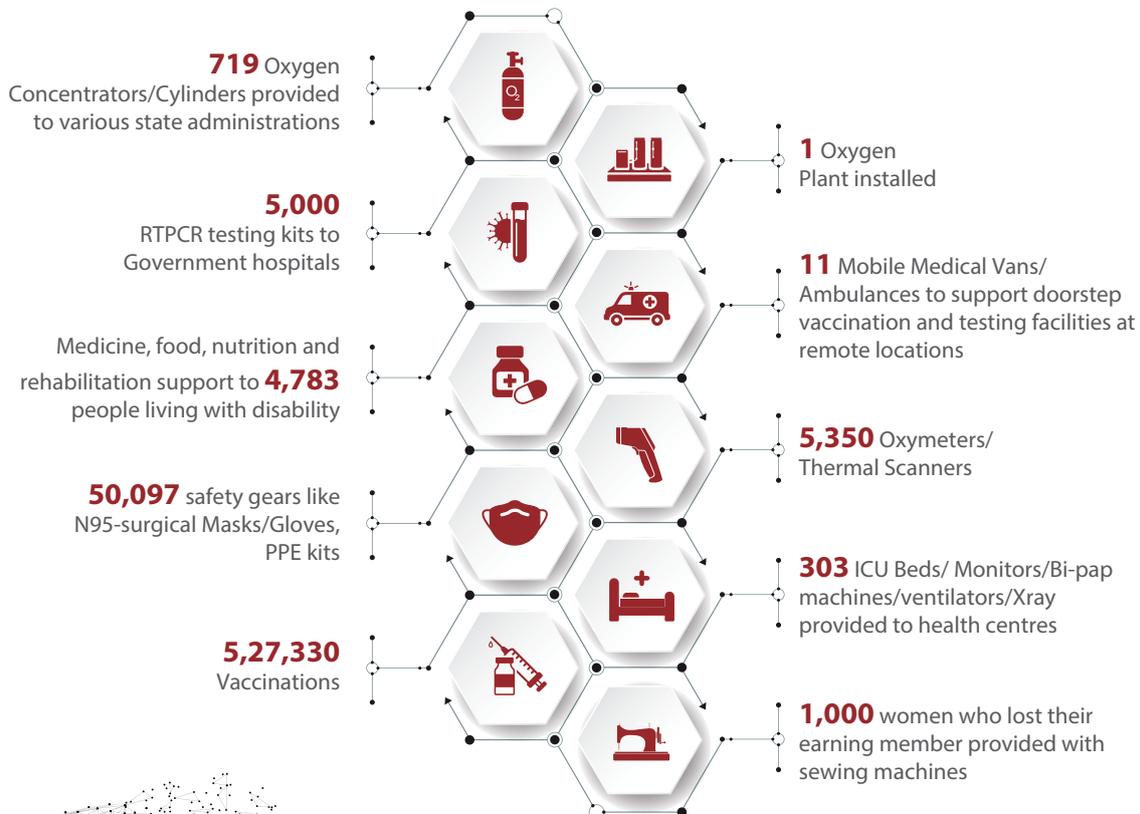

SKILLING AND LIVELIHOOD

Batches of short-term courses in employable skills were carried out in line with NSDC guidelines for youth in general and for PwDs. Two technology-integrated livestock development programs not only improved the livestock life and productivity, but also the incomes of the farmers enrolled in the program.

COVID RELIEF

The Bank continued its support for COVID relief which was prioritized towards the support of health infrastructure, especially, Oxygen and Vaccination support, and awareness pertaining to it. The relief strategy was demarcated into short-term (immediate needs) and long-term (building and strengthening medical system) in mapped priority geographies with the most severe in terms of COVID cases.

 **10,00,000**
Beneficiaries

Flagship Program

Designed and launched a Holistic Rural Transformation Flagship Program in two Aspirational Districts of NITI Aayog. The holistic community development programs are planned to integrate Community Involvement, Collaborations at District, State and Centre, Convergence of Government Schemes, Technology & Innovation and Data-backed Assessment, etc. It will be implemented over a period of 10 years.

This long-term program is designed to create maximum societal impact in priority geography of the Bank. The primary focus is on economic empowerment of the rural households.

Employee Engagement

Under Sattvam, the endeavour has been to instill a sense of pride in employees about the Bank by building awareness about the Bank's CSR efforts, and by developing a culture of Employee Volunteering and Employee Giving. In FY2021-22, 19,000 employees were engaged through various activities across the year.

A. Employee Volunteering

An employee survey was conducted in Q2FY2021-22, to understand how many employees were interested in volunteering their time and skills in a Bank-supported volunteering programme. The response was very encouraging with employees keen to participate in such activities and the survey also captured which causes employees would like to support.

The survey results have been instrumental in shaping key decisions in creating the Employee Volunteering Programme. During the year, work also commenced on a robust and user-friendly employee volunteering portal and mobile app to support the programme.

Employees were also given an opportunity to participate in the Bank's Urban Afforestation CSR Programme, through a tree plantation drive across nine cities. Despite the activities being conducted under COVID restrictions, the drive yielded 678 volunteering hours and over 2,500 saplings were planted.

B. Employee Giving

To encourage the culture of employee giving, a first-of-its-kind IndusInd Joy of Giving Festival was organised in Q3 in partnership with the NGO Goonj. The Bank facilitated, encouraged and provided logistical support for employees to make material and financial donations for the benefit of underprivileged children. Under weekly themes, employees donated stationery, toys, clothes and footwear for the children. Over 12,000 employees participated in the month-long festival, contributing 225 cartons of materials and over ₹86000 in financial donations. The latter was matched by the Bank.

Moreover, under the Bank's payroll-giving programme, 10,000 employees donated to six non-profits.

Sustainability

Sustainable Banking

Strategy: The Bank has adopted a comprehensive approach to improving its triple bottom line (i.e., People, Planet and Profit) performance by integrating sustainability considerations in its business practices, decision-making, operations and products. The Bank's current PC-5 strategy has embedded sustainability into the core framework. In line with the overall strategy, a centralized Sustainability unit works closely with various stakeholders in developing the ESG strategy for each department. This rolls up to form the overall Bank's ESG strategy.

Governance Mechanism: Implementation of the ESG strategy of the Bank is driven by various internal stakeholders. At the apex lies the CSR and Sustainability Committee of the Board, followed by the Sustainability Council, the Sustainability Team, and Sustainability single point of contact at the BUs.

The CSR & Sustainability Committee of Board

- Agrees, reviews and evaluates the sustainability strategy of the Bank
- Provides Industry perspective to the sustainability agenda of the Bank Sustainability Council
- Approves the sustainability strategy, goals and performance
- Reviews alignment of sustainability policies with the business units
- Review compliance and reporting

The Sustainable Banking Unit is focussed on embedding ESG in three specialised areas, viz. Risk, Business and Operations:

1. ESG in Risk:

The Bank understands its responsibility toward enabling positive environmental and social impact on its investment decisions.

A. ESG risk assessment:

To ascertain the Physical and Transitional risks arising out of the ESG variables, all high-risk projects/ entities are assessed by the business units and are reviewed/recommended by the unit for onward approval by the ESMS committee members, prior to final credit approvals. A review of ESG-risk is also performed, along with the credit risk before the credit approval. The sustainability unit provides suitable recommendations to the ESMS committee and clients for improving the ESG Risk profile.

B. Environment & Social Management System (ESMS):

Bank has adopted the ESMS Policy, which incorporates Responsible Banking standards to mitigate the Environmental & Social (E&S) risks arising out of its lending activities. The primary objective of ESMS policy is to mainstream E&S considerations into business activities and safeguard Bank's portfolio from risks arising out of E&S linked variables.

General E&S standards for Bank's portfolio are as follows:

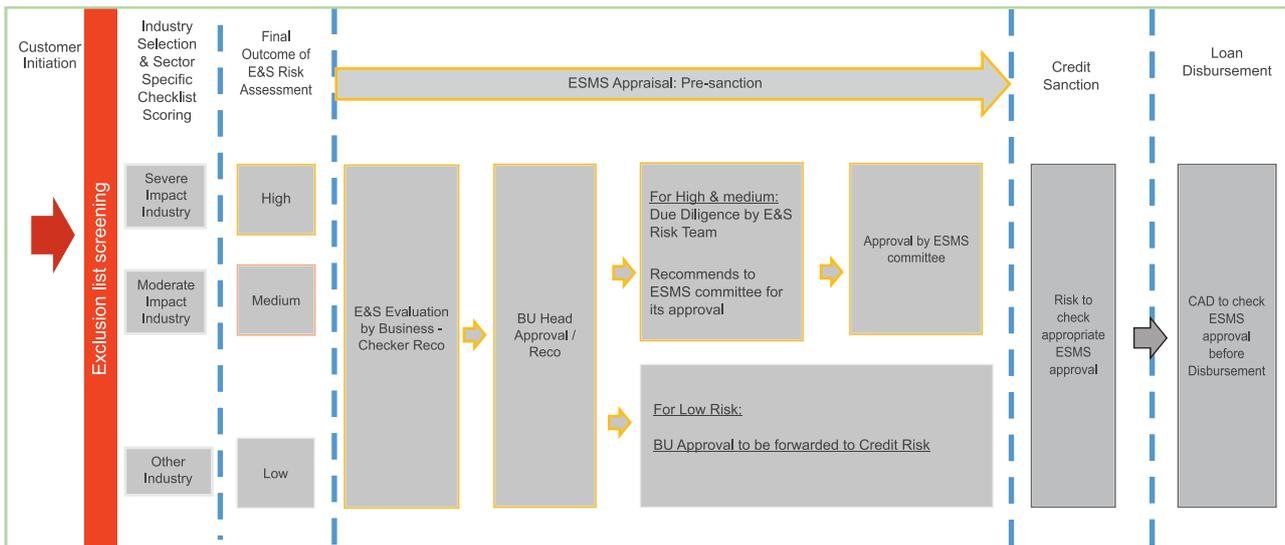

- The Bank expects as a minimum requirement that its clients meet all pertinent E&S laws and regulations
- Clients are required to obtain all applicable licenses and permits for all of their business operations
- Also, clients are expected to consider implementing best in class practices for managing E&S related impact of their business activities

As per the ESMS Policy of the Bank, it is mandatory for every proposal to clear the exclusion list to ensure that Bank does not provide any facility for projects/ activities that are likely to have unacceptable negative impacts on the environment and/or social conditions. The exclusion criteria are mentioned below:

- Production or trade in any product or activity deemed illegal
- Production or trade in substances which are internationally banned, including but not limited to wildlife products, products regulated under CITES, and illegal narcotics, among others
- Gambling, casinos and equivalent enterprises
- Production or trade in products involving forced labour or harmful child labour

- Businesses owning factories or workplaces that have inadequate safety mechanism when dealing with known industrial carcinogens
- Businesses with a substantial stake in the porn industry
- Production or trade in explosives and/or fireworks primarily meant for non-industrial use
- Production or trade in tobacco or any of its derivate products, including but not limited to cigarettes, gutka, etc. (Except companies trying to diversify their business with more than 50% revenue from non-tobacco business streams)

Bank has identified High ESG Risk industries with a higher inherent negative environmental and/or social impact. All such proposals undergo a more extensive evaluation by the Sustainable Banking Unit and get escalated to the Environmental and Social Risk Committee of the Bank for approval of ESG Risk. The Bank's ESMS Committee comprises Senior representatives from the Business, Risk and Sustainability Team. This committee also periodically evaluates the Portfolio ESG Risk.

Integration of ESMS Process with Credit Appraisal System

During the year, the Bank has successfully implemented the integration of the ESMS Process with Credit Appraisal System, which ensures ESG assessment and compliance are mandatory before credit sanction and been made pre-sanction requisite. Every customer is onboarded only after the Exclusion List Process is completed and compliant. These clients are further scrutinized by way of custom-made, segment specific checklists to analyse their existing company policy, framework, and process in mitigating the harmful effects. The Sustainable Banking team, if required, also engage with an external rating agency for enhanced ESG due diligence to specially assess high ESG risk cases.

2. ESG in business:

The Bank seeks opportunities for expanding its ESG-linked business across the various Business Units (Retail & Corporate) through deal origination, structuring as well as new product launches.

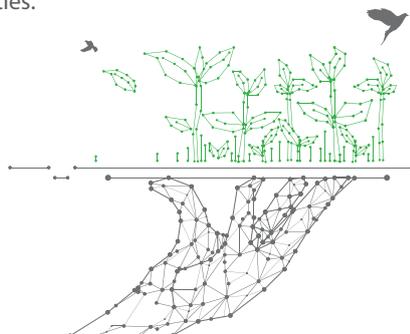

A. Highlights of ESG Liability Products launched during the year:

- **Green Fixed Deposits:** During the year, the Bank launched Green Fixed Deposits across retail and corporate clients. The scheme was successful and the proceeds of FDs, mobilised, were allocated towards financing of Sustainable Development Goals 'SDG' linked assets. The client were issued a Green Certificate on placement of deposits. Further, an external consultant will review the end-use and issue an Assurance Certificate.
- **NR Homecoming:** Embedded a social objective of poverty alleviation by linking the Bank's contribution to the NGO Akshay Patra to the deposits mobilized under the NR Homecoming scheme.

- **IndusDiva:** Spruced up the DIVA product to relaunch it on Womens' Day - INDUS DIVA, a savings account, specially designed with the best savings solutions and privileges for Women.

B. To increase the Corporate Banks' exposure to ESG-positive sectors such as Clean Energy, Clean Water, Sanitation & Hygiene, Healthcare, Education, MSMEs, Livelihood, Agribusiness and Social Infrastructure, the Sustainability unit developed sector reports and originated various business opportunities.

C. Sector development:

WaSH (Water, Sanitation and Hygiene) sector is poised to grow given the GOI's increased focus on Water Security and Hygiene for the country through various schemes such as Swachh Bharat, Amrut 2.0, Jal Jeevan Mission. The sustained efforts pivoted IndusInd Bank into leadership and pioneering role in this sector:

- Regular engagement with investors, regulators (Government & RBI), large corporates & SMEs.
- Appointed as the Primary Investment Advisor and Banking Partner to WaSH Innovation Hub, a platform showcasing innovators in WaSH Sector.
- Appointed as a member of an expert committee by The Ministry of Housing and Urban Affairs in a Committee formed for shortlisting and selection of innovators as AMRUT – 2.0.

D. Partnerships:

The Bank believes that partnerships are key to assisting Bank in achieving our ESG goals. Partnerships were inked with several Development Finance Institutions, Multilateral Agencies, Foundations and External Consultants to strengthen the Bank's ability to tailor products and solutions to clients, mitigate risks, provide technical expertise and help us adopt best ESG practices, which are evolving rapidly today.

3. ESG in Operations

To expand Bank's ESG footprint in the Bank's operations through initiatives such as:

A. Greening the Bank

- **Green branch initiative:** Currently, there are three LEED Certified branches/offices
- **PIONEER branches:** On-site works related to Gold LEED Certification completed and data is being monitored on a Pilot basis. Once successful, all seven branches will undergo LEED certification
- **GHG emissions:** A detailed system is put in place for calculation of carbon emissions intensity of the Bank i.e. for every Rupee made how much carbon is emitted. Bank has also taken an aggressive target of reducing its carbon intensity by 50% from the baseline.
- **Sustainable procurement practices:** Vendor for technology services, equipment & manpower, assessed and evaluated on environment-linked criteria such as Greenhouse Gas (GHG) Emissions and Energy Usage, Water Management, Waste Management and ESG compliance. Facilitated through:

- Formalized Sustainable Procurement Policy and Supplier Code of Conduct.
- Publicly Committed Targets on Sustainable Procurement (i.e. 80% of vendors by value with ESG policies by FY2022-23).
- Supplier Engagement by IBL, Assessments and Audits through the third parties and seeking ESG-linked declarations.
- Virtual Meetings: Promoting the concept of online meetings, which has resulted in a decrease in business travel emissions.

B. Fostering a diverse and Inclusive Workforce:

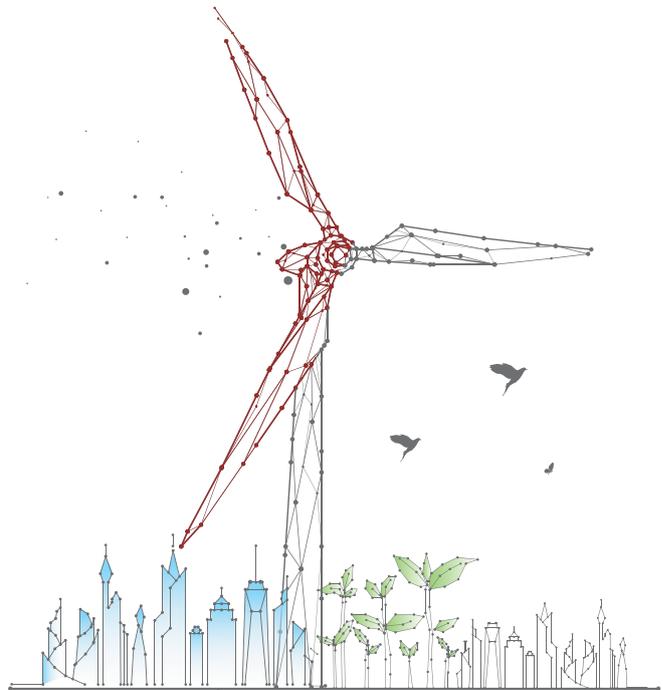

To build a Diverse and inclusive workforce, a detailed benchmarking exercise was presented to the CSR and Sustainability Committee of the Board. Achievements -

- Women in the workforce increased in FY2021-22 to 18.64% and target 22% by FY2022-23.
- 2 Women Board Directors, 1.2% in top management.
- 25 Specially-abled permanent employees and additional 10 neurologically diverse employees to be appointed in BUs to enhance diversity and inclusion in the workforce.

C. Enhancing the Bank's ESG Profile

Bank participates in sustainability related disclosures with stakeholders such as Global ESG Rating Agencies (DJSI, MSCI, CDP and others), Investors & Regulators (SEBI, RBI and others) and reporting to various stakeholders. Update on rating for the FY2021-22 is as below:

- 2nd Year in a row, IndusInd Bank has been selected as a "DJSI Year Book member" In order to be listed in the Yearbook. IndusInd Bank is the only Indian bank figuring in the Yearbook.
- Refinitiv ratings: Improved Bank's Ranking to 57th out of 914 global companies and was categorised as a Top Performer. Bank has received the highest Rating/score among Indian Banks.

- Asia Money award: The Bank has also been awarded as the best bank in the ESG category award for FY2021-22 by Asia Money.

The Bank aims at interlinking its strategic focus areas with its sustainability commitments, to emerge as a responsible organisation. The Bank has been publishing the Integrated Report for five years, which aims to communicate how the Bank's Strategy, Governance, Performance and Prospects create value over time. The value creation story of the Bank articulated in the Integrated Report has been prepared on a voluntary basis in adherence to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2017/10 dated February 6, 2017. As a green initiative, the Bank has hosted the latest 'Integrated Report' on its website at: <https://www.indusind.com/in/en/sustainability.html>

Internal Control Systems and Their Adequacy

Operational Controls

The Bank has sharpened internal controls and compliance through the following:

- Standard Operating Procedures have been defined for processes at branches to ensure consistency of delivery with the expanding branch network;
- Branch Monitoring Unit is entrusted with regular monitoring of branch operations;
- The Process Adherence and Quality function has been operationalised for attaining uniformity in processes followed by branches, to minimise operational risk; and
- Expenses Management Software has been deployed at all branches for facilitating cost control.

Internal Audit

The Bank has a robust, distinct and dedicated Internal audit function performing an independent and objective evaluation of the adequacy and effectiveness of internal controls, information security controls, risk management and governance systems and processes on an ongoing basis to provide assurance that the policies, regulations, and internal standards defined for management of the various risks in the Bank are operating effectively. The Internal Audit Group is manned by appropriately skilled, experienced, and qualified personnel.

In congruence with the Reserve Bank of India's Guidelines on Risk-based Internal Audit (RBIA), the Bank has adopted a robust Internal Audit Policy and the Internal Audit function undertakes a comprehensive Risk-based Audit of operating units.

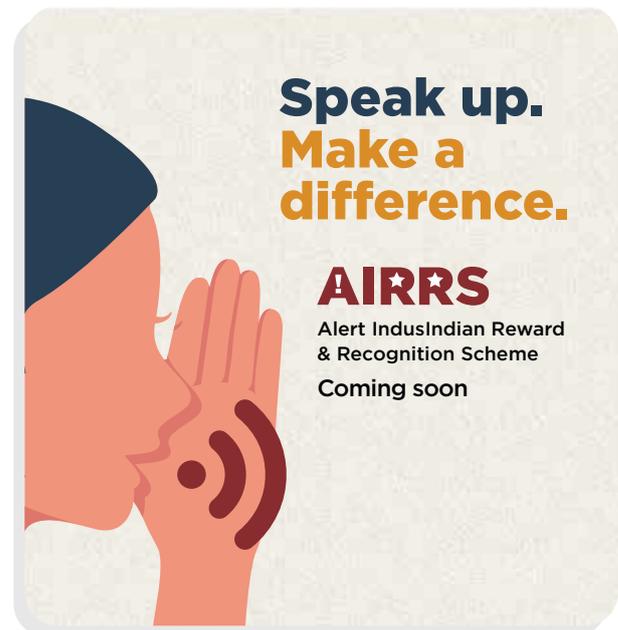

An Audit Plan is drawn up on the basis of risk-profiling of auditee units and an audit of operating units is undertaken at a frequency synchronised to the risk profile of each unit in line with the guidelines relating to Risk-Based Internal Audit. The Audit function also proactively recommends improvements in operational processes and service quality, wherever deemed fit.

In order to strengthen the Internal Audit function and to achieve incessant real-time supervision and control, critical units of the Bank are subjected to independent Concurrent Audits by reputed audit firms.

The Head - Internal Audit functionally reports to the Audit Committee of the Board (ACB), ensuring his independence, and for administrative purposes, reports to the Managing Director & CEO. The ACB reviews the efficacy of the Internal Audit Department, the effectiveness of controls laid down by the Bank, and compliance with internal and regulatory guidelines, thus ensuring alignment with the global best practices on corporate governance.

Compliance

Compliance Risk is defined by the Basel Committee as "the risk of legal or regulatory sanctions, financial loss, or loss to the reputation that a bank may suffer as a result of its failure to comply with all applicable laws, regulations, codes of conduct and standards of good practice". It includes the conduct of banking and financial business (including conflicts of interest), privacy and data protection, and in particular, provisions on the prevention of money laundering and terrorist financing.

Compliance is an integral part of the culture of IndusInd Bank. The Bank accords the highest priority to compliance with laws, regulations and internal rules for all of its businesses and operations. It is the responsibility of every staff member to perform their functions within the framework of the statutory and regulatory regime.

The culture of compliance starts from the top. The Bank's Board of Directors is responsible for overseeing the management of the Bank's compliance risk. The Bank has formulated a Compliance Policy, enumerating the Compliance Philosophy of the Bank and establishing an independent compliance function in the Bank.

A strong compliance culture is ensured through detailed policies and guidelines, strong procedures, a mechanism of regular reviews, monitoring and testing, regular messages from the Top Management on the importance of compliance and zero-tolerance towards non-compliance, and compliance awareness programmes.

The Compliance function plays a vital role in ensuring that the overall business of the Bank is conducted within the ambit of rules, regulations, laws and internal guidelines.

The function assists the Board and Top Management in efficiently managing the compliance risk. The Compliance function works as a nodal link between the Bank and the Regulatory Authorities, i.e., RBI, SEBI, DFS, UIDAI, IBA, IRDA, PFRDA, etc., and provides guidance to all verticals in the Bank on applicable regulatory framework, i.e., regulatory guidelines, statutes and advisory issued by the Regulatory Authorities.

The Bank has adopted three lines of defence approach with (a) operations and business controls as the first line of defence; (b) internal governance including Compliance Risk Management as the second line; and (c) Internal Audit being the third line of defence to ensure a strong compliance culture at all levels.

Vigilance Function

The Vigilance Department has been functional in the Bank since October 2008, and its objective is to enhance the level of managerial and operational efficiency and effectiveness. The aim is to prevent, detect and analyse corruption/wrongdoing/misdemeanours on the part of the employees and follow it up with deterrent/preventive action to ensure the highest standards of integrity, governance and ethical practices.

The Whistle Blower Policy was adopted by the Bank in 2009, so as to provide a channel to various stakeholders, viz., employees, customers, suppliers, shareholders, etc., to bring to the notice of the Bank any issue involving compromise/violation of ethical norms, legal or regulatory provisions, etc., without any fear of reprisal, retaliation, discrimination or harassment of any kind.

The Bank's Vigilance Manual / Whistle Blower Policy and practices are in complete synchrony with all statutory and regulatory guidelines on Vigil Mechanism to ensure a compliant, fraud-free and ethical work environment.

Submission of Financial Information to Information Utilities

In accordance with the regulations under the Insolvency and Bankruptcy Code (IBC), 2016, and of the Insolvency and Bankruptcy Board of India (Information Utilities) Regulations, 2017, which has come into force with effect from April 1, 2017, financial creditors are required to submit information to Information Utilities (IU). The Insolvency and Bankruptcy Board of India (IBBI) has registered National E-Governance Services Limited (NeSL) as the first IU under the IBBI (IUs) Regulations, 2017 on September 25, 2017.

As per the directives of the Reserve Bank of India, all financial creditors regulated by RBI were advised to adhere to the relevant provisions and immediately put in place appropriate systems and procedures to ensure compliance with the provisions of the Code and Regulations.

In accordance with the same, we are happy to share that the Bank has executed the necessary agreement with NeSL and submitted the required data to NeSL as per their guidelines.

Customer Service

The FY2021-22 client experience strategy has been the extension of previous years' customer-centric approach that focuses on customers and their needs through the principles of 'Seamless, Easy, Fast and Transparent'. The strategy continues to be the core of the CEX aspiration for FY2021-22 as well, thereby facilitating the delivery of sustained and enhanced customer experience.

The Bank is committed to meeting customer expectations by engaging with them in a result-oriented and transparent manner. The customer experience strategy emphasises an all-encompassing look at customer satisfaction, which is executed and delivered through continuous client interaction by effectively using both digital and non-digital channels. More than 70% of client requests in March 2022 were raised through digital channels and overall 95% of the requests got resolved within one day.

With the objective of assessing customer requirements and enhancing the existing client experience and service delivery standards at every touch point, the Bank regularly conducts surveys that are customized based on the type of interaction and mode of service used by the customer. More than 75% of the surveyed clients gave us a top rating on our surveys across client journeys for the quarter ending March 2022.

The Bank has also placed renewed thrust on increasing employee engagement, along the lines of 'Customer First', and has undertaken various initiatives to create a customer-centric mindset. The continuous focus on both knowledge enhancement and skill development has been the key objectives of the widespread and systematic training programs. The extensive training schedules, covering both executive and managerial level, has ensured knowledge access is available in the right place at the right time and improves efficiency by reducing the need to re-discover knowledge. This, in turn, enables the team to deliver consistently, thereby improving customer service.

Grievance Redressal Mechanism

The Bank follows the Board-approved "Grievance Redressal Policy", which lays down a defined escalation process for all customer complaints received at branches and Corporate Office, within the overall framework of RBI guidelines.

The Bank has also appointed an Internal Ombudsman, and complaints which are rejected and/or partial relief is being provided to the Complainant, are referred to him for an independent review.

A Quarterly Report related to complaints received and redressed is placed before the Board of Directors. Based on the recurrence of complaints in specific areas, causative factors are identified, and remedial measures are initiated.

Customers can contact their respective Branch Manager or call the Bank's Contact Centre on the toll-free number or send an email to the dedicated email IDs or access the Bank's website: www.indusind.com to lodge their grievances in a simplified way and get their complaints redressed without delay.

Details of the Nodal Officer / Regional Managers have been furnished. These details are also displayed at the Bank's branches. Details of the Integrated Ombudsman Scheme, 2021 of the Reserve Bank of India, are also displayed at branches and hosted on the Bank's website.

Shareholder Satisfaction

At IndusInd Bank, we recognize the importance of regular and transparent communication with our shareholders. Shareholders shall continue to receive best-of-class services and be promptly informed of the developments in the Bank.

Contact details of shareholders such as e-mail IDs, mobile numbers and telephone numbers are obtained, so as to communicate to them about developments in the Bank. This direct communication is in addition to the regular dissemination of information through usual channels such as the Stock Exchanges, Press, Bank's website, RTA's website, etc.

The practice of sending SMS/e-mail messages to shareholders continues, informing about Board meetings for Quarterly/Annual Financial Results, and forwarding snapshots of the Results.

The Bank has been at the forefront of "Green Initiatives" and aspires continually to graduate to paperless disclosures and compliances.

With the implementation of the Companies Act, 2013, companies are permitted to send Annual Reports and other communications through electronic mode to those shareholders, who have registered their email addresses with the Bank or made available by the Depository.

Shareholders have been requested to furnish their e-mail IDs at investor@indusind.com or by sending a request in writing at the Secretarial & Investor Services Office to help accelerate the migration to paperless communication.

The full text of the Annual Report is also made available in an easily navigable format on the website: www.indusind.com under the link 'Investors/Reports and Presentation/Annual Reports'.

Shareholders are also informed about the process for claiming the dividend amounts lying unclaimed with the Bank.

As regards the transmission of securities, in the case of securities held in physical mode (in a single name, without Nomination), SEBI vide Circular No. SEBI/HO/MIRSD /_RTAMB /P/ CIR/ 2022/65 dated May 18, 2022, prescribed a threshold limit of up to ₹5,00,000 (Rupees five lakhs only) in case of securities held in physical mode, i.e., the market value of securities per folio, as on the date of the application for transmission, for following simplified documentation.

SEBI has, however, empowered Issuer Companies to enhance the value of such securities, at their discretion.

Considering the difficulties faced by legal heirs of deceased shareholder(s), in obtaining of Succession Certificate/ Probate/Letters of Administration, the Board of Directors of the Bank has, for the convenience of shareholders, delegated the authority to the Share Transfer Committee for approving transmission of securities held in physical mode of the market value of securities of up to ₹10,00,000 (Rupees ten lakhs only) subject to compliance with the simplified documentation procedure prescribed by SEBI.

Shareholders are requested to note that pursuant to provisions of Section 124 of the Companies Act, 2013, the amounts of Dividend remaining unpaid or unclaimed for a period of 7 years, from the date of their transfer to the Bank's Unpaid Dividend Accounts, are required to be transferred to the Investor Education and Protection Fund (IEPF) established by the Central Government.

Further, the Ministry of Corporate Affairs has made effective the provisions of Section 124 (6) of the Companies Act 2013, which requires that all shares in respect of which Dividend has not been paid or claimed for seven consecutive years or more be transferred to the IEPF Authority.

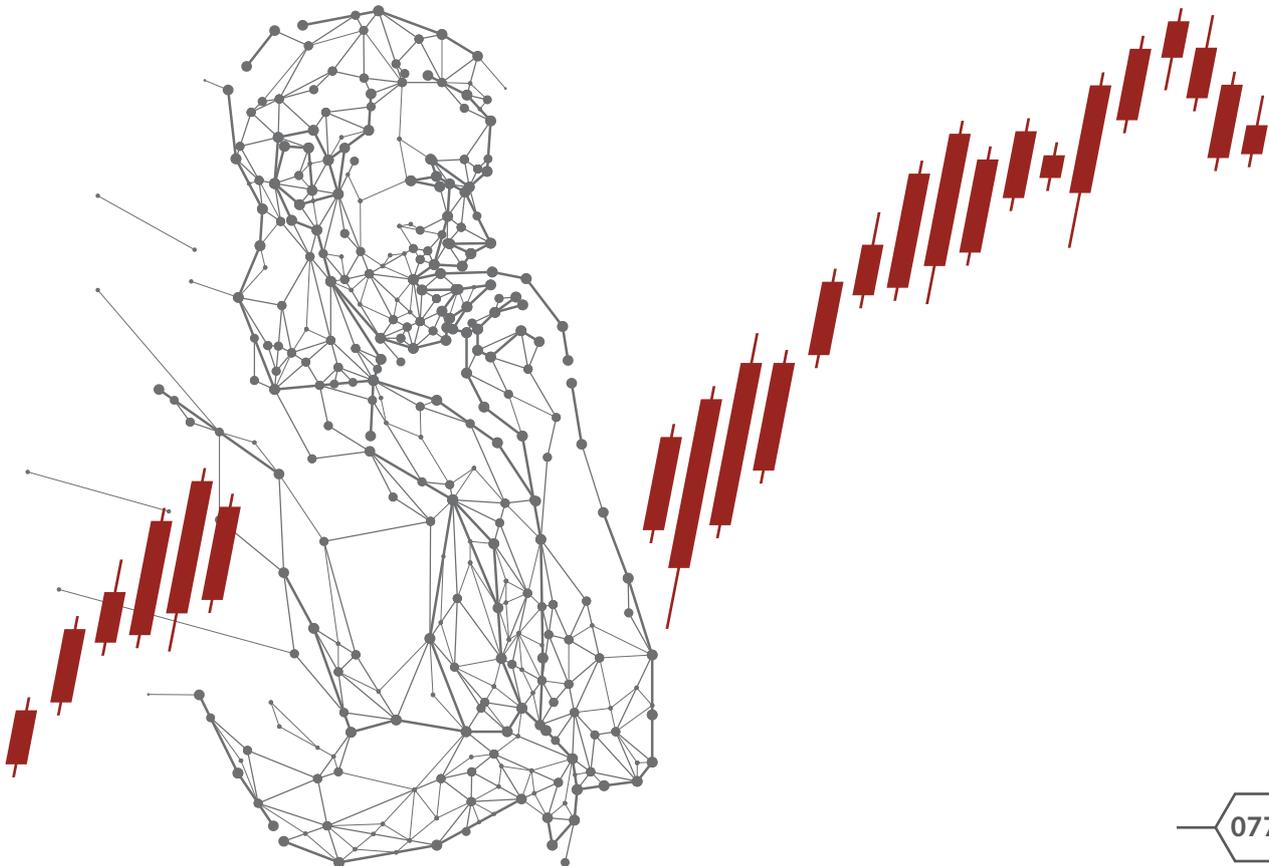

The Bank has sent intimation to shareholders on May 24, 2022, in respect of the shares on which Dividend for FY2014-15 had remained Unpaid or Unclaimed for seven consecutive years or more, requesting them to claim such dividend on or before August 23, 2022, so as to avoid the corresponding shares from being transferred to the IEPF Authority.

Notice in this regard was also published in Financial Express (all editions) and Loksatta (Pune Region) on May 25, 2022.

The detailed procedure for claiming the shares/Dividend amounts which have been transferred to IEPF Authority is available on the website of the Bank at: www.indusind.com and can also be accessed at: <http://www.iepf.gov.in/IEPFA/refund.html>

Shareholders are requested to contact Link Intime India Pvt. Ltd., Registrar & Share Transfer Agent of the Bank (Contact details and Office Address given in the Notice)/Secretarial and Investor Services Department of the Bank, for claiming Unclaimed Dividends standing in their name.

The information pertaining to Unpaid or Unclaimed Dividends, the details of such shareholders and the shares due for transfer to the IEPF Authority is also available on the Bank's website at: www.indusind.com

Indian Accounting Standards (Ind AS)

The Reserve Bank of India (RBI) issued a circular in February 2016, requiring Scheduled Commercial Banks to implement Indian Accounting Standards (Ind AS) from April 1, 2018. Vide a press release dated April 5, 2018 the implementation was deferred by one year. The legislative amendments recommended by the Reserve Bank towards implementation of Ind AS are still under consideration of the Government of India. Accordingly, RBI had, through a notification dated March 22, 2019, deferred the Ind AS implementation until further notice.

Pursuant to the RBI Circular dated February 11, 2016, the Bank formed a Steering Committee, comprising members from cross-functional areas, for the purpose of reviewing and monitoring the progress of implementation. The Bank had set up a Working Group under the guidance of the Steering Committee and has conducted Gap Assessment and identified the differences between the current accounting framework and Ind AS, including the identification of the accounting policy options provided under Ind AS 101, First Time Adoption. The Bank had engaged the services of a professional firm with international experience in the field, to assist in the project of implementation of Ind AS. The Bank has obtained licenses for IT systems to automate Expected Credit Losses and Effective Interest Rate calculations towards implementation of Ind AS and the project is currently under implementation. The Bank continues to organize trainings for its teams across business and support functions. The Audit Committee of the Board of Directors has an oversight on the progress of the Ind AS implementation. Further, there may be regulatory guidelines and/or clarifications in some of the critical areas with respect to application of Ind AS, which the Bank will need to incorporate in its implementation project as and when those are issued.

In accordance with RBI directions, the Bank has been submitting standalone pro forma Ind- AS financial statements along with other computations to the RBI, from time to time.

Corporate Social Responsibility and Sustainability

In line with the CSR strategy, the Bank is committed to various long term community development projects that have a large positive impact. Consistent with the requirements of Section 135 of the Companies Act, 2013 and CSR Rules 2014, the Bank has set up a Board-level CSR & Sustainability Committee to look after the CSR initiatives. The Committee is headed by Mrs. Akila Krishnakumar as the Chairperson, Mr. Rajiv Agarwal, Mr. Sanjay Asher and Mr. Sumant Kathpalia as Members.

The composition of the CSR & Sustainability Committee is in accordance with Section 135 of the Companies Act, 2013.

The Bank revised its CSR Policy and strategy to align with National priorities and SDGs focused on long term approach with programs which provide maximum societal impact, aligning with the CSR mission of designing sustainable CSR programs and leveraging the Brand.

In FY 2021-22, the Bank designed a Holistic Rural Transformation Flagship program initiative with a mission to improve the income levels and standard of living of the rural communities aligning with NITI Aayog Aspirational Districts. It would have a long term perspective of 5-10 years, with impact on:

- Economic Empowerment of communities
- Improved efficiency in natural resource management

A significant allocation of CSR spends would be towards this as the program scales up and stabilizes.

The Bank continued its emphasis on Sustainable Environment, Education, Healthcare, Sports. These are mid-term programs designed to solve critical issues in the ecosystem. These programs include water stewardship, afforestation, renewal energy, climate adaptation, remedial education, school/college interventions, assisted learning, fellowship/scholarship, non-formal education, setting up of healthcare clinics, treatment of children suffering from cancer, affordable healthcare to marginalized community, mother & child care, sports for women/people with disabilities/underprivileged, employable skill development, etc.

Under Other Areas of Special Interest, the Bank supported with COVID relief to various stakeholders, livelihood and skilling programs and supported Armed Forces Veterans, Widows and their families. These were need based programs and short term in nature.

The Bank has supported CSR initiatives of Bharat Financial Inclusion Limited, its wholly-owned subsidiary. Two major initiatives, viz., Bharat Sanjeevani (on livestock care) and Pragat (Integrated Development Program including Water, Healthcare and Education) are supported.

The CSR Initiatives / Projects undertaken by the Bank are in accordance with Schedule VII of the Companies Act, 2013.

Companies, on the basis of criteria prescribed under Section 135 of the Act, are required to spend at least Two per cent of their Average Net Profits made during the three immediately preceding financial years, in pursuance of their Corporate Social Responsibility Policy. Accordingly, the Bank spent ₹ 108.69 crores against budget of ₹107.41 crores, towards various CSR activities specified in Schedule VII of the Companies Act, 2013.

The Report on CSR activities undertaken by the Bank during the year under review, is set out at **Annexure VI** and forms an integral part of this Report.

The CSR Policy, amended during the year, is framed basis the activities permitted under Schedule VII of the Companies Act, 2013. Details of the CSR Policy and initiatives adopted by the Bank on CSR, are available on Bank's website at: <https://www.indusind.com/in/en/csr-home/our-approach/csr-policy.html>

Sustainability

The Bank has adopted a comprehensive approach to improve its triple bottom line (i.e., People, Planet and Profit) performance by integrating sustainability considerations in its business practices, decision-making, operations and products. The Bank understands that inclusion of sustainable practices is key for surviving and thriving in the long run and therefore, the Bank is diligently looking at adopting business products, practices, processes, risk and operations that reflect its long-standing view - "Good Ecology is Good Economics".

The Bank upholds sustainability in every aspect of its functioning, devising various board committees, councils and teams. At the apex lies the CSR and Sustainability Committee of the Board, followed by the Sustainability Council and the Sustainability Team. Sustainability theme is embedded across our diverse Businesses and Operations units. The centralized Sustainability unit works closely with various stakeholders in developing the ESG strategy for each department. This rolls up to form the overall Bank's ESG strategy, which underpins the Bank's overall Planning Cycle-5 Business Strategy. IndusInd has embedded sustainability across all 3 major areas – Business, Risk, and Banking Operations.

As a responsible lender, the Bank has also integrated ESG considerations into its Credit Appraisal process. Various ESG linked products and solutions have been offered to our retail and corporate clients. This comprehensive approach showcases our leadership position in the industry as a sustainable Bank. This has helped IndusInd Bank win the Asiamoney Best Bank for ESG India 2022 Awards and Bank's inclusion in the S&P Dow Jones Sustainability Yearbook 2022 consecutively for a second year, which showcases that the Bank clearly looks beyond profits to focus on its people, the society and the planet.

The Bank has adopted various reporting platforms and guidance frameworks laid out by 'Standard Setters' such as, International Integrated Reporting Council (IIRC), Global Reporting Initiative (GRI), Carbon Disclosure Project (CDP), Dow Jones Sustainability Index (DJSI), etc., for assessment and accountability in sustainability performance.

Business Responsibility and Sustainability Report (BRSR)

As per SEBI Listing Regulations, the Business Responsibility and Sustainability Report ("BRSR") form part of the Directors' Report.

The Bank has provided BRSR, in lieu of the Business Responsibility Report which indicates the Bank's performance against the principles of the 'National Guidelines on Responsible Business Conduct'. This would enable the Members to have an insight into environmental, social and governance initiatives of the Bank.

In view of the above and in compliance with Regulation 34(2) of the SEBI Listing Regulations, the BRSR, has been hosted on the Bank's website at:

<https://www.indusind.com/in/en/sustainability.html>

Corporate Governance

The Bank believes that Corporate Governance is a reflection of its value system, encompassing its culture, its policies, and its relationships with the stakeholders. Responsible and ethical corporate conduct is integral to the way the Bank does its business.

The Bank also believes that consistent implementation of good corporate governance practices contributes towards developing and sustaining the best operating systems and processes.

Integrity, transparency and accountability are the basic tenets of Corporate Governance. The Bank acknowledges the need to uphold the integrity of every transaction it enters into, and believes that honesty in its internal conduct would be judged by its external behavior.

The Bank has adopted the industry best practices of Corporate Governance and aims to continue banking on the highest principles of governance and ethics. At IndusInd, Corporate Governance is more than just adherence to the statutory and regulatory requirements. It is equally about focusing on voluntary practices that underlie the highest levels of transparency.

The Governance framework is driven by the objective of enhancing long-term stakeholder value, without compromising on Ethical Standards and Corporate Social Responsibilities.

The Bank's guiding principles are also articulated through its Code of Business Conduct and various initiatives taken to maintain transparency by communicating with the Shareholders on developments in the Bank. The Bank has also set up various sub-Committees of the Board to bring in more efficacy and transparency in the workings.

The Bank continues to focus on better, complete and timely disclosures to the Stock Exchanges for dissemination to the Stakeholders. Detailed disclosures regarding corporate governance are provided in the Corporate Governance Report, which forms part of the Annual Report.

Management Discussion and Analysis Report

The Management Discussion and Analysis Report, as prescribed under Regulation 34(2)(e) of the SEBI Listing Regulations, forms part of the Annual Report.

ANNEXURE III TO THE DIRECTORS' REPORT**FORM No. MR-3****SECRETARIAL AUDIT REPORT****FOR THE FINANCIAL YEAR ENDED MARCH 31, 2022****[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]**

To,
The Members,
IndusInd Bank Ltd.

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **IndusInd Bank Ltd.** (CIN: L65191PN1994PLC076333) (hereinafter called "the Bank").

Subject to limitation of physical interaction and verification of records caused by COVID – 19 Pandemic restrictions, the Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conduct, statutory compliances and expressing our opinion thereon.

Based on our verification of the Bank's statutory registers, books, papers, minute books, forms and returns filed and other records maintained by the Bank and the information provided by the Bank, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Bank has, during the audit period covering the financial period ended on **March 31, 2022**, complied with the statutory provisions listed hereunder and also that the Bank has followed proper Board processes and has required compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minutes books, forms and returns filed and other records maintained by the Bank for the financial period ended on **March 31, 2022** in accordance with the provisions of:

- (i) The Companies Act, 2013 (the Act) and the Rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the Rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder for compliance to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings, **as applicable**;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'), **as amended from time to time**:
 - a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
 - d) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 (erstwhile The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 (repealed w.e.f. August 13, 2021);
 - e) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021 (erstwhile The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 (repealed w.e.f. August 9, 2021);
 - f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client - **Not applicable to the Bank**;
 - g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021 - **Not applicable as the Bank has not delisted / proposed to delist its equity shares from any stock exchange during the financial year under review**;

- h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018 - **Not applicable to the Bank;**
- i) The Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018;
- (vi) Other specific business/industry related laws applicable to the Bank - The Bank has complied with the provisions of the Banking Regulation Act, 1949, Master Circulars, Notifications and Guidelines and other directions pertaining to commercial banking issued by Reserve Bank of India (RBI) from time to time. Further, the Bank has complied with other applicable general business laws, rules, regulations and guidelines.

We have also examined compliance with the applicable clauses of the following: -

- i. Secretarial Standards with regard to Meeting of Board of Directors (SS-1) and General Meetings (SS-2) issued by The Institute of Company Secretaries of India; and
- ii. The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (SEBI Listing Regulations).

During the period under review, the Bank has complied with the provisions of the Act, Rules, Regulations, Guidelines and Standards mentioned above subject to the following observations:

1. Reserve Bank of India (RBI) has imposed, by an order dated July 6, 2021, a monetary penalty of ₹ 10 Million (Rupees Ten Million only) on the Bank. As per the said order, the penalty has been imposed in exercise of powers vested in RBI under the provisions of Section 47 A (1) (c) read with sections 46 (4) (i) and 51 (1), the Banking Regulation Act, 1949 (the Act), for non-compliance with certain provisions of directions issued by the RBI on 'Lending to Non-Banking Financial Companies (NBFCs); 'Bank Finance to Non -Banking Financial Companies (NBFCs); 'Loans and Advances – Statutory and Other Restrictions'; and 'Creation of a Central Repository of Large Common Exposures – Across Banks'. The penalty was paid by the Bank.
2. National Stock Exchange of India Limited and BSE Ltd. had levied monetary penalty of ₹ 10,000 (Rupees Ten Thousand Only) each on the Bank for delay in compliance with Regulation 29(2) of the SEBI Listing Regulations regarding prior intimation about the meeting of the Board of Directors where the proposal of Dividend was considered by the Board. The Company had paid the penalty to National Stock Exchange of India Limited and BSE Ltd.

We further report that:

- (a) the Board of Directors of the Bank is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors.
- (b) The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.
- (c) Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent in advance as prescribed under the applicable Secretarial Standards, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.
- (d) The minutes of the Board meetings and Committee Meetings have not identified any dissent by members of the Board /Committee of the Board respectively hence we have no reason to believe that the decisions by the Board were not approved by all the directors/members present.

We further report that, there are adequate systems and processes in the Bank commensurate with the size and operations of the Bank to monitor and ensure compliance with applicable laws, rules, regulations and guidelines. As informed, the Bank has responded appropriately to communication received from various statutory / regulatory authorities including initiating actions for corrective measures, wherever found necessary.

We further report that during the audit period the following events / actions have taken place, having a major bearing on the Bank's affairs in pursuance of the above referred laws, rules, regulations, guidelines and standards:

CORPORATE GOVERNANCE

(The Report on Corporate Governance forms part of the Directors' Report for the Financial Year ended March 31, 2022.)

Bank's Philosophy on Corporate Governance

The Bank believes that Corporate Governance is a reflection of its value system, encompassing its culture, its policies, and its relationships with the stakeholders. Responsible and ethical corporate conduct is integral to the way the Bank does its business.

The Bank also believes that consistent implementation of good corporate governance practices contributes towards developing and sustaining the best operating systems and processes.

Integrity, transparency and accountability are the basic tenets of Corporate Governance. The Bank acknowledges the need to uphold the integrity of every transaction it enters into, and believes that honesty in its internal conduct would be judged by its external behavior.

The Bank is committed to operate on commercial principles ensuring, at the same time, the need to remain accountable, transparent and responsive to its stakeholders and regulators.

The Bank's Corporate Governance philosophy has been strengthened through various policies and codes, which are regularly reviewed and updated on a regular basis to keep aligned with the Regulations.

The Board of Directors ("the Board") of the Bank comprises of eminent professionals having wide industry experience, diversified skills, special knowledge and expertise. The Board plays a crucial role in overseeing how the Management serves the short-term and long-term interests of various stakeholders of the Bank to create lasting value for them.

This belief is reflected in the Bank's governance practices, through which it is committed to maintain an effective and independent Board.

Annual Evaluation of Performance of the Board, Committees of the Board, Non-Executive Non-Independent, Part-time Chairman, and Individual Directors

The Bank has in place a Board Evaluation framework setting out the process, criteria, frequency, etc. for conduct of performance evaluation of the Board as a whole, of Committees of the Board of Directors including Independent Directors, of Non-Independent Directors, of the Managing Director & CEO, and of the Non-Executive Non-Independent, Part-time Chairman. The framework was recommended by the Nomination & Remuneration Committee of the Board, and was approved by the Board.

The process of performance evaluation adopted by the Bank is in line with the provisions of the Companies Act, 2013, and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

SEBI had, vide their Circular dated January 5, 2017, issued the 'Guidance Note on Board Evaluation'. The Nomination & Remuneration Committee of the Board reviewed the criteria and process for Performance Evaluation of the Board and its Committees, with a view to align it with SEBI's Guidance Note and accordingly enhanced the set standards for Performance Evaluation, method of Assessment, etc.

The Board of Directors have, on the recommendation of the Compensation and Nomination & Remuneration Committee, approved the engagement of an external professional agency for conducting the Performance Evaluation exercise.

Annual Performance Evaluation exercise for FY 2021-22 had been carried out by engagement of an external professional agency, which is specialised in Board evaluation processes and provided the convenience of mutual evaluation, along with anonymity.

Under the Guidance of the professional agency that specialise in Board Evaluation:

- The Compensation and Nomination & Remuneration Committee evaluated the performance of the Board as a whole, that of the Committees of the Board, the Non-Executive Non-Independent, Part-time Chairman of the Board and the individual Directors of the Bank.
- Performance of Independent Directors including fulfilment of Independence criteria as specified under SEBI Listing Regulations and their independence from the management and of the Chairman was evaluated by the entire Board, excluding the Director being evaluated.
- Performance of the entire Board was evaluated based on inputs from individual Directors on the basis of criteria such as Board composition and structure, effectiveness of Board processes, information and functioning, and other attributes such as discharging of roles and functions, professional conduct, governance, etc.
- Performance of the Committees of the Board was evaluated after seeking inputs from the Directors, and evaluation was done on the basis of criteria such as composition of the Committee, roles and responsibilities, effectiveness of Committee meetings, etc.
- Performance of Chairman of the Board, was reviewed taking into account the views of the Executive Director and Non-Executive Directors and that of the Non-Independent Directors was reviewed by the Independent Directors in a separate meeting of Independent Directors, who had also reviewed the performance of the Board as a whole.

The Chairman of the Board provided feedback to the Directors on individual basis, taking into account the report of the external agency, and the significant highlights, learnings and action points with respect to the evaluation exercise were discussed amongst the Board members.

In accordance with Section 178 of the Companies Act, 2013, the Board has formulated and adopted the Policy on Performance Evaluation of the Board and a Policy for Selection and Appointment of Directors which has been hosted on the Bank's website at: <https://www.indusind.com/in/en/investors/investor-landing/investor-resources.html#policies-and-codes>

Familiarization Programme for Independent Directors

An appropriate Induction Programme for new Directors and ongoing familiarization with respect to the business / working of the Bank for all Directors is a major contributor for meaningful Board-level deliberations and sound business decisions.

In compliance with the requirement of the SEBI Listing Regulations, the Bank has formulated a Familiarization Programme for Independent Directors. The said Programme aims to provide to the Independent Directors an insight into the Bank's functioning, to help them understand its business in depth, roles and responsibilities of Independent Directors, and industry overview, so as to help them contribute significantly during the deliberations in the Board / Committee meetings and facilitate active participation in managing of the Bank.

As part of the agenda of Board / Committee Meetings, presentations are made to Independent Directors on an ongoing basis on various matters covering the Bank's business and operations, industry and regulatory updates, strategy, finance, the risk management framework, etc.

At the time of appointment of a Director, a formal Letter of Appointment is given to him / her, which explains the role, function, duties and responsibilities expected of him / her as a Director of the Bank. Inputs include orientation programme upon induction of new Directors, as well as other initiatives to update the Directors on an on-going process, including talks by external domain experts.

Details of the Familiarisation Programme for Independent Directors has been hosted on the Bank's website at:

<https://www.indusind.com/in/en/investors/investor-landing/investor-resources.html> and then follow the mentioned path: Investor > Investor Relations > Corporate Governance > Familiarisation Programme for Independent Directors.

Policy for Selection and Appointment of Directors

The Board of Directors are at the helm of the Bank, and an enlightened Board creates a culture of leadership and provides a long-term policy approach to enhance the quality of governance.

The Policy for Selection and Appointment of Directors (the Policy) shall act as a guideline for determining the qualifications, positive attributes, independence of Directors, and matters relating to the appointment and removal of Directors.

The Policy has been formulated and adopted, in terms of the provisions of Section 178 of the Companies Act, 2013, the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, Section 10A of the Banking Regulation Act, 1949 and the Guidelines issued by the RBI, in this regard, from time to time.

The Policy sets out the guiding principles for identifying persons who are qualified to become Directors, to determine the independence of Directors and the manner of selection and appointment/reappointment of Directors.

The Policy for Selection and Appointment of Directors has been hosted on the Bank's website at: <https://www.indusind.com/in/en/investors/investor-landing/investor-resources.html#policies-and-codes>

Board Diversity Policy

The Bank has benefited from the guidance and strategic direction of eminent persons from diverse fields as Directors in its Board.

The 'Board Diversity Policy' was formulated in 2015 to ensure diversity of experience, knowledge, perspective, background, gender, age and culture. The primary objective of this Policy is to provide a framework for building a Board that would contribute to the achievement of the Bank's strategic and commercial objectives.

The Bank believes that a professional Board that possesses diverse skills, varied experience and expertise enhances the quality and speed of decision-making processes, which benefits all stakeholders.

RBI have, vide their Circular dated November 24, 2016, advised banks to broaden the fields of specialization of persons who could be considered for appointment as 'Director', viz., Information Technology, Payment & Settlement Systems, Human Resources, Risk Management, and Business Development and Management.

The Board Diversity Policy includes the said skill sets as part of the criteria for induction as a Director on the Board of the Bank.

Board Diversity Policy has been hosted on the Bank's website, at:

Dividends:

The Board of Directors at its meeting held on April 29, 2022, recommended a Dividend of ₹8.50 (85%), per equity share of ₹ 10/- each, fully paid, for the financial year ended March 31, 2022.

Modes of making payment of Dividend through electronic mode:

The SEBI Listing Regulations have directed that listed companies shall mandatorily make all payments to investors including dividend to shareholders, by using any RBI approved electronic mode of payment, viz., National Automated Clearing House (NACH), Direct Credit (in case Bank Account is with IndusInd Bank), RTGS, NEFT, etc.

In order to receive the Dividend without loss of time, all the eligible shareholders holding shares in demat mode are requested to update with their respective Depository Participants, their correct Bank Account Number, including 9 Digit MICR Code and 11 digit IFSC Code, E- Mail ID and Mobile No(s). This will facilitate the remittance of the Dividend amount directly in the Bank Account of the Shareholder electronically.

In case any of the dividend payments not executed via electronic mode for any reason, the Bank shall issue Dividend Warrants.

Updation in e-mail IDs and mobile numbers enables the Bank to send communications relating to credit of dividend, unclaimed dividend, etc. in a prompt and efficient manner to the Shareholders.

Shareholders holding shares in physical form may communicate details relating to their Bank Account, 9 Digit MICR Code, 11 digit IFSC Code, E-Mail ID and Mobile Numbers to the Registrar and Share Transfer Agents, viz., Link Intime India Pvt. Ltd., having address at C-101, 247 Park, L. B. S. Marg, Vikhroli (West), Mumbai - 400 083, by quoting the reference folio number and attaching a photocopy of the Cheque leaf of their active Bank Account and a self-attested copy of their PAN card.

Unclaimed Dividend:

As per the applicable provisions of the Companies Act, 2013, the Bank is statutorily required to transfer to the Investor Education & Protection Fund (IEPF), all Dividends remaining unclaimed for a period of seven years from the date of transfer to the Unpaid Dividend Account. Once such amounts are transferred to IEPF, no claim of the shareholder shall lie against the Bank. However, shareholders are requested to refer to website of the IEPF Authority for the procedure required to be followed to claim the refund at <http://iepf.gov.in/IEPF/corporates.html> or to contact the Secretarial and Investor Services Cell of the Bank for assistance. Unclaimed Dividends up to the Financial Year 2013-14 have already been transferred to the IEPF, after giving due notice to the shareholders whose names were appearing in the list of unclaimed recipients.

Details of unclaimed dividends for the Financial Year 2014-15 onwards, and the last date for claiming the dividend for respective years, as on March 31, 2022, are given in the table below. Members are requested to take note of such due dates and claim the unpaid dividends well in advance of the due date (i.e., before the expiry of the seven-year period).

Year	Type of Dividend	Date of declaration of Dividend	Due date for availing unclaimed Dividend	Dividend Amount unclaimed (₹)	Dividend Amount unclaimed as a % of total Dividend paid.

2019-20	Final	No Dividend was paid as per RBI directives.			
2020-21	Final	August 26, 2021	September 27, 2028	95,89,617.12	0.3

Transfer of Equity shares, to the Investor Education and Protection Fund (IEPF)

In terms of Section 124(6) of the Companies Act, 2013, read with Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, made effective by the Ministry of Corporate Affairs on September 7, 2016, members are requested to note that the shares in respect of which Dividend remaining Unpaid or Unclaimed for seven consecutive years or more are required to be transferred to the IEPF Authority.

In this connection, the Bank has sent Intimation Letters to members on June 3, 2022 in respect of the shares on which Dividend had remained Unpaid or Unclaimed for seven consecutive years or more since 2014-15, requesting them to claim such dividend so as to avoid the corresponding shares being transferred to the IEPF Authority, failing which the shareholders whose name appears in the list on September 21, 2022 their shares shall be transferred to the IEPF Authority within 30 days from 'Due Date', viz. September 21, 2022. An advertisement to this effect was published in Financial Express (all editions) in English language and in Loksatta newspaper, Pune edition in Marathi language on June 4, 2022.

The Bank has transferred the Unclaimed Dividends / Equity Shares for the period 2008-2009, 2009-10, 2010-11, 2011-12, 2012-13 and 2013-14, to the IEPF Authority.

Members are also requested to note that the dividend declared for the financial years 2017-18, 2018-2019 and 2020-21, against the shares already transferred to the IEPF Authority, has been credited to IEPF authority.

Persons whose Dividend / Shares have been transferred to the IEPF Authority, may claim the refund from the IEPF Authority by filing e-form IEPF - 5 online, and following the procedure detailed on the website at: <http://iepf.gov.in/IEPF/corporates.html>

Members are requested to contact Link Intime India Private Limited (Contact Details and Office Address given elsewhere in this Report) / Bank's Secretarial and Investor Services team for obtaining the Unclaimed Dividends standing in their names.

The information pertaining to Unpaid or Unclaimed Dividends, and the details of such Members and Shares due for transfer to the IEPF Authority are also available on the Bank's website: www.indusind.com

failing which the shareholders whose name appears in the list on September 21, 2022 their shares shall be transferred to the IEPF Authority within 30 days from 'Due Date', viz. September 21, 2022.

Details of Shares lying in Unclaimed Suspense Account as on March 31, 2022, are as follows:

*Number of shareholders who approached the Bank for the transfer of shares from the suspense account.

**The voting rights on the aforesaid shares shall remain frozen until the rightful owner claims the shares.

Updating details of shares held in physical mode:

Securities and Exchange Board of India ('SEBI') vide its Circular No. SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2021/655 dated November 3, 2021, mandated all listed companies to record the PAN, Address with PIN code, e-mail address, Mobile Number, Bank Account details, Specimen Signature and Nomination of the Shareholders. In this regard, the Bank had sent intimation to the shareholder holding shares in physical mode on January 31, 2022.

The relevant formats for updating details viz. Forms ISR-1, ISR-2, ISR-3, SH-13, SH-14 and the aforesaid SEBI circular are available on the below path on the website of the Bank:

<https://www.linkintime.co.in> Resources > Downloads> General> Formats for KYC.

<https://www.indusind.com/in/en/investors/investor-landing/corporate-announcement.html> i.e. Investors > Investor Relations > Corporate Announcements > SEBI KYC Formats.

The folios of the shareholder holding shares in physical mode, wherein any one of the cited document / details are not available on or after April 1, 2023, shall be frozen. Further, if the said folios remain frozen as on December 31, 2025, the concerned folios will be referred by the Registrar & Share Transfer Agent to the administering authority under the Benami Transactions (Prohibitions) Act, 1988 and or the Prevention of Money Laundering Act, 2002, as amended.

We therefore, request the concerned shareholders of the Bank to comply with the above-mentioned KYC norms, on priority basis.

Independent Auditors' Report

To the Members of IndusInd Bank Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **IndusInd Bank Limited** ("the Bank"), which comprise the Balance Sheet as at March 31, 2022, the Profit and Loss Account and the Cash Flow Statement for the year then ended and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Banking Regulation Act, 1949 as well as the Companies Act, 2013 ("the Act") in the manner so required for banking companies and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Bank as at March 31, 2022, its profit and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditors' Responsibilities for the Audit of the Standalone Financial Statements' section of our report. We are independent of the Bank in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and Rules thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Emphasis of Matter

We draw attention to Note 4.11 of Schedule 18 to the standalone financial statements which explains that the extent to which COVID-19 pandemic will impact the Bank's operations and standalone financial statements is dependent on future developments, which are highly uncertain.

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the Year ended March 31, 2022. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matters	How our audit addressed the key audit matter
<u>Information Technology (IT) Controls Framework impacting financial controls</u>	
<p>The Bank has a complex IT architecture to support its day - to - day business operations. The volume of transactions processed and recorded is huge. Moreover, a transaction may be required to be recorded across multiple applications depending upon the process and each application has different rules and a different set of user access and authority matrix. These applications are interlinked using different technologies so that data transfer happens in real time or at a particular time of the day; in batches or at a transaction level and in an automated manner or manually. The Core Banking Solution (CBS) itself has many interfaces. All these data streams directly affect the financial accounting and reporting process of the Bank.</p>	<p>IT audit specialists are an integral part of our engagement team. Our approach of testing IT General Controls (ITGC) and IT Application Controls (ITAC) is risk based and business centric.</p> <p>As part of our IT controls testing, we have tested ITGC as well as ITAC. The focus of testing of ITGCs was based on the various parameters such as Completeness, Validity, Identification/ Authentication Authorization, Integrity and Accountability. On the other hand, focus of testing automated controls from applications was whether the controls prevent or detect unauthorized transactions and support financial objectives including completeness, accuracy, authorization and validity of transactions.</p>

Key Audit Matters	How our audit addressed the key audit matter
<p>The Bank has a process for identifying the applications where the controls are embedded. It also has a process to ensure that systems, processes and controls remain relevant. The Bank's IT control framework includes automated, semi-automated and manual controls designed to address identified risks. IT controls are stated in Entity Level Controls (ELC), IT General Controls (ITGC) and IT Application Controls (ITAC).</p> <p>We have identified IT Controls Framework as a Key Audit Matter as the Bank's business is highly dependent on technology, the IT environment is complex and the design and operating effectiveness of IT controls have a direct impact on its financial reporting process. Review of these controls allows us to provide assurance on the integrity and completeness of data processed through various IT applications which are used for the preparation of financial reports.</p>	<p>We gathered an understanding of IT applications landscape implemented at the Bank. It was followed by process understanding, mapping of applications to the same and understanding financial risks posed by people-process and technology.</p> <p>In ITGC testing, on sample basis, we reviewed control areas such as User Management, Change Management, Systems Security, cyber security, interface testing, deployment of new applications, Incident Management, Physical & Environmental Security, Backup and Restoration, Business Continuity and Disaster Recovery, Service Level Agreement.</p> <p>For ITAC, we carried out on sample basis, compliance tests of system functionality in order to assess the accuracy of system calculations. We also carried out procedures such as validations and limit checks on data entered into applications, approvals, process dependencies and restriction on time period in which transactions may be recorded.</p> <p>We tested the control environment using various techniques such as inquiry, walkthroughs in live environment, review of documentation/record/reports, observation and re-performance. We also tested few controls using negative testing technique. We had taken adequate samples of instances for our tests considering the audit universe.</p> <p>Wherever deviations were noted either the same were explained to our satisfaction or we tested compensating controls and performed alternate procedures, where necessary, to draw comfort.</p>
<p>Classification, Provisioning and Write off of Advances</p> <p>(Refer Schedule 5, Schedule 9, note 6 of Schedule 17 and note 4.1, 4.7 of Schedule 18 to the standalone financial statements)</p>	
<p>The Bank's portfolio of loans and advances to borrowers (net of provisions) amounts to ₹ 2,39,052 crores as at March 31, 2022.</p> <p>As required under prudential norms on Income Recognition, Asset Classification and provisioning pertaining to advances (IRAC norms) issued by the Reserve Bank of India (RBI), "Resolution framework for Covid-19 related Stress" (the "Resolution Framework") issued by the RBI on August 06, 2020 and May 05, 2021 and relevant other circulars, notifications and directives issued by the RBI which were collectively considered by the Bank till March 31, 2022 classifies advances into performing and non-performing advances (NPA) which consists of Standard, Sub-standard, Doubtful and Loss and makes appropriate provisions.</p>	<p>We gained understanding of the processes by carrying out walkthroughs and tested the key controls over borrower risk grading for advances (including larger customer exposures that are monitored individually) for classification of such loans as performing or non-performing. Our audit procedures included, but were not limited to the following:</p> <ul style="list-style-type: none"> • Tested on sample basis, the approval of new lending facilities, the annual review/renewal assessments for existing facilities against the Bank's credit policies, and controls over the monitoring of credit quality;

Key Audit Matters	How our audit addressed the key audit matter
<p>The Bank, as per its governing framework, made the performing and non-performing advances provisions based on Management’s assessment of the degree of impairment of the advances subject to and guided by minimum provisioning levels prescribed under relevant RBI guidelines.</p> <p>The Classification, Provisioning and Write off of Advances is a Key Audit Matter as the Bank has significant credit risk exposure to a large number of borrowers across various sectors, products, industries and geographies and there is a high degree of complexity, uncertainty and judgment involved in recoverability of advances, nature of transactions and estimation of provisions thereon and identification of accounts to be written off.</p> <p>The same resulted in significant audit efforts to address the risks around loan recoverability and the determination of related provisions.</p> <p>Implementation of the RBI circulars also required the Bank to implement changes in its base Information Technology applications.</p>	<ul style="list-style-type: none"> • Evaluated the design of internal controls relating to borrower wise classification of loan in the respective asset classes viz., standard, sub-standard, doubtful and loss with reference to their days-past-due (DPD) status (including consideration of non-financial parameters of NPA, restructuring guidelines and Resolution framework) and provisioning of advances. Tested the operating effectiveness of these internal controls; • Tested loans on sample basis to form our own assessment as to whether impact of impairment events have been recognised in a timely manner by the Bank; • Made inquiries of management regarding any effects considered on the NPA identification and / or provisioning, resulting from observations raised by the RBI during their annual inspection of the Bank’s operations; • For the selected non-performing advances, we assessed Management’s forecast and inputs of recoverable cash flows, impact of auditor’s comments on the financial statements, valuation of underlying security and collaterals, estimation of recoverable amounts on default and other sources of repayment; • Obtained the Board approved note for advances written off during the year; • Held specific discussions with the Credit and Risk departments to ascertain how various Early Warning Signal (EWS) and potential defaults have been identified and assessed in identification of NPA; • Performed credit assessments of a sample of corporate and retail loans including larger exposures assessed by Bank showing signs of deterioration, or in areas of emerging risk (assessed against external market conditions). We have reviewed the Bank’s risk grading of the loan, their account statement review and assessment of loan recoverability and the impact on the credit provision. To do this, we used the information on the Borrowers loan file, discussed the case with the concerned officials and senior management, and performed our own assessment of recoverability; and • Reviewed Bank’s policy including Standard Operating Procedures with respect to implementation of Resolution framework (‘guidelines’) and tested sample to ascertain the implementation of those guidelines by the Bank.

Key Audit Matters	How our audit addressed the key audit matter
	<p>Provisions for advances:</p> <ul style="list-style-type: none"> • Tested the Bank's processes for making provision on advances for compliance with RBI regulations and internally laid down policies for provisioning; • We had taken the walkthrough of the NPA automation process deployed through CRISMAC in the current financial year and tested the core functionality for selected sample considering the audit universe. Tested the completeness and accuracy of data transferred from underlying source systems used for computing collective provision; • Considered board approved policy and internal laid down policy for higher provision for advances covered under Resolution Framework, stressed sectors, adopted by the Bank; • Validated the parameters used to calculate collective provisions with reference to IRAC norms; • Tested provision created for fraud accounts as at March 31, 2022 as per the RBI circular; • Re-performed, for a sample of retail and corporate portfolios, the calculation of provisions, to determine the accuracy of the same (Collective for standard portfolio and case specific for non performing portfolio); • With respect to holding provision as at March 31, 2022 against the potential impact of Covid-19 pandemic, we broadly reviewed the underlying assumptions and estimates used by the management for the same but as the extent of impact is dependent on future developments which are highly uncertain, we primarily relied on those assumptions and estimates. These assumptions and estimates are a subject matter of periodic review by the Bank; • We perused the submissions to the Board of Directors for the NPA Provisioning made as at March 31, 2022; • With respect to the Resolution Framework, we have ensured that the Bank's Board approved policy was in accordance with RBI circulars. On a test check basis, we ensured that restructuring was approved and implemented, and provision made on such restructured accounts are in accordance with the Bank's board approved policy and the resolution framework; and • Assessed the adequacy of disclosures against the RBI Guidelines.

Other Information

The Bank's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors' Report and Management Discussion and Analysis forming part of the Annual Report, but does not include the standalone financial statements, consolidated financial statements and our auditors' report thereon. The other information is expected to be made available to us after the date of this auditors' report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Bank's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Bank in accordance with the accounting principles generally accepted in India, including the Accounting Standards prescribed under Section 133 of the Act, read with the relevant rules issued thereunder, provision of Section 29 of the Banking Regulation Act, 1949 and the circulars, guidelines and directions issued by RBI from time to time ("RBI Guidelines"). This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act, Banking Regulations Act, 1949 and the RBI Guidelines for safeguarding of the assets of the Bank and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Bank's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this standalone financial statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Bank has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the standalone financial statements made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if

such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Bank to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

One of the current Joint Statutory Auditors has carried out audit of the standalone financial statements of the Bank for the year ended March 31, 2021 and issued an unmodified opinion vide its report dated April 30, 2021.

Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

Annexure A to Independent Auditors' Report

[Referred to in paragraph 2 (h) under 'Report on Other Legal and Regulatory Requirements' section in our Independent Auditor's Report of even date to the members of IndusInd Bank Limited on the standalone financial statements for the year ended March 31, 2022]

Report on the Internal Financial Controls with reference to Financial Statements under clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of IndusInd Bank Limited ("the Bank") as of March 31, 2022 in conjunction with our audit of the standalone financial statements of the Bank for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Bank's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Bank considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Bank's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Bank's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing specified under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness.

Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Bank's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with reference to Financial Statements

A Bank's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A Bank's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Bank; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Bank are being made only in accordance with authorisations of management and directors of the Bank; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Bank's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Bank has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2022, based on the internal control with reference to financial statements criteria established by the Bank considering the essential components of internal controls stated in the Guidance Note issued by the ICAI.

Schedule 17 Significant accounting policies

Background

IndusInd Bank Limited ('the Bank') was incorporated in 1994 under the Companies Act, 1956 and is licensed by the Reserve Bank of India (RBI) to operate as a commercial bank under the Banking Regulation Act, 1949. The Bank is publicly held and engaged in providing a wide range of banking products and financial services to corporate and retail clients besides undertaking treasury operations. The Bank operates in India including at the International Financial Service Centre in India (IFSC), at GIFT City, and does not have a branch in any foreign country.

1. Basis of preparation

- 1.1** The accompanying financial statements have been prepared and presented under the historical cost convention and accrual basis of accounting except where otherwise stated and in accordance with statutory requirements prescribed under the Banking Regulation Act 1949, circulars and guidelines issued by RBI from time to time (RBI guidelines), accounting standards referred to in Section 133 of the Companies Act, 2013 (the Act) read together with the Companies (Accounting Standards) Amendment Rules, 2006 (as amended from time to time) and other relevant provisions of the Act in so far as they apply to the Bank and practices prevailing within the banking industry in India.

2. Use of Estimates

- 2.1** The preparation of the financial statements in conformity with generally accepted accounting principles in India requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities (including contingent liabilities) at the date of the financial statements, revenues and expenses during the reporting period. Management believes that the estimates and assumptions used in the preparation of the financial statements are prudent and reasonable. Any revision to accounting estimates is recognised prospectively in current and future periods.

3. Transactions involving Foreign Exchange

- 3.1** Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.
- 3.2** Monetary assets and liabilities of domestic and integral foreign operations denominated in foreign currency are translated at the Balance Sheet date at the closing rates of exchange notified by the Foreign Exchange Dealers' Association of India ('FEDAI') and the resulting gains or losses are recognised in the Profit and Loss account.
- 3.3** Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction; and all non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.
- 3.4** Both monetary and non-monetary assets and liabilities of non-integral foreign operations are translated at the Balance Sheet date at the closing rates of exchange notified by the Foreign Exchange Dealers' Association of India ('FEDAI') and the resulting gains or losses are accumulated in the foreign currency translation reserve until disposal of the net investment at which time they are recognised in Profit and Loss Account as gains or losses.
- 3.5** All foreign exchange forward contracts outstanding at the Balance Sheet date are re-valued on present value basis and the resulting gains or losses are recognised in the Profit and Loss account.
- 3.6** Swap Cost arising on account of foreign currency swap contracts to convert foreign currency funded liabilities and assets into rupee liabilities and assets is amortised to the Profit and Loss account under the head 'Interest – Others' over the life of swap contracts.
- 3.7** Income and expenditure of domestic and integral foreign operations denominated in a foreign currency is translated at the rates of exchange prevailing on the date of the transaction. Income and expenditure of non-integral foreign operations is translated at quarterly average closing rates.

- 3.8** Contingent liabilities at the Balance Sheet date on account of outstanding forward foreign exchange contracts, guarantees, acceptances, endorsements and other obligations denominated in a foreign currency are stated at the closing rates of exchange notified by the FEDAI.

4. Investments

Significant accounting policies in accordance with RBI guidelines are as follows:

4.1 Categorisation of Investments

The Bank classifies its investment at the time of purchase into one of the following three categories:

- (i) **Held to Maturity (HTM)** – Securities acquired with the intention to hold till maturity.
- (ii) **Held for Trading (HFT)** – Securities acquired with the intention to trade. As per the RBI guidelines, HFT securities, which remain unsold for a period of 90 days are transferred to AFS category.
- (iii) **Available for Sale (AFS)** – Securities which do not fall within the above two categories.

Subsequent shifting amongst the categories is done in accordance with RBI guidelines.

4.2 Classification of Investments

For the purpose of disclosure in the Balance Sheet, investments are classified under six groups viz., (i) Government Securities, (ii) Other Approved Securities, (iii) Shares, (iv) Debentures and Bonds, (v) Investments in Subsidiaries and Joint Ventures, and (vi) Other Investments.

4.3 Acquisition cost

- (i) Broken period interest on debt instruments is treated as a revenue item.
- (ii) Brokerage, commission, etc. pertaining to investments, paid at the time of acquisition is charged to the Profit and Loss account.
- (iii) Cost of investments is computed based on the weighted average cost method.

4.4 Valuation of Investments

- (i) **Held to Maturity** – Each security in this category is carried at its acquisition cost or amortised cost. Any premium on acquisition of the security is amortised over the balance period to maturity. The premium amortization is recognized in Profit and Loss Account under Interest earned – Income on investments (Item II of Schedule 13). The book value of the security is reduced to the extent of premium amortized. Diminution, other than temporary, is determined and provided for each investment individually.
- (ii) **Held for Trading** – Securities are valued scripwise and depreciation / appreciation is aggregated for each classification. The book value of the individual securities is not changed as a result of periodic valuations. Net appreciation in each classification is ignored, while net depreciation is provided for.
- (iii) **Available for Sale** – Securities are valued scrip-wise and depreciation / appreciation is aggregated for each classification. The book value of the individual securities is not changed as a result of periodic valuations. Net appreciation in each classification is ignored, while net depreciation is provided for.
- (iv) Market value of government securities (excluding treasury bills) is determined on the basis of the prices / YTM published by Financial Benchmark India Private Limited (FBIL).
- (v) Treasury bills, commercial papers and certificate of deposits are valued at carrying cost, which includes discount accreted over the period to maturity.
- (vi) Fair value of other debt securities is determined based on the yield curve published by FBIL and credit spreads provided by Fixed Income Money Market and Derivatives Association (FIMMDA).

- (vii) Quoted equity shares held under AFS and HFT categories are valued at the closing price on a recognised stock exchange, in accordance with the RBI guidelines. Unquoted equity shares are valued at their break-up value or at ₹ 1 per company where the latest Balance Sheet is not available continuously for more than 18 months as on the date of valuation.
- (viii) Units of the schemes of mutual funds are valued at latest Net Asset Value (NAV) provided by the respective schemes of mutual funds.
- (ix) Investments in equity shares held as long-term investments by erstwhile IndusInd Enterprises & Finance Limited and Ashok Leyland Finance Limited (since merged with the Bank) are valued at cost and classified under HTM category. Provision towards diminution in the value of such long-term investments is made only if the diminution in value is not temporary in the opinion of management.
- (x) Investment in subsidiaries and associate companies are classified as part of HTM category and valued at cost. Such investments are assessed for impairment and any other than temporary diminution in value is provided for.
- (xi) Security Receipts (SR) are valued at the lower of redemption value and NAV obtained from the Securitisation Company (SC) / Reconstruction Company (RC). In respect of significant investment in SRs backed by stressed assets sold by the Bank, the value is subject to a prudential floor considering the asset classification of the stressed assets, had they remained on the books of the Bank.
- (xii) Purchase and sale transaction in securities are recorded under Settlement Date method of accounting, except in the case of the equity shares where Trade Date method of accounting is followed.
- (xiii) Provision for non-performing investments is made in conformity with RBI guidelines.
- (xiv) Repurchase (Repo) and Reverse Repurchase (Reverse Repo) transactions (including transactions under Liquidity Adjustment Facility (LAF) with RBI) are accounted for as collateralised borrowing and lending respectively. Borrowing cost on repo transactions is accounted as interest expense and revenue on reverse repo transactions is accounted as interest income.
- (xv) In respect of the short sale transactions in Central Government dated securities, the short position is covered by outright purchase of an equivalent amount of the same security within a maximum period of three months including the day of trade. The short position is reflected as the amount received on sale in a separate account and is classified under 'Investments'. The short position is categorized under the HFT portfolio and is accounted for accordingly.
- (xvi) Profit or loss in respect of sale of investments is included in the Schedule 14 under Profit on Sale of Investments(net). In respect of profit from sale of investments under HTM category, an equivalent amount (net of taxes, if any, and net of transfer to Statutory Reserves as applicable to such profits) is appropriated from the Profit and Loss Appropriation account to Capital Reserve account.
- (xvii) In the event, provisions created on account of depreciation in the AFS or HFT categories are found to be in excess of the required amount in any year, the excess is credited to the Profit and Loss account and an equivalent amount (net of taxes, if any, and net of transfer to Statutory Reserves as applicable to such excess provisions) is appropriated to an Investment Reserve Account (IRA).

The balance in IRA account is used to meet provision on account of depreciation in AFS and HFT categories by transferring an equivalent amount to the Profit and Loss Appropriation account as and when required.
- (xviii) Out of net profits earned during the year, transfer is made to Investment Fluctuation Reserve, for an amount not less than the lower of the (a) net profit on sale of investments during the year or (b) net profit for the year less mandatory appropriations, till the balance in such Investment Fluctuation Reserve reaches a level of at least 2% of the aggregate HFT and AFS portfolio. Draw down, if any, from the Investment Fluctuation Reserve shall be in accordance with the applicable RBI guidelines.

- 4.5** Investments in unquoted units of Venture Capital Funds (VCF) and Alternative Investment Funds (AIF) are categorised under HTM category for initial period of three years and valued at cost as per RBI guidelines. Units of VCF and AIF held under AFS category, where current quotations are not available, are marked to market based on the Net Asset Value (NAV) shown by VCF or AIF as per the latest audited financials of the fund. In case the audited financials are not available for a period beyond 18 months, the investments are valued at ₹ 1 per VCF or AIF, as the case may be.
- 4.6** In accordance with RBI Circular on Transfer of Loans dated September 24, 2021, the SRs backed by its transferred loans and issued under that securitisation, the valuation of such SRs by the transferor will be additionally subject to a floor of face value of the SRs reduced by the provisioning rate as applicable to the underlying loans, had the loans continued in the books of the transferor.

5. Derivatives

Derivative contracts are designated as hedging or trading and accounted for as follows:

- 5.1** The hedging contracts comprise of Forward Rate Agreements, Interest Rate Swaps, and Currency Swaps undertaken to hedge interest rate and currency risk on certain assets and liabilities. The net interest receivable or payable is accounted on an accrual basis over the life of the swaps. However, where the hedge is designated with an asset or liability that is carried at market value or lower of cost and market value, then the hedging instrument is also marked to market with the resulting gain or loss recorded as an adjustment to the market value of designated assets or liabilities. Gains or losses on the termination of hedge swaps is accounted in accordance with RBI guidelines.
- 5.2** The trading contracts comprise of trading in Forward Contracts, Interest Rate Swaps, Currency Swaps, Cross Currency Interest Rate Swaps, Forward Rate Agreements, Interest Rate Futures, FX Futures, Currency Futures, etc. The gain or loss arising on unwinding or termination of the contracts, is accounted for in the Profit and Loss account. Trading contracts outstanding as at the Balance Sheet date are re-valued at their fair value and resulting gains or losses are recognised in the Profit and Loss account.
- 5.3** Premium paid and received on currency options is accounted when due in the Profit and Loss Account.
- 5.4** Fair value of derivative is determined with reference to market quotes or by using valuation models. Where the fair value is calculated using valuation models, the methodology is to calculate the expected cash flows under the terms of each specific contract and then discount these values back to the present value. The valuation takes into consideration all relevant market factors (e.g. prices, interest rate, currency exchange rates, volatility, liquidity, etc.). Most market parameters are either directly observable or are implied from instrument prices. The model may perform numerical procedures in the pricing such as interpolation when input values do not directly correspond to the most actively traded market trade parameters.
- 5.5** Provisioning of overdue customer receivable on derivative contracts is made as per RBI guidelines.

6. Advances

- 6.1** Advances are classified as per RBI guidelines into standard, sub-standard, doubtful and loss assets after considering subsequent recoveries to date.
- 6.2** A general provision on standard assets is made in accordance with RBI guidelines for the funded outstanding on global portfolio basis. In respect of stressed advances which are not yet classified non-performing, contingent provisions are made prudentially. Provision made against standard assets is included in 'Other Liabilities and Provisions - Others'.
- 6.3** Unhedged Foreign Currency Exposures (UFCE) of Clients are subject to incremental provisions basis assessment of estimated risk in line with RBI guidelines. Provision made towards UFCE and consequent further capital held under Basel III Capital regulations are disclosed separately. The provision forms a part of provision on standard assets.

- 6.4 Specific provisions for non-performing advances and floating provisions are made in conformity with RBI guidelines. In addition, the Bank considers accelerated provisioning based on past experience, and other related factors including underlying securities.
- 6.5 For restructured/rescheduled assets, provision is made in accordance with the guidelines issued by RBI, which requires the diminution in the fair value of the assets to be computed as the fair value of loans before and after restructuring. The restructured accounts are classified in accordance with RBI guidelines.
- 6.6 Advances are disclosed in the Balance Sheet, net of specific provisions and interest suspended for non performing advances, and floating provisions.
- 6.7 Advances exclude derecognised securitised advances, inter-bank participation certificates issued and bills rediscounted.
- 6.8 Amounts recovered during the year against bad debts written off in earlier years are recognised in the Profit and Loss account. Provision no longer considered necessary in the context of the current status of the borrower as a performing asset, are written back to the Profit and Loss account to the extent such provisions were charged to the Profit and Loss account.
- 6.9 Further to the provisions held according to the asset classification status, provision is held in accordance with RBI guidelines for individual country exposures (other than for home country exposure), where the net funded exposure of a country is one percent or more of the total assets. Provision held for country risk is included under 'Other Liabilities and Provisions'.
- 6.10 The Bank makes floating provision as per the Board approved policy, which is in addition to the specific and general provisions made by the Bank. The floating provision is utilised, with the approval of Board and RBI, if required. The floating provision is netted-off from advances.

7. Securitisation transactions, direct assignments and other transfers

- 7.1 The Bank transfers its loan receivables both through Direct Assignment route as well as transfer to Special Purpose Vehicles ('SPV').
- 7.2 The securitization transactions are without recourse to the Bank. The transferred loans and such securitized receivables are de-recognized as and when these are sold (true sale criteria being fully met) and the consideration has been received by the Bank. Gains or losses are recognized in accordance with relevant RBI guidelines.
- 7.3 In terms of RBI guidelines, profit or premium arising on account of sale of standard assets, being the difference between the sale consideration and book value, is amortized over the life of the securities issued by the Special Purpose Vehicles (SPV). Any loss arising on account of the sale is recognized in the Profit and Loss account in the period in which the sale occurs.
- 7.4 In case of sale of non-performing assets through securitization route to Securitisation Company or Asset Reconstruction Company by way of assignment of debt against issuance of Security Receipts (SR), the recognition of sale and accounting of profit and loss thereon is done in accordance with applicable RBI guidelines. Generally, the sale is recognized at the lower of redemption value of SR and the Net Book Value (NBV) of the financial asset sold, and the surplus is recognized in the Profit and Loss Account on realisation; shortfall if any, is charged to the Profit and Loss account subject to regulatory forbearance, if any, allowed from time to time. Profit or loss realized on ultimate redemption of the SR is recognized in the Profit and Loss Account.
- 7.5 The Bank transfers advances through inter-bank participation with and without risk. In accordance with the RBI guidelines, in the case of participation with risk, the aggregate amount of the participation issued by the Bank is reduced from advances and where the Bank is participating, the aggregate amount of the participation is classified under advances. In the case of participation without risk, the aggregate amount of participation issued by the Bank is classified under borrowings and where the Bank is participating, the aggregate amount of participation is shown as due from banks under advances.

8. Property, Plant and Equipment

- 8.1** Fixed assets are stated at cost (except in the case of premises which were re-valued based on values determined by approved valuers) less accumulated depreciation and impairment, if any. Cost includes incidental expenditure incurred on the assets before they are ready for intended use.
- 8.2** The appreciation on account of revaluation is credited to Revaluation Reserve. In case of revalued/impaired assets, depreciation is provided over the remaining useful life of the assets with reference to revised asset values. In case of premises, which are carried at revalued amounts, the depreciation on the excess of revalued amount over historical cost is transferred from Revaluation Reserve to General Reserve annually.

Depreciation, including amortisation of intangible assets, is provided over the useful life of the assets, *pro rata* for the period of use, on a straight-line method. The useful life estimates prescribed in Part C of Schedule II to the Companies Act, 2013 are generally adhered to, except in respect of asset classes where, based on technical evaluation, a different estimate of useful life is considered suitable. Pursuant to this policy, the useful life estimates in respect of the following assets are as follows:

- (a) Computers at 3 years
- (b) Application software and perpetual software licences at 5 years
- (c) Printers, Scanners, Routers, Switch at 5 years
- (d) ATMs at 7 years
- (e) Network cabling, Electrical Installations, Furniture and Fixtures, Other Office Machinery at 10 years
- (f) Vehicles at 5 years
- (g) Buildings at 60 years

Fixed assets costing less than ₹ 5,000 individually are fully depreciated in the year of purchase.

The useful life of an asset class is periodically assessed taking into account various criteria such as changes in technology, changes in business environment, utility and efficacy of an asset class to meet with intended user needs, etc. Whenever there is a revision in the estimated useful life of an asset, the unamortised depreciable amount is charged over the revised remaining useful life of the said asset.

Non-banking assets:

Non-Banking Assets (NBAs) acquired in satisfaction of claims are carried at lower of net book value and net realisable value. Further, the Bank creates provision on non-banking assets as per specific RBI directions.

- 8.3** The carrying amount of fixed assets is reviewed at the Balance Sheet date to determine if there are any indications of impairment based on internal / external factors. In case of impaired assets, the impairment loss i.e. the amount by which the carrying amount of the asset exceeds its recoverable value is charged to the Profit and Loss account to the extent the carrying amount of assets exceeds its estimated recoverable amount.

9. Revenue Recognition

- 9.1** Interest and discount income on performing assets is recognised on accrual basis. Interest and discount income on non-performing assets is recognised on realisation.
- 9.2** Interest on Government securities, debentures and other fixed income securities is recognised on a period proportion basis. Income on discounted instruments is recognised over the tenor of the instrument on a Constant Yield to Maturity method.
- 9.3** Dividend income is accounted on accrual basis when the right to receive dividend is established.

- 9.4 Commission (except for commission on Deferred Payment Guarantees which is recognised over the term on a straight line basis), Exchange and Brokerage are recognised on a transaction date and net of directly attributable expenses.
- 9.5 Fees are recognised on an accrual basis when binding obligation to recognise the fees has arisen as per agreement, except in cases where the Bank is uncertain of realisation.
- 9.6 Income from distribution of third party products is recognised on the basis of business booked.
- 9.7 The Bank in accordance with RBI circular FIDD.CO.Plan.BC.5/04.09.01/2020-21 dated September 4, 2020, trades in priority sector portfolio by selling or buying PSLC. There is no transfer of risks or loan assets in these transactions. The fee paid for purchase of the PSLC is treated as an 'Expense' and the fee received from the sale of PSLCs is treated as 'Other Income'.
- 9.8 Gain / loss on sell down of loans is recognised in line with the extant RBI guidelines.

10. Operating Leases

- 10.1 Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Lease rental obligations in respect of assets taken on operating lease are charged to the Profit and Loss account on a straight-line basis over the lease term.
- 10.2 Assets given under leases in respect of which all the risks and benefits of ownership are effectively retained by the Bank are classified as operating leases. Lease rentals received under operating leases are recognized in the Profit and Loss account as per the terms of the contracts.

11. Employee Benefits

- 11.1 The Gratuity scheme of the Bank is a defined benefit scheme and the expense for the year is recognized on the basis of actuarial valuation at the Balance Sheet date. The present value of the obligation under such benefit plan is determined based on independent actuarial valuation using the Projected Unit Credit Method which recognizes each period of service that gives rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. Payment obligations under the Group Gratuity scheme are managed through purchase of appropriate policies from insurers.
- 11.2 Provident Fund contribution, under defined benefit plan is made to trusts separately established for the purpose, when an employee covered under the scheme renders the related service. The rate at which the annual interest is payable to the beneficiaries by the trusts is being administered by the government. The Bank has an obligation to make good the shortfall, if any, between the return from the investments of the trusts and the notified interest rates. Actuarial valuation of this Provident Fund interest shortfall is done as per the guidance note on Valuation of Interest Rate Guarantees on Exempt Provident Funds under AS 15 (Revised) issued by the Institute of Actuaries of India, and such shortfall, if any, is provided for.

Provident Fund contribution, under defined contribution plan, is made to the scheme administered by Regional Provident Fund Commissioner (RPFC) and is debited to the Profit and Loss Account, when an employee renders the related service. The Bank has no further obligations.

In respect of employees who opted for contribution to the National Pension System (NPS) regulated by the Pension Fund Regulatory and Development Authority (PFRDA), the Bank contributes certain percentage of the basic salary, under a defined contribution plan, to identified pension fund management companies. The Bank has no liability other than its contribution, and recognises such contributions as an expense in the year in which it is incurred.

- 11.3 Provision for compensated absences is made on the basis of actuarial valuation as at the Balance Sheet date. The actuarial valuation is carried out using the Projected Unit Credit Method.
- 11.4 The Bank has changed its accounting policy from the intrinsic value method to the fair value method for all share-linked instruments granted after March 31, 2021 in accordance with RBI guidelines. Accordingly, fair value of share-linked instruments on the date of grant are recognised as an expense for all instruments granted after the

accounting period ended March 31, 2021. The fair value of the stock-based compensation is estimated on the date of grant using Black-Scholes option pricing model and is recognised as compensation expense over the vesting period.

12. Segment Reporting

In accordance with the guidelines issued by RBI, the Bank has adopted Segment Reporting as under:

- (a) **Treasury** includes all investment portfolios, Profit / Loss on sale of Investments, Profit / Loss on foreign exchange transactions, equities, income from derivatives and money market operations. The expenses of this segment consist of interest expenses on funds borrowed from external sources as well as internal sources and depreciation / amortisation of premium on Held to Maturity category investments.
- (b) **Corporate / Wholesale Banking** includes lending to and deposits from corporate customers and identified earnings and expenses of the segment.
- (c) **Retail Banking** includes lending to and deposits from retail customers and identified earnings and expenses of the segment.
- (d) **Other Banking Operations** includes all other operations not covered under Treasury, Corporate / Wholesale Banking and Retail Banking.
- (e) **Unallocated includes** Capital and Reserves, Employee Stock Options (Grants) Outstanding and other unallocable assets, liabilities, income and expenses.

13. Debit and Credit Card reward points liability

The liability towards Credit Card reward points is computed based on an actuarial valuation and the liability towards Debit Card reward points is computed on the basis of management estimates considering past trends.

14. Bullion

- 14.1** The Bank imports bullion including precious metal bars on a consignment basis for selling to its customers. The imports are on a back-to-back basis and are priced to the customer based on the prevailing price quoted by the supplier and the local levies related to the consignment like customs duty, etc. The profit earned is included in commission income.
- 14.2** The Bank sells gold coins to its customers. The difference between the sale price to customers and purchase price is reflected under commission income.

15. Income-tax

- 15.1** Tax expenses comprise of current and deferred taxes. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961. Deferred taxes reflect the impact of timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.
- 15.2** Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the Balance Sheet date.
- 15.3** Deferred tax assets are recognized, only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.
- 15.4** In case of unabsorbed depreciation and/or carry forward of losses under tax laws, deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that such deferred tax asset can be realized against future taxable income.
- 15.5** Deferred tax assets unrecognized of earlier years are re-assessed and recognised to the extent that it has become reasonably certain that future taxable income will be available against which such deferred tax assets can be realized. At each Balance Sheet date, the Company re-assesses unrecognised deferred tax assets, if any.

16. Earnings per share

Earnings per share is calculated by dividing the Net Profit or Loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per equity share are computed using the weighted average number of equity shares and dilutive potential equity shares outstanding as at end of the year.

17. Provisions, contingent liabilities and contingent assets

17.1 A provision is recognized when there is a present obligation as a result of past event, and it is probable that an outflow of resources will be required to settle the obligation, and in respect of which a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

17.2 A disclosure of contingent liability is made when there is:

- (a) A possible obligation arising from a past event, the existence of which will be confirmed by occurrence or non-occurrence of one or more uncertain future events not within the control of the bank; or
- (b) A present obligation arising from a past event which is not recognized as it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

17.3 When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

17.4 Contingent assets are not recognized or disclosed in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the assets and related income are recognized in the period in which the change occurs.

18. Cash and Cash equivalents

Cash and cash equivalents comprises of Cash in Hand and Balances with RBI and Balances with Banks and Money at Call and Short Notice.

19. Corporate Social Responsibility

Expenditure incurred towards corporate social responsibility obligations in accordance with Companies Act, 2013, is recognised in the Profit and Loss Account.

3.3 Risk Exposure in Derivatives

Derivatives Policy approved by the Board of Directors defines the framework for carrying out derivatives business and lays down policies and processes to measure, monitor and report risk arising from derivative transactions. The policy provides for appropriate risk limits for different derivative products and action to be initiated in case of breaches. As part of the Derivatives Policy, the Bank has a Product Suitability and Customer Appropriateness Policy, which is used to classify customers on the basis of their need for various derivative products and their competence in understanding such products and the attendant risks involved.

The Bank undertakes derivative transactions for hedging customers' exposure, hedging the Bank's own exposure, as well as for trading purposes, wherever permitted by RBI. The customers use these derivative products to hedge their forex and interest rate exposures, in accordance with extant regulatory guidelines. The Bank has a policy on assessing the collateral required for undertaking derivative transactions with clients as well as counterparty banks. The credit appraisal process determines the collateral requirements. The Bank retains the right to terminate transactions as a risk mitigation measure in certain circumstances.

Risk Management Department of the Bank is responsible for measuring, reporting and monitoring risk arising from derivatives transactions. It functions independent of Treasury Business Department and undertakes the following activities:

- Monitoring transactions and limits on derivatives portfolio against prescribed policies and limits on a daily basis;
- Daily review of product-wise profitability and activity reports for derivatives operations;
- Daily submission of MIS and details of exceptions to the Top Management; and
- Review of collaterals that are generally kept as cash or cash equivalent for securing derivative transactions.

The Risk Management function applies many quantitative tools and methods such as Value at Risk, PV01, stop-loss limits, counterparty limits, deal size limits and overnight position limits.

Refer Note 17.5 for the accounting policy on derivatives.

- 4.10** During the year ended March 31, 2022, there has been no individual purchase / sale of non-performing financial assets from/ to other banks (Previous year Nil).
- 4.11** The COVID-19 pandemic had led to an unprecedented level of disruption on socio-economic front which led to a nation-wide lockdown across the country in April 2020 and May 2020. The 'second wave' peaked in April 2021-May 2021 and subsided in June-July 2021. The 'third wave' of Covid-19 broke out at December end, which has impacted Banks operations mildly and level of uncertainty is currently reducing.

India is coming out of the disruptions caused by the COVID-19 pandemic. The extent to which any new wave of COVID-19 will impact the Bank's operations is dependent on future developments. In view of the same, the Bank continues to hold contingent provisions of ₹ 3,178 crores as of March 31, 2022, including an amount of ₹ 1,160 crores in respect of borrower accounts restructured in accordance with Resolution Framework for Covid-19 related stress.

5. Asset Liability Management

5.1 Maturity Pattern of certain items of Assets and Liabilities

1. Pursuant to the RBI circular dated March 27, 2020, on the COVID 19 – Regulatory Package, the Bank offered a moratorium of loan installments and interest payable to eligible borrowers. Accordingly, while drawing the maturity pattern, contractual inflows pertaining to Loans and Advances have been adjusted to the extent considered necessary.

(Compiled by management and relied upon by auditors.)

5.2 Liquidity Coverage Ratio (LCR)

The Bank has adopted the Basel III framework on liquidity standards, prescribed by the Reserve Bank of India (RBI) and has put in place requisite systems and processes to enable periodic automated computation and reporting of the Liquidity Coverage Ratio (LCR). The LCR is aimed at measuring and promoting the short-term resilience of the liquidity risk profile of banks by ensuring maintenance of sufficient High Quality Liquid Assets (HQLA) that can be easily and immediately converted into cash to meet the liquidity needs for a 30-calendar day liquidity stress scenario.

The LCR Ratio is calculated by dividing the Bank's stock of HQLA by its total net cash flows over a 30-calendar day stress period, measured on a daily basis, for the following 30 days. The prime driver of LCR is determined by its HQLA and the proportion of retail and wholesale funding sources. The HQLA comprises of two parts, i.e., Level 1 HQLA constituents which are primarily cash, excess CRR, SLR securities in excess of the minimum SLR requirement and a portion of mandatory SLR as permitted by the RBI (under MSF and FALLCR) and Level 2 HQLA constituents which are investments in highly rated non-financial corporate bonds and listed equity investments considered with the prescribed regulatory haircuts. The average HQLA for the quarter ended March 31, 2022, was ₹ 98,823 crores, as against ₹ 93,422 crores for the quarter ended March 31, 2021. The Cash outflows are determined by multiplying the outstanding balances of the various types / categories of liabilities by the outflow run-off factor and the cash inflows are calculated by multiplying the outstanding balances of the various categories of contractual receivables by inflow run-offs at which they are expected to flow in. Expected derivative cash outflows and inflows are calculated for outstanding contracts in accordance with laid down valuation methodologies and regulatory guidelines. All significant outflows and inflows in all currencies are determined in accordance with the RBI guidelines and are included in the LCR computation as per the prescribed template. Other contractual funding and borrowings which are expected to run down in a 30-days timeframe, are included in the cash outflows. There are no intragroup exposures for the Bank.

The Bank has maintained LCR well above the minimum regulatory requirements during the FY 2021-22. The average LCR maintained by the Bank for the quarter ended March 31, 2022, was at 126.33% against 145.11% for the quarter ended March 31, 2021.

The Asset Liability Committee (ALCO) of the Bank is a decision-making unit responsible for implementing the liquidity and interest rate risk management strategies of the Bank in line with its risk management objectives and ensures adherence to the risk tolerance / limits set by the Board. Liquidity Risk Management of the Bank is centralised and is undertaken by the Asset Liability Management Function in the Global Markets Group in accordance with the Board approved policies.

The Bank's funding sources are diversified across various sources and tenors. The Bank monitors the concentration of funding from various counterparties and segments. The Bank adheres to the regulatory and internal limits on inter-bank liabilities and call money borrowings. Apart from LCR, the Risk Management Department measures and monitors the liquidity profile of the Bank with reference to the Board approved policy and regulatory limits and undertakes liquidity stress testing periodically.

13. Disclosure on Remuneration

Compensation and Nomination & Remuneration Committee

Effective October 1, 2021, the Compensation Committee was merged with the Nomination and Remuneration Committee (NRC) and was renamed Compensation and Nomination & Remuneration Committee (C & NRC). The C & NRC presently comprises four members, three of these members are Independent Directors including the Chairperson of the Committee, and one is a Non-Independent Director. On aspects relating to remuneration, the mandate of the C & NRC is to establish, implement and maintain remuneration policies, procedures and practices that help to achieve effective alignment between remuneration and risks. The Compensation and Nomination & Remuneration Committee is mandated to oversee framing, review and implementation and of the Compensation Policy of the Bank as per the RBI guidelines on Compensation of Whole Time Directors / Chief Executive Officers / Risk Takers and Control function staff. The C & NRC is also required to ensure that the cost to income ratio of the Bank supports the remuneration expense of the Bank consistent with the objective of maintaining sound capital adequacy ratio. The Compensation and Nomination & Remuneration Committee also reviews compensation policies of the Bank with a view to attract, retain and motivate employees. The Compensation and Nomination & Remuneration Committee also looks after the administration and superintendence of grant of Options under the Employee Stock Option Schemes.

Compensation Policy

From April 1, 2020, onwards, the Bank has implemented the RBI Guidelines on Compensation of Whole Time Directors / Chief Executive Officers/Material Risk Takers and Control Function Staff, issued vide circular dated November 4, 2019.

The Bank has formulated a Compensation Policy in alignment with the RBI guidelines, covering all components of compensation including Fixed pay, Perquisites, Performance bonus, Guaranteed bonus (joining / sign-on bonus), Share-linked instruments (Employee Stock Option Plan), Retirement benefits such as Provident Fund and Gratuity.

The key objectives of the policy are:

- (i) Benchmark employee compensation for various job positions and skills with that of the market.
- (ii) Maintain an optimal balance between Fixed and Variable pay.
- (iii) Pay for 'Position, Performance and Person'.
- (iv) Be risk conscious and dissuade excessive risk taking (Focus on revenues and profits is balanced by emphasis on risk, operational health, compliance and governance).
- (v) Build employee ownership and long-term association through Long-term incentive plans (ESOPs, Deferred Bonus).
- (vi) Be compliant with all regulatory and statutory guidelines.

Some of the important features of the Compensation Policy are as follows:

- (i) Basis the RBI description of Material Risk Takers, the Bank defines Material Risk Takers (MRTs) as critical personnel belonging to the business line functions of Corporate & Commercial Banking, Global Markets, Gems and Jewellery, Consumer, Consumer Finance Division, etc. whose functioning and decisioning impacts the Bank materially on tangible performance aspects of Revenues, Costs, and Profits. The Material Risk Takers are identified in accordance with the qualitative and quantitative criteria specified by the RBI guidelines, such as nature of their role necessitating making risk related decisions, size of business portfolio, role criticality, being amongst 0.3% of staff with highest remuneration in the Bank. Risk controllers are defined as personnel critical to the functioning of the business support functions of Finance & Accounts, Risk, Credit, Operations, Human Resources, Inspection and Audit, Information Technology, Digital, Compliance, Investor Relations, Secretarial, Legal, Corporate Services, etc. These functions support the business line functions through back-office business processes and their functioning does not have a revenue impact through business generation.

As a good governance measure, the Bank applies similar Compensation Principles applicable to the WTDs / CEO / MRTs to the identified Risk Controllers of the Bank.

- (ii) In respect of WTDs / CEO / Material Risk Takers / Risk Controllers of the Bank, the Compensation policy provides for a reasonable annual increase in fixed pay in line with the market benchmarks. Their individual increments are linked to their annual performance rating. The quantum of annual increment and increment percentages at various performance rating levels are decided on the basis of the financial performance of the Bank. Further, on a case-to-case basis, the Bank may provide a higher increment percentage based on the individual's performance, role and criticality.
- (iii) The quantum of overall variable pay to be disbursed in a year for all eligible employees including the Material Risk Takers and Risk Controllers may vary from year to year on the basis of the financial performance of the Bank measured through various parameters such as Net Interest Margin, Net Interest Income, Return on Assets, Pre Provision Operating Profit, Profit After Tax and Return on Equity, etc. Deterioration in the financial performance of the Bank in a given Financial Year would lead to a contraction in the total variable compensation, which can even be reduced to zero.
- (iv) Employee compensation is linked to performance. Increments and Variable pay are linked to the annual performance rating. Annual Performance Rating for an employee is arrived on the basis of tangible performance against pre-set Key Results Areas (KRAs) / measurable objectives set at the beginning of the financial year.
- (v) The individual Variable pay is linked to the annual performance rating and, based on variable pay grids that outline variable pay as a percentage of Annual Guaranteed Cash at various rating levels for a grade band. Exceptional variable pay may be paid to select high performers on a case-to-case basis within the limits stipulated in the RBI guidelines.
- (vi) As per the new RBI Compensation policy effective April 01, 2020, the overall compensation of WTDs/CEOs/ Material Risk Takers / Risk Controllers comprises Fixed Pay and Variable Pay. The Variable Pay for FY21 paid to the Material Risk Taker and Risk Controllers was a mix of cash and share linked instruments. The Bank followed the Variable pay composition and Deferral guidelines as per the RBI guidelines.
- (vii) The Bank has made applicable the malus/claw-back arrangements with the concerned employees in case of deferred variable pay. The criteria would be negative financial performance of the Bank and/or relevant line of business in any year, assessed divergence in the Bank's provisioning of NPAs, material failure of risk management controls, breach of internal rules or regulations, integrity / staff accountability issues, etc. As applicable, malus arrangement would adjust deferred remuneration before vesting and claw-back arrangement would adjust deferred remuneration after vesting.
- (viii) The Compensation Policy does not provide for guaranteed bonus or sign on bonus in cash. However, in case of select critical hires, joining/sign on bonus can be granted in form of pre-hiring ESOPs (a one-time grant made at the time of joining).

- (ix) The Compensation Policy does not provide for severance pay other than the accrued benefits of Gratuity, Provident Fund, Leave encashment wherever applicable, for any employee of the Bank. Retirement benefits in the form of Provident Fund and Gratuity are as per the Bank's HR policies which are in line with the statutory norms.
- (x) All Perquisites for WTDs / CEO / Material Risk Takers / Risk Controllers are laid down in the HR Policies of the Bank.
- (xi) For WTDs /CEO/ Material Risk Takers / Risk Controllers, share linked instruments such as ESOPs form a part of the Variable pay and are a part of the total compensation. For other employees, ESOPs would be very selectively granted to attract and retain talent. ESOPs are not granted with a defined periodicity. ESOP grant criteria include grade of the employee, criticality of the position in terms of business continuity and growth, market value of the position/ perceived future value creation, performance and behavioural track record of the employee.

14.6 Implementation of IFRS converged Indian Accounting Standards (Ind AS)

The Reserve Bank of India (RBI) issued a circular in February 2016, requiring Scheduled Commercial Banks to implement Indian Accounting Standards (Ind AS) from April 1, 2018. Vide a press release dated 05 April 2018 the implementation was deferred by one year. The legislative amendments recommended by the Reserve Bank towards implementation of Ind AS are still under consideration of the Government of India. Accordingly, RBI had, through a notification dated March 22, 2019, deferred the Ind AS implementation until further notice.

Pursuant to the RBI Circular dated February 11, 2016, the Bank had formed a Steering Committee, comprising members from cross-functional areas, for the purpose of reviewing and monitoring the progress of implementation. The Bank had set up a Working Group under the guidance of the Steering Committee and has conducted Gap Assessment and identified the differences between the current accounting framework and Ind AS, including the identification of the accounting policy options provided under Ind AS 101, First Time Adoption.

The Audit Committee of the Board of Directors has an oversight on the progress of the Ind AS implementation. In accordance with RBI directions, the Bank has been submitting half yearly standalone pro forma Ind- AS financial statements along with other computations to the RBI, from time to time.

15.9 Employee Stock Option Scheme

15.9.1 On September 25, 2020, the shareholders of the Bank approved the IndusInd Bank Employee Stock Option Scheme 2020 (ESOS 2020), which comprehensively replaced the erstwhile Employee Stock Option Scheme 2007 (ESOS 2007) that was approved by the shareholders earlier on September 18, 2007. ESOS 2020 enables the Board and the Compensation Committee to grant such number of stock options of the Bank not exceeding 7% of the aggregate number of paid up equity shares of the Bank, in line with the guidelines issued by the SEBI. The options vest at one time or at various points of time as stipulated in the Award Confirmation issued by the Compensation Committee, and there shall be a minimum period of one year between the grant of option and vesting of the option. The unvested options shall expire by such period as stipulated in the Award Confirmation or five years from the grant of options whichever is earlier, or such further or other period as the Compensation Committee may determine. The exercise price for each grant is decided by the Compensation Committee, which is normally based on the latest available closing price and shall not be lower than the face value of the shares. Upon vesting, the options have to be exercised within a maximum period of five years or such period as may be determined by the Compensation Committee from time to time. The stock options are equity settled where the employees will receive one equity share per stock option.

Pursuant to a Composite Scheme of Arrangement with the erstwhile Bharat Financial Inclusion Limited, the shareholders of the Bank approved the IBL Special Incentive ESOS for BFIL Merger 2018 (ESOS 2018) on December 11, 2018. ESOS 2018 was approved with a pool of 57,50,000 options which are equity settled. 50% of the options vest over a period of three years from the grant date and the remaining options vest over a period of three years from the first anniversary of the grant date. Upon vesting, the options have to be exercised within a maximum period of five years.

ESOS 2020 and ESOS 2018 are, hereinafter, collectively referred to as ESOS.

As at March 31, 2022, the Compensation Committee of the Bank has granted a total of 5,19,25,433 options that includes 4,66,37,627 options granted under ESOS 2020 and 52,87,806 options granted under ESOS 2018, as set out below:

15.9.2 Recognition of expense

RBI, vide its clarification dated August 30, 2021, on Guidelines on Compensation of Whole Time Directors / Chief Executive Officers / Material Risk Takers and Control Function Staff, advised Banks that the fair value of share-linked instruments granted to such personnel on the date of grant should be recognised as an expense for all the instruments granted after the accounting period ending March 31, 2021. Accordingly, the Bank has changed its accounting policy from the intrinsic value method to the fair value method for all share-linked instruments granted after March 31, 2021. The fair value of the stock-based compensation is estimated on the date of grant using Black-Scholes option pricing model and is recognized as compensation expense over the vesting period. The compensation so recognised in respect of which exercise of options is outstanding, is shown as Employee Stock Options Outstanding on the face of the Balance Sheet.

The fair market price is the latest closing price prior to the date of the meeting of the Compensation Committee in which stock options are granted, available on the stock exchange on which the shares of the Bank are listed. Since shares are listed on more than one stock exchange, the exchange where the Bank's shares have been traded highest on the said date is considered for this purpose.

15.9.4 Fair value methodology

The fair value of options granted during the year has been estimated on the date of grant using the Black-Scholes option pricing model with the following assumptions:

Particulars	2021-22	2020-21
Average dividend yield	0.41-0.54%	0.83 - 1.99%
Expected volatility	46.53-55.65%	44.01 - 49.17%
Risk free interest rates	5.09-6.14%	5.04 - 5.51%
Expected life of options (in years)	4.51	4.51

Expected volatility is a measure of the amount by which the equity share price is expected to fluctuate during a period. The measure of volatility used in Black – Scholes option pricing model is the annualized standard deviation of the continuously compounded rates of return on the share over a period of time. Expected volatility has been computed by considering the historical data on daily volatility in the closing equity share price on the National Stock Exchange of India Limited (NSE), over a prior period equivalent to the expected life of the options, till the date of the grant.

The Bank has changed valuation of stock-based compensation to fair value using Black-Scholes model from intrinsic value starting April 1, 2021. ESOP's granted during the FY2021-22 are valued at fair value of the stock-based compensation is estimated on the date of grant using Black-Scholes model and is recognised as compensation expense over the vesting period. ESOP's granted before April 1, 2021 are still valued at intrinsic value and if these options were valued at fair value then as a result, 'Employees cost' for the year ended March 31, 2022 would have been increased by ₹ 17.20 crores with a consequent reduction in profit after tax.

On a *pro forma* basis, the basic and diluted earnings per share would have been as follows:

Particulars	March 31, 2022	March 31, 2021
<i>Pro forma</i> basis		
Basic earnings per share ₹	59.40	38.42
Diluted earnings per share ₹	59.30	38.35

The weighted average fair value of options granted during the year 2021-22 is ₹ 493.80 (Previous year ₹ 199.13).

Independent Auditors' Report

To the Members of IndusInd Bank Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **IndusInd Bank Limited** (hereinafter referred to as "the Bank") and its subsidiary (the Bank and its subsidiary together referred to as "the Group"), and its associate, comprising of the Consolidated Balance Sheet as at March 31, 2022, the Consolidated Profit and Loss Account and the Consolidated Cash Flow Statement for the year then ended, and notes to the consolidated financial statements including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditor and one of the joint auditor on separate financial statements and on the other financial information of the associate and subsidiary company respectively, the aforesaid consolidated financial statements give the information required by the Banking Regulation Act, 1949 as well as the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its associate as at March 31, 2022, their consolidated profit and their consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements Section of our report. We are independent of the Group and its associate in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and rules thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Emphasis of Matter

We draw attention to Note 12 of Schedule 18 to the consolidated financial statements which explains that the extent to which COVID-19 pandemic will impact the Group's operations and consolidated financial statements is dependent on future developments, which are highly uncertain.

Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the Year ended March 31, 2022. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matters	How our audit addressed the key audit matter
<p>Information Technology (IT) Controls Framework impacting financial controls</p>	
<p>The Bank has a complex IT architecture to support its day- to- day business operations. The volume of transactions processed and recorded is huge. Moreover, a transaction may be required to be recorded across multiple applications depending upon the process and each application has different rules and a different set of user access and authority matrix. These applications are interlinked using different technologies so that data transfer happens in real time or at a particular time of the day; in batches or at a transaction level and in an automated manner or manually. The Core Banking Solution (CBS) itself has many interfaces. All these data streams directly affect the financial accounting and reporting process of the Bank.</p> <p>The Bank has a process for identifying the applications where the controls are embedded. It also has a process to ensure that systems, processes and controls remain relevant. The Bank's IT control framework includes automated, semi-automated and manual controls designed to address identified risks. IT controls are stated in Entity Level Controls (ELC), IT General Controls (ITGC) and IT Application Controls (ITAC).</p> <p>We have identified IT Controls Framework as a Key Audit Matter as the Bank's business is highly dependent on technology, the IT environment is complex and the design and operating effectiveness of IT controls have a direct impact on its financial reporting process. Review of these controls allows us to provide assurance on the integrity and completeness of data processed through various IT applications which are used for the preparation of financial reports.</p>	<p>IT audit specialists are an integral part of our engagement team. Our approach of testing IT General Controls (ITGC) and IT Application Controls (ITAC) is risk based and business centric.</p> <p>As part of our IT controls testing, we have tested ITGC as well as ITAC. The focus of testing of ITGCs was based on the various parameters such as Completeness, Validity, Identification/ Authentication Authorization, Integrity and Accountability. On the other hand, focus of testing automated controls from applications was whether the controls prevent or detect unauthorized transactions and support financial objectives including completeness, accuracy, authorization and validity of transactions.</p> <p>We gathered an understanding of IT applications landscape implemented at the Bank. It was followed by process understanding, mapping of applications to the same and understanding financial risks posed by people-process and technology.</p> <p>In ITGC testing, on sample basis, we reviewed control areas such as User Management, Change Management, Systems Security, cyber security, interface testing, deployment of new applications, Incident Management, Physical & Environmental Security, Backup and Restoration, Business Continuity and Disaster Recovery, Service Level Agreement.</p> <p>For ITAC, we carried out on sample basis, compliance tests of system functionality in order to assess the accuracy of system calculations. We also carried out procedures such as validations and limit checks on data entered into applications, approvals, process dependencies and restriction on time period in which transactions may be recorded.</p> <p>We tested the control environment using various techniques such as inquiry, walkthroughs in live environment, review of documentation/ record/ reports, observation and re-performance. We also tested few controls using negative testing technique. We had taken adequate samples for our tests considering the audit universe.</p> <p>Wherever deviations were noted either the same were explained to our satisfaction or we tested compensating controls and performed alternate procedures, where necessary, to draw comfort.</p>
<p>Classification, Provisioning and Write off of Advances (Refer Schedule 5, Schedule 9, note 7 of Schedule 17 to the consolidated financial statements)</p>	
<p>The Bank's portfolio of loans and advances to borrowers (net of provisions) amounts to ₹ 2,39,052 crores as at March 31, 2022.</p> <p>As required under prudential norms on Income Recognition, Asset Classification and provisioning pertaining to advances (IRAC norms) issued by the Reserve Bank of India (RBI), "Resolution framework for Covid-19 related Stress" (the "Resolution Framework") issued by the RBI on August 06, 2020 and May 05, 2021 and relevant other circulars, notifications and directives issued by the RBI which were collectively considered by the Bank till March 31, 2022 classifies advances into performing and non-performing advances (NPA) which consists of Standard, Sub-standard, Doubtful and Loss and makes appropriate provisions.</p>	<p>We gained understanding of the processes by carrying out walkthroughs and tested the key controls over borrower risk grading for advances (including larger customer exposures that are monitored individually) for classification of such loans as performing or non-performing. Our audit procedures included, but were not limited to the following:</p> <ul style="list-style-type: none"> • Tested on sample basis, the approval of new lending facilities, the annual review/renewal assessments for existing facilities against the Bank's credit policies, and controls over the monitoring of credit quality;

Key Audit Matters	How our audit addressed the key audit matter
<p>The Bank, as per its governing framework, made the performing and non-performing advances provisions based on Management's assessment of the degree of impairment of the advances subject to and guided by minimum provisioning levels prescribed under relevant RBI guidelines.</p> <p>The Classification, Provisioning and Write off of Advances is a Key Audit Matter as the Bank has significant credit risk exposure to a large number of borrowers across various sectors, products, industries and geographies and there is a high degree of complexity, uncertainty and judgment involved in recoverability of advances, nature of transactions and estimation of provisions thereon and identification of accounts to be written off.</p> <p>The same resulted in significant audit efforts to address the risks around loan recoverability and the determination of related provisions.</p> <p>Implementation of the RBI circulars also required the Bank to implement changes in its base Information Technology applications.</p>	<ul style="list-style-type: none"> • Evaluated the design of internal controls relating to borrower wise classification of loan in the respective asset classes viz., standard, sub-standard, doubtful and loss with reference to their days-past-due (DPD) status (including consideration of non-financial parameters of NPA, restructuring guidelines, and Resolution framework) and provisioning of advances. Tested the operating effectiveness of these internal controls; • Tested loans on sample basis to form our own assessment as to whether impact of impairment events have been recognised in a timely manner by the Bank; • Made inquiries of management regarding any effects considered on the NPA identification and / or provisioning, resulting from observations raised by the RBI during their annual inspection of the Bank's operations; • For the selected non-performing advances, we assessed Management's forecast and inputs of recoverable cash flows, impact of auditor's comments on the financial statements, valuation of underlying security and collaterals, estimation of recoverable amounts on default and other sources of repayment; • Obtained the Board approved note for advances written off during the year; • Held specific discussions with the Credit and Risk departments to ascertain how various Early Warning Signal (EWS) and potential defaults have been identified and assessed in identification of NPA; • Performed credit assessments of a sample of corporate and retail loans including larger exposures assessed by Bank showing signs of deterioration, or in areas of emerging risk (assessed against external market conditions). We have reviewed the Bank's risk grading of the loan, their account statement review and assessment of loan recoverability and the impact on the credit provision. To do this, we used the information on the Borrowers loan file, discussed the case with the concerned officials and senior management, and performed our own assessment of recoverability; and • Reviewed Bank's policy including Standard Operating Procedures with respect to implementation of Resolution framework ('guidelines') and tested sample to ascertain the implementation of those guidelines by the Bank. <p>Provisions for advances:</p> <ul style="list-style-type: none"> • Tested the Bank's processes for making provision on advances for compliance with RBI regulations and internally laid down policies for provisioning; • We had taken the walkthrough for automation of NPA process deployed through CRISMAC in the current financial year and tested the core functionality for selected sample considering the audit universe. Tested the completeness and accuracy of data transferred from underlying source systems used for computing collective provision;

Key Audit Matters	How our audit addressed the key audit matter
	<ul style="list-style-type: none"> • Considered board approved policy and internal laid down policy for higher provision for advances covered under Resolution Framework, stressed sectors, adopted by the Bank; • Validated the parameters used to calculate collective provisions with reference to IRAC norms; • Tested provision created for fraud accounts as at March 31, 2022 as per the RBI circular; • Re-performed, for a sample of retail and corporate portfolios, the calculation of provisions, to determine the accuracy of the same (Collective for standard portfolio and case specific for non performing portfolio); • With respect to holding provision as at March 31, 2022 against the potential impact of Covid-19 pandemic, we broadly reviewed the underlying assumptions and estimates used by the management for the same but as the extent of impact is dependent on future developments which are highly uncertain, we primarily relied on those assumptions and estimates. These assumptions and estimates are a subject matter of periodic review by the Bank; • We perused the submissions to the Board of Directors for the NPA Provisioning made as at March 31, 2022; • With respect to the Resolution Framework, we have ensured that the Bank's Board approved policy was in accordance with RBI circulars. On a test check basis, we ensured that restructuring was approved and implemented, and provision made on such restructured accounts are in accordance with the Bank's board approved policy and the resolution framework; and • Assessed the adequacy of disclosures against the RBI Guidelines.

Other Information

The Bank's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors' Report and Management Discussion and Analysis, but does not include the standalone financial statements, consolidated financial statements and our auditors' report thereon. The other information is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Bank's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group including its associate in accordance with the accounting principles generally accepted in India, including the Accounting Standards prescribed

under Section 133 of the Act, read with the relevant rules issued thereunder, provision of Section 29 of the Banking Regulation Act, 1949 and the circulars, guidelines and directions issued by RBI from time to time ("RBI Guidelines"). The respective Board of Directors of the companies included in the Group and of its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act, Banking Regulations Act, 1949 and the RBI Guidelines for safeguarding the assets of the Group and its associate and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation and presentation of the consolidated financial statements by the Directors of the Bank, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associate are responsible for assessing the ability of the Group and of its associate to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management either intends to liquidate the Group and its associate or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associate are responsible for overseeing the financial reporting process of the Group and of its associate.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Bank, its subsidiary company and associate company, which are companies incorporated in India, have adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of Management use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associate to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associate of which we are the independent auditors, to express an opinion on the consolidated

financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditor/ one of the joint statutory auditors, such other auditors/ one of the joint statutory auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Bank and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with the relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

- a. One of the Joint Statutory Auditors has carried out audit of the consolidated financial statements of the Bank for the year ended March 31, 2021 and issued an unmodified opinion vide its report dated April 30, 2021.

Annexure A to Independent Auditors' Report

[Referred to in paragraph (f) under 'Report on Other Legal and Regulatory Requirements' section in our Independent Auditor's Report of even date to the members of IndusInd Bank Limited on the consolidated financial statements for the year ended March 31, 2022]

Report on the Internal Financial Controls with reference to Financial Statements under clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of **IndusInd Bank Limited** ("the Bank") as of and for the year ended March 31, 2022, we have audited the internal financial controls with reference to financial statements of the Bank, its subsidiary company and its associate company, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Bank, its subsidiary company and its associate company, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Bank considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to financial statements of the Bank, its subsidiary company and its associate company, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditor, in terms of their report referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to financial statements of the Bank, its subsidiary company and its associate company.

Meaning of Internal Financial Controls with reference to Financial Statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on consideration of reporting of other auditor as mentioned in Other Matters paragraph below, the Bank, its subsidiary company and its associate company, which are companies incorporated in India, have, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2022, based on the internal control with reference to financial statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matters

- a. Our aforesaid report under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements in so far as it relates to a subsidiary company, which is a company incorporated in India, is based on the corresponding report issued by one of the joint statutory auditors of the Bank.
- b. Our aforesaid report under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements in so far as it relates to an associate company, which is a company incorporated in India, is based on the corresponding report of the auditor of such company incorporated in India.

Our opinion is not modified in respect of this matter.

Background

IndusInd Bank Limited ('the Bank') was incorporated in 1994 under the Companies Act, 1956 and is licensed by the Reserve Bank of India (RBI) to operate as a commercial bank under the Banking Regulation Act, 1949. The Bank is publicly held and engaged in providing a wide range of banking products and financial services to corporate and retail clients besides undertaking treasury operations. The Bank operates in India including at the International Financial Service Centre in India (IFSC), at GIFT City, and does not have a branch in any foreign country.

1. Principles of Consolidation

- 1.1 The consolidated financial statements comprise the financial statements of IndusInd Bank Limited (the Bank), Bharat Financial Inclusion Limited (BFIL), a wholly owned subsidiary, and IndusInd Marketing and Financial Services Private Limited (IMFS), an Associate of the Bank (the 'Group').
- 1.2 The Bank consolidates its subsidiary in which it holds 100% control on a line by line basis by adding together like items of assets, liabilities, income and expenses in accordance with Accounting Standard 21 'Consolidated Financial Statement' specified under section 133 and relevant provision of the Companies Act 2013 (as amended). Intragroup balances and intragroup transactions if any, are eliminated in full.
- 1.3 The investment in Associate is consolidated using equity method in accordance with "Accounting Standard 23" Accounting for Investment in Associate in Consolidated Financial Statement specified under section 133 and relevant provision of the Companies Act 2013 (as amended). The difference between the cost of investment in the Associate and its share of net assets at the time of acquisition of shares in the Associate, is identified in the consolidated financial statements as goodwill or capital reserve, as the case may be.
- 1.4 The consolidated financial statements present the accounts of the Bank with its Subsidiary as under:

Name of the Subsidiary	Country of Origin	% Shareholding of Group as at March 31, 2022	% Shareholding of Group as at March 31, 2021
Bharat Financial Inclusion Limited (formerly known as IndusInd Financial Inclusion Limited)	India	100%	100%

As per AS-23, the Consolidated Financial Statements incorporate the audited financial statements of the following associate:

Name of the Associate	Country of Origin	% Shareholding of Group as at March 31, 2022	% Shareholding of Group as at March 31, 2021
IndusInd Marketing & Financial Services Private Limited	India	30%	30%

2. Basis of preparation

- 2.1 The accompanying consolidated financial statements have been prepared and presented under the historical cost convention except where otherwise stated and in accordance with statutory requirements prescribed under the Banking Regulation Act 1949, circulars and guidelines issued by RBI from time to time (RBI guidelines), accounting standards referred to in Section 133 of the Companies Act, 2013 (the Act) read together with the Companies (Accounting Standards) Amendment Rules, 2006 (as amended from time to time) and other relevant provisions of the Act in so far as they apply to the Bank and practices prevailing within the banking industry in India.

3. Use of Estimates

- 3.1 The preparation of the consolidated financial statements in conformity with generally accepted accounting principles in India requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities (including contingent liabilities) at the date of the financial statements, revenues and expenses during the reporting period. Management believes that the estimates and assumptions used in the preparation of the consolidated financial statements are prudent and reasonable. Any revision to accounting estimates is recognised prospectively in current and future periods.

4. Transactions involving Foreign Exchange

- 4.1 Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.
- 4.2 Monetary assets and liabilities of domestic and integral foreign operations denominated in foreign currency are translated at the Balance Sheet date at the closing rates of exchange notified by the Foreign Exchange Dealers' Association of India ('FEDAI') and the resulting gains or losses are recognised in the Profit and Loss account.
- 4.3 Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction; and all non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

IndusInd Bank Limited:

- 4.4 Both monetary and non-monetary assets and liabilities of non-integral foreign operations are translated at the Balance Sheet date at the closing rates of exchange notified by the Foreign Exchange Dealers' Association of India ('FEDAI') and the resulting gains or losses are accumulated in the foreign currency translation reserve until disposal of the net investment at which time they are recognised in Profit and Loss Account as gains or losses.
- 4.5 All foreign exchange forward contracts outstanding at the Balance Sheet date are re-valued on present value basis and the resulting gains or losses are recognised in the Profit and Loss account.

- (iii) Cost of investments is computed based on the weighted average cost method.

5.4 Valuation of Investments

- (i) **Held to Maturity** – Each security in this category is carried at its acquisition cost or amortised cost. Any premium on acquisition of the security is amortised over the balance period to maturity. The premium amortization is recognized in Profit and Loss Account under Interest earned – Income on investments (Item II of Schedule 13). The book value of the security is reduced to the extent of premium amortized. Diminution, other than temporary, is determined and provided for each investment individually.
- (ii) **Held for Trading** – Securities are valued scripwise and depreciation / appreciation is aggregated for each classification. The book value of the individual securities is not changed as a result of periodic valuations. Net appreciation in each classification is ignored, while net depreciation is provided for.
- (iii) **Available for Sale** – Securities are valued scrip-wise and depreciation / appreciation is aggregated for each classification. The book value of the individual securities is not changed as a result of periodic valuations. Net appreciation in each classification is ignored, while net depreciation is provided for.
- (iv) Market value of government securities (excluding treasury bills) is determined on the basis of the prices / YTM published by Financial Benchmark India Private Limited (FBIL).
- (v) Treasury bills, commercial papers and certificate of deposits are valued at carrying cost, which includes discount accreted over the period to maturity.
- (vi) Fair value of other debt securities is determined based on the yield curve published by FBIL and credit spreads provided by Fixed Income Money Market and Derivatives Association (FIMMDA).
- (vii) Quoted equity shares held under AFS and HFT categories are valued at the closing price on a recognised stock exchange, in accordance with the RBI guidelines. Unquoted equity shares are valued at their break-up value or at ₹ 1 per company where the latest Balance Sheet is not available continuously for more than 18 months as on the date of valuation.
- (viii) Units of the schemes of mutual funds are valued at latest Net Asset Value (NAV) provided by the respective schemes of mutual funds.
- (ix) Investments in equity shares held as long-term investments by erstwhile IndusInd Enterprises & Finance Limited and Ashok Leyland Finance Limited (since merged with the Bank) are valued at cost and classified under HTM category. Provision towards diminution in the value of such long-term investments is made only if the diminution in value is not temporary in the opinion of management.
- (x) Investment in subsidiaries and associate companies are classified as part of HTM category and valued at cost. Such investments are assessed for impairment and any other than temporary diminution in value is provided for.
- (xi) Security Receipts (SR) are valued at the lower of redemption value and NAV obtained from the Securitisation Company (SC) / Reconstruction Company (RC). In respect of significant investment in SRs backed by stressed assets sold by the Bank, the value is subject to a prudential floor considering the asset classification of the stressed assets, had they remained on the books of the Bank.

- (xii) Purchase and sale transaction in securities are recorded under Settlement Date method of accounting, except in the case of the equity shares where Trade Date method of accounting is followed.
- (xiii) Provision for non-performing investments is made in conformity with RBI guidelines.
- (xiv) Repurchase (Repo) and Reverse Repurchase (Reverse Repo) transactions (including transactions under Liquidity Adjustment Facility (LAF) with RBI) are accounted for as collateralised borrowing and lending respectively. Borrowing cost on repo transactions is accounted as interest expense and revenue on reverse repo transactions is accounted as interest income.
- (xv) In respect of the short sale transactions in Central Government dated securities, the short position is covered by outright purchase of an equivalent amount of the same security within a maximum period of three months including the day of trade. The short position is reflected as the amount received on sale in a separate account and is classified under 'Investments'. The short position is categorized under the HFT portfolio and is accounted for accordingly.
- (xvi) Profit or loss in respect of sale of investments is included in the Schedule 14 under Profit on Sale of Investments(net). In respect of profit from sale of investments under HTM category, an equivalent amount (net of taxes, if any, and net of transfer to Statutory Reserves as applicable to such profits) is appropriated from the Profit and Loss Appropriation account to Capital Reserve account.
- (xvii) In the event, provisions created on account of depreciation in the AFS or HFT categories are found to be in excess of the required amount in any year, the excess is credited to the Profit and Loss account and an equivalent amount (net of taxes, if any, and net of transfer to Statutory Reserves as applicable to such excess provisions) is appropriated to an Investment Reserve Account (IRA).

The balance in IRA account is used to meet provision on account of depreciation in AFS and HFT categories by transferring an equivalent amount to the Profit and Loss Appropriation account as and when required.
- (xviii) Out of net profits earned during the year, transfer is made to Investment Fluctuation Reserve, for an amount not less than the lower of the (a) net profit on sale of investments during the year or (b) net profit for the year less mandatory appropriations, till the balance in such Investment Fluctuation Reserve reaches a level of at least 2% of the aggregate HFT and AFS portfolio. Draw down, if any, from the Investment Fluctuation Reserve shall be in accordance with the applicable RBI guidelines.

- 5.5 Investments in unquoted units of Venture Capital Funds (VCF) and Alternative Investment Funds (AIF) are categorised under HTM category for initial period of three years and valued at cost as per RBI guidelines. Units of VCF and AIF held under AFS category, where current quotations are not available, are marked to market based on the Net Asset Value (NAV) shown by VCF or AIF as per the latest audited financials of the fund. In case the audited financials are not available for a period beyond 18 months, the investments are valued at ₹ 1 per VCF or AIF, as the case may be.
- 5.6 In accordance with RBI Circular on Transfer of Loans dated September 24, 2021, the SRs backed by its transferred loans and issued under that securitisation, the valuation of such SRs by the transferor will be additionally subject to a floor of face value of the SRs reduced by the provisioning rate as applicable to the underlying loans, had the loans continued in the books of the transferor.

6. Derivatives

IndusInd Bank Limited:

Derivative contracts are designated as hedging or trading and accounted for as follows:

- 6.1 The hedging contracts comprise of Forward Rate Agreements, Interest Rate Swaps, and Currency Swaps undertaken to hedge interest rate and currency risk on certain assets and liabilities. The net interest receivable or payable is accounted on an accrual basis over the life of the swaps. However, where the hedge is designated with an asset or liability that is carried at market value or lower of cost and market value, then the hedging

instrument is also marked to market with the resulting gain or loss recorded as an adjustment to the market value of designated assets or liabilities. Gains or losses on the termination of hedge swaps is accounted in accordance with RBI guidelines.

- 6.2 The trading contracts comprise of trading in Forward Contracts, Interest Rate Swaps, Currency Swaps, Cross Currency Interest Rate Swaps, Forward Rate Agreements, Interest Rate Futures, FX Futures, Currency Futures, etc. The gain or loss arising on unwinding or termination of the contracts, is accounted for in the Profit and Loss account. Trading contracts outstanding as at the Balance Sheet date are re-valued at their fair value and resulting gains or losses are recognised in the Profit and Loss account.
- 6.3 Premium paid and received on currency options is accounted when due in the Profit and Loss Account.
- 6.4 Fair value of derivative is determined with reference to market quotes or by using valuation models. Where the fair value is calculated using valuation models, the methodology is to calculate the expected cash flows under the terms of each specific contract and then discount these values back to the present value. The valuation takes into consideration all relevant market factors (e.g. prices, interest rate, currency exchange rates, volatility, liquidity, etc.). Most market parameters are either directly observable or are implied from instrument prices. The model may perform numerical procedures in the pricing such as interpolation when input values do not directly correspond to the most actively traded market trade parameters.
- 6.5 Provisioning of overdue customer receivable on derivative contracts is made as per RBI guidelines.

7. **Advances**

IndusInd Bank Limited:

- 7.1 Advances are classified as per RBI guidelines into standard, sub-standard, doubtful and loss assets after considering subsequent recoveries to date.
- 7.2 A general provision on standard assets is made in accordance with RBI guidelines for the funded outstanding on global portfolio basis. In respect of stressed advances which are not yet classified non-performing, contingent provisions are made prudentially. Provision made against standard assets is included in 'Other Liabilities and Provisions - Others'.
- 7.3 Unhedged Foreign Currency Exposures (UFCE) of Clients are subject to incremental provisions basis assessment of estimated risk in line with RBI guidelines. Provision made towards UFCE and consequent further capital held under Basel III Capital regulations are disclosed separately. The provision forms a part of provision on standard assets.
- 7.4 Specific provisions for non-performing advances and floating provisions are made in conformity with RBI guidelines. In addition, the Bank considers accelerated provisioning based on past experience, and other related factors including underlying securities.
- 7.5 For restructured/rescheduled assets, provision is made in accordance with the guidelines issued by RBI, which requires the diminution in the fair value of the assets to be computed as the fair value of loans before and after restructuring. The restructured accounts are classified in accordance with RBI guidelines.
- 7.6 Advances are disclosed in the Balance Sheet, net of specific provisions and interest suspended for non performing advances, and floating provisions.
- 7.7 Advances exclude derecognised securitised advances, inter-bank participation certificates issued and bills rediscounted.
- 7.8 Amounts recovered during the year against bad debts written off in earlier years are recognised in the Profit and Loss account. Provision no longer considered necessary in the context of the current status of the borrower as a performing asset, are written back to the Profit and Loss account to the extent such provisions were charged to the Profit and Loss account.

- 7.9 Further to the provisions held according to the asset classification status, provision is held in accordance with RBI guidelines for individual country exposures (other than for home country exposure), where the net funded exposure of a country is one percent or more of the total assets. Provision held for country risk is included under 'Other Liabilities and Provisions'.
- 7.10 The Bank makes floating provision as per the Board approved policy, which is in addition to the specific and general provisions made by the Bank. The floating provision is utilised, with the approval of Board and RBI, if required. The floating provision is netted-off from advances.

8. Securitisation transactions, direct assignments and other transfers

IndusInd Bank Limited:

- 8.1 The Bank transfers its loan receivables both through Direct Assignment route as well as transfer to Special Purpose Vehicles ('SPV').
- 8.2 The securitization transactions are without recourse to the Bank. The transferred loans and such securitized receivables are de-recognized as and when these are sold (true sale criteria being fully met) and the consideration has been received by the Bank. Gains or losses are recognized in accordance with relevant RBI guidelines.
- 8.3 In terms of RBI guidelines, profit or premium arising on account of sale of standard assets, being the difference between the sale consideration and book value, is amortized over the life of the securities issued by the Special Purpose Vehicles (SPV). Any loss arising on account of the sale is recognized in the Profit and Loss account in the period in which the sale occurs.
- 8.4 In case of sale of non-performing assets through securitization route to Securitisation Company or Asset Reconstruction Company by way of assignment of debt against issuance of Security Receipts (SR), the recognition of sale and accounting of profit and loss thereon is done in accordance with applicable RBI guidelines. Generally, the sale is recognized at the lower of redemption value of SR and the Net Book Value (NBV) of the financial asset sold, and the surplus is recognized in the Profit and Loss Account on realisation; shortfall if any, is charged to the Profit and Loss account subject to regulatory forbearance, if any, allowed from time to time. Profit or loss realized on ultimate redemption of the SR is recognized in the Profit and Loss Account.
- 8.5 The Bank transfers advances through inter-bank participation with and without risk. In accordance with the RBI guidelines, in the case of participation with risk, the aggregate amount of the participation issued by the Bank is reduced from advances and where the Bank is participating, the aggregate amount of the participation is classified under advances. In the case of participation without risk, the aggregate amount of participation issued by the Bank is classified under borrowings and where the Bank is participating, the aggregate amount of participation is shown as due from banks under advances.

9. Property, Plant and Equipment

- 9.1 Fixed assets are stated at cost (except in the case of premises which were re-valued based on values determined by approved valuers) less accumulated depreciation and impairment, if any. Cost includes incidental expenditure incurred on the assets before they are ready for intended use.
- 9.2 The appreciation on account of revaluation is credited to Revaluation Reserve. In case of revalued/impaired assets, depreciation is provided over the remaining useful life of the assets with reference to revised asset values. In case of premises, which are carried at revalued amounts, the depreciation on the excess of revalued amount over historical cost is transferred from Revaluation Reserve to General Reserve annually.

Depreciation, including amortisation of intangible assets, is provided over the useful life of the assets, *pro rata* for the period of use, on a straight-line method. The useful life estimates prescribed in Part C of Schedule II to the Companies Act, 2013 are generally adhered to, except in respect of asset classes where, based on technical evaluation, a different estimate of useful life is considered suitable. Pursuant to this policy, the useful life estimates in respect of the following assets are as follows:

- (a) Computers at 3 years
- (b) Application software and perpetual software licences at 5 years
- (c) Printers, Scanners, Routers, Switch at 5 years
- (d) ATMs at 7 years
- (e) Network cabling, Electrical Installations, Furniture and Fixtures, Other Office Machinery at 10 years.
- (f) Vehicles at 5 years
- (g) Buildings at 60 years.

Fixed assets costing less than ₹ 5,000 individually are fully depreciated in the year of purchase.

The useful life of an asset class is periodically assessed taking into account various criteria such as changes in technology, changes in business environment, utility and efficacy of an asset class to meet with intended user needs, etc. Whenever there is a revision in the estimated useful life of an asset, the unamortised depreciable amount is charged over the revised remaining useful life of the said asset.

- 9.3 The carrying amount of fixed assets is reviewed at the Balance Sheet date to determine if there are any indications of impairment based on internal / external factors. In case of impaired assets, the impairment loss i.e. the amount by which the carrying amount of the asset exceeds its recoverable value is charged to the Profit and Loss account to the extent the carrying amount of assets exceeds its estimated recoverable amount.

IndusInd Bank Limited:

Non-banking assets:

11.1 Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Lease rental obligations in respect of assets taken on operating lease are charged to the Profit and Loss account on a straight-line basis over the lease term.

11.2 Assets given under leases in respect of which all the risks and benefits of ownership are effectively retained by the Bank are classified as operating leases. Lease rentals received under operating leases are recognized in the Profit and Loss account as per the terms of the contracts.

12. Employee Benefits

IndusInd Bank Limited:

12.1 The Gratuity scheme of the Bank is a defined benefit scheme and the expense for the year is recognized on the basis of actuarial valuation at the Balance Sheet date. The present value of the obligation under such benefit plan is determined based on independent actuarial valuation using the Projected Unit Credit Method which recognizes each period of service that gives rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. Payment obligations under the Group Gratuity scheme are managed through purchase of appropriate policies from insurers.

12.2 Provident Fund contribution, under defined benefit plan is made to trusts separately established for the purpose, when an employee covered under the scheme renders the related service. The rate at which the annual interest is payable to the beneficiaries by the trusts is being administered by the government. The Bank has an obligation to make good the shortfall, if any, between the return from the investments of the trusts and the notified interest rates. Actuarial valuation of this Provident Fund interest shortfall is done as per the guidance note on Valuation of Interest Rate Guarantees on Exempt Provident Funds under AS 15 (Revised) issued by the Institute of Actuaries of India, and such shortfall, if any, is provided for.

Provident Fund contribution, under defined contribution plan, is made to the scheme administered by Regional Provident Fund Commissioner (RPFC) and is debited to the Profit and Loss Account, when an employee renders the related service. The Bank has no further obligations.

In respect of employees who opted for contribution to the National Pension System (NPS) regulated by the Pension Fund Regulatory and Development Authority (PFRDA), the Bank contributes certain percentage of the basic salary, under a defined contribution plan, to identified pension fund management companies. The Bank has no liability other than its contribution, and recognises such contributions as an expense in the year in which it is incurred.

12.3 Provision for compensated absences is made on the basis of actuarial valuation as at the Balance Sheet date. The actuarial valuation is carried out using the Projected Unit Credit Method.

12.4 The Bank has changed its accounting policy from the intrinsic value method to the fair value method for all share-linked instruments granted after March 31, 2021 in accordance with RBI guidelines. Accordingly, fair value of share-linked instruments on the date of grant are recognised as an expense for all instruments granted after the accounting period ending March 31, 2021. The fair value of the stock-based compensation is estimated on the date of grant using Black-Scholes option pricing model and is recognised as compensation expense over the vesting period.

Bharat Financial Inclusion Ltd (BFIL):

12.5 Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expenditure, when an employee renders the related service.

- 12.6 Gratuity liability is a defined benefit obligation and is provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year. Actuarial gains and losses for defined benefit plans are recognised in full in the period in which they occur in the statement of profit and loss.
- 12.7 The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred. The Company presents the leave as a current liability in the balance sheet, to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date.
- 12.8 Accumulated leaves, which is expected to be utilised within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.
- 12.9 The Company recognizes termination benefit as a liability and an expense when the Company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

13. Segment Reporting

IndusInd Bank Limited:

In accordance with the guidelines issued by RBI, the Bank has adopted Segment Reporting as under:

- (a) **Treasury** includes all investment portfolios, Profit / Loss on sale of Investments, Profit / Loss on foreign exchange transactions, equities, income from derivatives and money market operations. The expenses of this segment consist of interest expenses on funds borrowed from external sources as well as internal sources and depreciation / amortisation of premium on Held to Maturity category investments.
- (b) **Corporate / Wholesale Banking** includes lending to and deposits from corporate customers and identified earnings and expenses of the segment.
- (c) **Retail Banking** includes lending to and deposits from retail customers and identified earnings and expenses of the segment. It also includes income, expenses, assets and liabilities of BFIL.

15. Bullion

IndusInd Bank Limited:

- 15.1 The Bank imports bullion including precious metal bars on a consignment basis for selling to its customers. The imports are on a back-to-back basis and are priced to the customer based on the prevailing price quoted by the supplier and the local levies related to the consignment like customs duty, etc. The profit earned is included in commission income.
- 15.2 The Bank sells gold coins to its customers. The difference between the sale price to customers and purchase price is reflected under commission income.

16. Income-tax

- 16.1 Tax expenses comprise of current and deferred taxes. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961. Deferred taxes reflect the impact of timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.
- 16.2 Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the Balance Sheet date.
- 16.3 Deferred tax assets are recognized, only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.
- 16.4 In case of unabsorbed depreciation and/or carry forward of losses under tax laws, deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that such deferred tax asset can be realized against future taxable income.
- 16.5 Deferred tax assets unrecognized of earlier years are re-assessed and recognised to the extent that it has become reasonably certain that future taxable income will be available against which such deferred tax assets can be realized. At each Balance Sheet date, the Company re-assesses unrecognised deferred tax assets, if any.

17. Earnings per share

Earnings per share is calculated by dividing the Net Profit or Loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per equity share are computed using the weighted average number of equity shares and dilutive potential equity shares outstanding as at end of the year.

18. Provisions, contingent liabilities and contingent assets

- 18.1 A provision is recognized when there is a present obligation as a result of past event, and it is probable that an outflow of resources will be required to settle the obligation, and in respect of which a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.
- 18.2 A disclosure of contingent liability is made when there is:
 - (a) A possible obligation arising from a past event, the existence of which will be confirmed by occurrence or non-occurrence of one or more uncertain future events not within the control of the group; or
 - (b) A present obligation arising from a past event which is not recognized as it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.
- 18.3 When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.
- 18.4 Contingent assets are not recognized or disclosed in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the assets and related income are recognized in the period in which the change occurs.

19. Cash and Cash equivalents

Cash and cash equivalents comprises of Cash in Hand and Balances with RBI and Balances with Banks and Money at Call and Short Notice.

20. Corporate Social Responsibility

Expenditure incurred towards corporate social responsibility obligations in accordance with Companies Act, 2013, is recognised in the Profit and Loss Account.

21. Grants

Bharat Financial Inclusion Ltd:

- 21.1 Grants and subsidies from the government are recognized when there is reasonable assurance that (i) the company will comply with the conditions attached to them, and (ii) the grant/subsidy will be received.

When the grant or subsidy relates to revenue, it is recognized as income on a systematic basis in the statement of profit and loss over the periods necessary to match them with the related costs, which they are intended to compensate. Such grants are either be shown separately under 'other income' or deducted in reporting the related expense. Where the grant relates to an asset, it is recognized as deferred income and released to income in equal amounts over the expected useful life of the related asset.

Where the Group receives non-monetary grants, the asset is accounted for on the basis of its acquisition cost. In case a non-monetary asset is given free of cost, it is recognized at a nominal value.

Government grants of the nature of promoters' contribution are credited to capital reserve and treated as a part of the shareholders' funds.

8. Employee Stock Option Scheme

- 8.1 On September 25, 2020, the shareholders of the Bank approved the IndusInd Bank Employee Stock Option Scheme 2020 (ESOS 2020), which comprehensively replaced the erstwhile Employee Stock Option Scheme 2007 (ESOS 2007) that was approved by the shareholders earlier on September 18, 2007. ESOS 2020 enables the Board and the Compensation Committee to grant such number of stock options of the Bank not exceeding 7% of the aggregate number of paid up equity shares of the Bank, in line with the guidelines issued by the SEBI. The options vest at one time or at various points of time as stipulated in the Award Confirmation issued by the Compensation Committee, and there shall be a minimum period of one year between the grant of option and vesting of the option. The unvested options shall expire by such period as stipulated in the Award Confirmation or five years from the grant of options whichever is earlier, or such further or other period as the Compensation Committee may determine. The exercise price for each grant is decided by the Compensation Committee, which is normally based on the latest available closing price and shall not be lower than the face value of the shares. Upon vesting, the options have to be exercised within a maximum period of five years or such period as may be determined by the Compensation Committee from time to time. The stock options are equity settled where the employees will receive one equity share per stock option.

Pursuant to a Composite Scheme of Arrangement with the erstwhile Bharat Financial Inclusion Limited, the shareholders of the Bank approved the IBL Special Incentive ESOS for BFIL Merger 2018 (ESOS 2018) on December 11, 2018. ESOS 2018 was approved with a pool of 57,50,000 options which are equity settled. 50% of the options vest over a period of three years from the grant date and the remaining options vest over a period of three years from the first anniversary of the grant date. Upon vesting, the options have to be exercised within a maximum period of five years.

ESOS 2020 and ESOS 2018 are, hereinafter, collectively referred to as ESOS.

As at March 31, 2022, the Compensation Committee of the Bank has granted a total of 5,19,25,433 options that includes 4,66,37,627 options granted under ESOS 2020 and 52,87,806 options granted under ESOS 2018, as set out below:

8.2 Recognition of expense

RBI, vide its clarification dated August 30, 2021, on Guidelines on Compensation of Whole Time Directors / Chief Executive Officers / Material Risk Takers and Control Function Staff, advised Banks that the fair value of share-linked instruments granted to such personnel on the date of grant should be recognised as an expense for all instruments granted after the accounting period ending March 31, 2021. Accordingly, the Bank has changed its accounting policy from the intrinsic value method to the fair value method for all share-linked instruments granted after March 31, 2021. The fair value of the stock-based compensation is estimated on the date of grant using Black-Scholes model and is recognized as compensation expense over the vesting period. The compensation so recognised in respect of which exercise of options is outstanding, is shown as Employee Stock Options Outstanding on the face of the Balance Sheet.

The fair market price is the latest closing price prior to the date of the meeting of the Compensation Committee in which stock options are granted, available on the stock exchange on which the shares of the Bank are listed. Since shares are listed on more than one stock exchange, the exchange where the Bank's shares have been traded highest on the said date is considered for this purpose.

ESOS 2018:

Date of grant	2021-22			2020-21		
	Exercise Price	Number of shares arising out of options	Weighted average life of options (in years)	Exercise Price	Number of shares arising out of options	Weighted average life of options (in years)
04-Jul-19	668.00-1,864.00	21,66,367	2.21	668.00-1,864.00	26,33,990	3.29
12-Jul-19	1,541.25	17,67,964	4.71	1,541.25	20,28,033	5.78

8.4 Fair value methodology

The fair value of options granted during the year has been estimated on the date of grant using the Black-Scholes option pricing model with the following assumptions:

	2021-22	2020-21
Average dividend yield	0.41%-0.54%	0.83 - 1.99%
Expected volatility	46.53-55.65%	44.01 - 49.17%
Risk free interest rates	5.09-6.14%	5.04 - 5.51%
Expected life of options (in years)	4.51	4.51

Expected volatility is a measure of the amount by which the equity share price is expected to fluctuate during a period. The measure of volatility used in Black – Scholes option pricing model is the annualized standard deviation of the continuously compounded rates of return on the share over a period of time. Expected volatility has been computed by considering the historical data on daily volatility in the closing equity share price on the National Stock Exchange of India Limited (NSE), over a prior period equivalent to the expected life of the options, till the date of the grant.

The Bank has changed valuation of stock-based compensation to fair value using Black-Scholes model from intrinsic value starting April 1, 2021. ESOP's granted during the FY2021-22 are valued at fair value of the stock-based compensation is estimated on the date of grant using Black-Scholes model and is recognised as compensation expense over the vesting period. ESOP's granted before April 1, 2021 are still valued at intrinsic value and if these options were valued at fair value then as a result, 'Employees cost' for the year ended March 31, 2022 would have been increased by ₹ 46.79 crores with a consequent reduction in profit after tax.

On a *pro forma* basis, the basic and diluted earnings per share would have been as follows:

Particulars	March 31, 2022	March 31, 2021
Pro forma basis		
Basic earnings per share ₹	61.62	39.70
Diluted earnings per share ₹	61.52	39.63

The weighted average fair value of options granted during the year 2021-22 is ₹ 493.80 (Previous year ₹ 199.13).

- 12.** The COVID-19 pandemic had led to an unprecedented level of disruption on socio-economic front which led to a nation-wide lockdown across the country in April 2020 and May 2020. The 'second wave' peaked in April 2021-May 2021 and subsided in June-July 2021. The 'third wave' of COVID-19 broke out at December end, which has impacted Banks operations mildly and level of uncertainty is currently reducing.

India is coming out of the disruptions caused by the COVID-19 pandemic. The extent to which any new wave of COVID-19 will impact the Bank's operations is dependent on future developments. In view of the same, the Bank continues to hold contingent provisions of ₹ 3,178 crores as of March 31, 2022, including an amount of ₹ 1,160 crores in respect of borrower accounts restructured in accordance with Resolution Framework for COVID-19 related stress.

- 13.** The information in relation to dues to Micro and Small Enterprises have been determined to the extent such parties have been identified on the basis of information available with the Group, which has been relied upon by the auditors.

Fax No.: 022 49186060
 - e. In case the Bank is unable to make payment of dividend to any member by the electronic mode due to non-availability of the details of the Bank Account, the Bank shall dispatch the MICR Cheque to such members by Post.
 - f. Members may note that as per the Income Tax Act, 1961 ("IT Act"), as amended by the Finance Act, 2020, dividends paid or distributed by the Bank after April 1, 2020 shall be taxable in the hands of the Members and the Bank shall

be required to deduct tax at source (TDS) at the prescribed rates from the dividend to be paid to Members, subject to approval of dividend by the Members in this AGM. The TDS rate would vary depending on the residential status of the Member and the documents submitted by them and accepted by the Bank. In order to enable the Bank to determine the appropriate TDS rate as applicable, members are requested to submit relevant documents, as specified in the below paragraphs, in accordance with the provisions of the IT Act.

I. For Resident Members –

Tax is required to be deducted at source under Section 194 of the IT Act, at the rate of 10% on the amount of dividend where members have registered their valid Permanent Account Number (PAN). In case of members who do not have PAN / have not registered their valid PAN details in their account, TDS at the rate of 20% shall be deducted under Section 206AA of the IT Act.

a. Resident Individuals:

No tax shall be deducted on the dividend payable to resident individuals if –

- i. Total dividend amount to be received by them during the Financial Year 2022-23 does not exceed Rs. 5,000/-;
- ii. The member provides Form 15G (applicable to individuals below 60 years) / Form 15H (applicable to Individuals of 60 years and above) providing that all the required eligibility conditions are met. Please note that all fields are mandatory to be filled up and that the Bank may, at its sole discretion, reject the form if it does not fulfil the requirement of law.
- iii. Exemption Certificate, if any, is issued by the Income-tax Department.

Note:

1. **Recording of the PAN for the registered Folio / DP ID-Client ID is mandatory. In the absence of valid PAN, tax will be deducted at a higher rate of 20%, as per Section 206AA of the IT Act.**
2. Members are requested to ensure that Aadhaar number is linked with PAN, as per the timelines prescribed. In case of failure in linking Aadhaar with PAN within the prescribed timelines, PAN shall be considered inoperative and, in such a scenario, tax shall be deducted at the higher rate of 20%.
3. Irrespective of updation of PAN, as per Section 206AB introduced in Finance Act 2021, TDS is to be applied at higher rates where the member has not filed Income Tax Return (‘ITR’) for the assessment year relevant to the previous year immediately preceding the financial year (FY) in which tax is required to be deducted, for which time limit for furnishing the return of income has expired under section 139(1) of the Act & TDS / Taxes Collected at Source (TCS) on their income is INR 50,000/- or more in the previous year. Declaration in respect of not being a ‘specified person’ as defined under section 206AB as per prescribed format shall be provided. Refer Part III below.

b. Resident Non-Individuals:

No tax shall be deducted on the dividend payable to the following resident non-individuals where they provide details and required documents.

- i. **Insurance Companies:** Self-Declaration that it qualifies as ‘Insurer’ as per section 2(7A) of the Insurance Act, 1938 and has full beneficial interest with respect to the Equity shares owned by it along with self-attested copy of PAN card and certificate of registration with Insurance Regulatory and Development Authority (IRDA) / LIC/ GIC.
- ii. **Mutual Funds:** Self-Declaration that it is registered with SEBI and is notified under Section 10 (23D) of the IT Act along with self-attested copy of PAN Card and Certificate of Registration with SEBI.

- iii. **Alternative Investment Fund (AIF):** Self-Declaration that its income is exempt under Section 10 (23FBA) of the IT Act and they are registered with SEBI as Category I or Category II AIF along with self-attested copy of the PAN card and certificate of AIF registration with SEBI.
 - iv. **New Pension System (NPS) Trust:** Self-Declaration that it qualifies as NPS trust and income is eligible for exemption under section 10(44) of the IT Act and being regulated by the provisions of the Indian Trusts Act, 1882 along with self-attested copy of the PAN Card.
 - v. **Other Non-Individual members:** Self-attested copy of documentary evidence supporting the exemption along with self-attested copy of PAN Card.
- c. In case members (both individuals or non-individuals) provide certificate under Section 197 of the IT Act for financial year 2022-23 for lower / NIL withholding of taxes on dividend income, the rate specified in the said certificate shall be considered on submission of self-attested copy of the same.

II. For Non-resident Members –

- a. Taxes are required to be deducted in accordance with the provisions of Section 195 and Section 196D of the IT Act as per the rates as applicable. As per the relevant provisions of the IT Act, TDS shall be at the rate of 20% (plus applicable surcharge and cess) on the amount of dividend payable. In case non-resident members provide a certificate issued under Section 197/195 of the IT Act, for lower/ Nil withholding of taxes, rate specified in the said certificate shall be considered, on submission of self-attested copy of the same.
- b. Further, as per Section 90 of the IT Act, non-resident members have the option to be governed by the provisions of the Double Tax Avoidance Agreement (DTAA) or tax treaty between India and the country of tax residence of the member if they are more beneficial to them. For this purpose, i.e., to avail Tax Treaty benefits, the non-resident members are required to provide the following:
 - i. Self-attested copy of the PAN Card allotted by the Indian Income Tax authorities. In case, PAN is not available, the non-resident member shall furnish (a) name, (b) email id, (c) contact number, (d) address in residency country, (e) Tax Identification Number of the residency country.
 - ii. Self-attested copy of Tax Residency Certificate (TRC) (for the year in which dividend is received) obtained from the tax authorities of the country of which the member is a resident. In case TRC furnished is in a language other than English, said TRC would have to be translated to English language and thereafter notarized and apostilled copy of the TRC would have to be provided.
 - iii. Self-Declaration in Form 10F.
 - iv. Self-Declaration by member of meeting treaty eligibility requirement and satisfying beneficial ownership requirement. (for the year in which dividend is received).
 - v. In case of Foreign Institutional Investors and Foreign Portfolio Investors, copy of SEBI Registration Certificate.
 - vi. In case of member being tax resident of Singapore, please furnish the letter issued by the competent authority or any other evidences demonstrating the non-applicability of Article 24 - Limitation of Relief under India-Singapore DTAA. It is recommended that member should independently satisfy its eligibility to claim DTAA benefit including meeting of all conditions laid down by DTAA.

Kindly note that the Bank is not obligated to apply beneficial DTAA rates at the time of tax deduction / withholding on dividend amounts. Application of beneficial rate as per DTAA for the purpose of withholding taxes shall depend upon completeness and satisfactory review by the Bank of the documents submitted by the non-resident member.

- c. In case of Global Depository Receipt (GDR) holders, taxes shall be withheld at 10% plus applicable surcharge and cess in accordance with provisions of Section 196C of the IT Act, only if they provide self-attested copy of the PAN Card. In case no PAN details are made available, tax will be deducted at 20% plus applicable surcharge and cess.

Accordingly, in order to enable us to determine the appropriate withholding tax rate applicable, **we request you to provide these details and documents as mentioned above, on or before August 12, 2022 (cut-off date).**

III. TDS to be deducted at higher rate in case of non-filers of Return of Income

The Finance Act, 2021, has inter alia inserted the provisions of section 206AB of the IT Act with effect from July 1, 2021. The provisions of section 206AB of the IT Act require the deductor to deduct tax at higher of the following rates from amount paid / credited to 'specified person':

- i. At twice the rate specified in the relevant provision of the Act; or
- ii. At twice the rate(s) in force; or
- iii. At the rate of 5%.

The 'specified person' means a person who has:

- a) not filed return of income for the assessment year relevant to the previous year immediately preceding the FY in which tax is required to be deducted, for which the time limit of filing return of income under section 139(1) of the Act has expired; and
- b) aggregate of TDS/ TCS in his case amounts to Rs. 50,000 or more in the said previous year.

The non-resident who does not have a permanent establishment is excluded from the scope of a specified person.

To enable us to determine the appropriate TDS / withholding tax rate applicable, we request you to provide the above details and documents **not later than 6.00 p.m. on Friday, August 12, 2022.**

FOR MEMBERS HAVING MULTIPLE ACCOUNTS UNDER DIFFERENT STATUS / CATEGORY:

Members holding Equity shares under multiple accounts under different status / category and single PAN, may note that, higher of the tax as applicable to the status in which shares held under a PAN will be considered on their entire holding in different accounts.

(In terms of Rule 37BA of Income Tax Rules 1962 if dividend income on which tax has been deducted at source is assessable in the hands of a person other than the deductee, then deductee should file declaration with Bank in manner prescribed by Rules.) The declaration shall contain the name, address, PAN of the person to whom credit is to be given, payment or credit in relation to which credit is to be given and reasons for giving credit to such person.

As such, they will not be liable to retire by rotation during their tenure as Independent Director of the Bank. The other two Directors are Mr. Arun Tiwari, Part Time Non-Executive Non-Independent Chairman and Mr. Sumant Kathpalia, Managing Director & CEO of the Bank, who shall be liable to retire by rotation in accordance with the provisions of Section 152 (6) of the Act.

In terms of Section 152 (6) of the Act, Mr. Sumant Kathpalia is liable to retire by rotation at the AGM, and being eligible, has offered himself for re-appointment.

Mr. Sumant Kathpalia was inducted as Additional Director of the Bank pursuant to Section 10A of the Banking Regulation Act, 1949 and the Articles of Association of the Bank by the Board, with effect from March 24, 2020. The Bank's shareholders had, in their meeting held on September 25, 2020, approved his appointment as 'Managing Director & CEO' for a period of three years with effect from the date of his said appointment.

The Reserve Bank of India had, vide their letter dated February 27, 2020, conveyed their approval for the appointment of Mr. Sumant Kathpalia as 'Managing Director & CEO' for three years with effect from March 24, 2020 and for the terms of remuneration from March 24, 2020 until March 31, 2021.

Brief profile of Mr. Sumant Kathpalia, including his remuneration details, Directorships and Committee positions held by him in other companies are provided separately in the Notice, as required under Regulation 36(3) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standards – 2 on General Meetings.

The Board recommends passing of the ordinary resolution relating to the re-appointment of Mr. Sumant Kathpalia, set out at Item No. 3 of the Notice, for the approval of the Members.

Mr. Sumant Kathpalia is not related to any other Director or Key Managerial Personnel of the Bank.

None of the Directors other than Mr. Sumant Kathpalia or the Key Managerial Personnel of the Bank or their relatives are deemed to be interested, financially or otherwise, in the said Resolution.

ITEM NO. 4:

Appointment of new Joint Statutory Auditor:

In terms of Section 30 (1A) of the Banking Regulation Act, 1949, it is necessary for every banking company to obtain prior approval of the Reserve Bank of India (RBI), before appointing any of the Joint Statutory Auditor(s).

In terms of Guidelines for Appointment of Statutory Central Auditors (SCAs) / Statutory Auditors (SAs) of Commercial Banks (excluding RRBs), UCBs and NBFCs (including HFCs) ("RBI Guidelines") dated April 27, 2021, issued by the RBI, Statutory Auditors of a Bank can be appointed for a term of 3 years each.

M/s Haribhakti & Co. LLP, Chartered Accountants (Firm Registration Number 105047W) (for a period of one year to hold office from the conclusion of 27th AGM until the conclusion of 28th AGM) , and M/s M. P. Chitale & Co. Chartered Accountants (Firm Registration Number 101851W), (for a period of three (3) years, to hold office from the conclusion of 27th AGM until the conclusion of the 30th AGM of the Bank), subject to approval of the RBI to be obtained by the Bank, on an annual basis from the conclusion of 28th AGM. The appointments were approved by the Members at their 27th AGM held on August 26, 2021.

In terms of RBI communication dated October 12, 2021, M/s. Haribhakti & Co. LLP, Chartered Accountants has not undertaken any type of audit assignment for the period commencing from April 1, 2022, until the conclusion of their term of office, upto this AGM.

However, the RBI has permitted the Bank to use the services of M/s. Haribhakti & Co. LLP, Chartered Accountants for any certification work relating to the financial results of the Bank for the year ended March 31, 2022.

Accordingly, the Bank is required to appoint a Joint Statutory Auditor in place of M/s. Haribhakti & Co. LLP, Chartered Accountants., subject to the prior approval of the RBI.

The Board of Directors had, in their meeting held on July 18, 2022, approved the appointment of M/s. MSKA & Associates, Chartered Accountants, (Firm Registration No. 105047W) as the other Joint Statutory Auditor of the Bank, for a period of three years, from the conclusion of the twenty eight Annual General Meeting of the Bank up to the conclusion of the thirty first Annual General Meeting of the Bank on the terms and conditions including remuneration, subject to the approval of the RBI to be obtained by the Bank, on an annual basis from the conclusion of the Twenty-ninth Annual General Meeting of the Bank. RBI had issued its approval in this regard vide letter dated July 12, 2022, which also included approval for the appointment of M/s. M P Chitale & Co., Chartered Accountants as the joint Statutory Auditors of the Bank for the second year of appointment i.e. FY 2022-23.

M/s. MSKA & Associates, Chartered Accountants, (Firm Registration No. 105047W) have confirmed that their appointment, if made, would be within the limits specified under the provisions of Section 141 of the Act and that they are not disqualified from being appointed as the Joint Statutory Auditor of the Bank, in terms of the relevant provisions of the Act and the Companies (Audit and Auditors) Rules, 2014, as amended.

M/s. MSKA & Associates, Chartered Accountants

The Board recommends the passing of the Ordinary Resolution relating to the appointment of Joint Statutory Auditor of the Bank set out at Item No. 4 of the Notice, for the approval of the Members.

None of the Directors or the Key Managerial Personnel of the Bank or their relatives are deemed to be interested, financially or otherwise, in the said Resolution.

SPECIAL BUSINESS

ITEM NO. 5:

Re-appointment of Mrs. Akila Krishnakumar (DIN: 06629992) as the Non-Executive Independent Director of the Bank.

Mrs. Akila Krishnakumar was appointed as the Non-Executive Independent Director of the Bank, for a period of four consecutive years, with effect from August 10, 2018 up to August 9, 2022 (both days inclusive). The said re-appointment was approved by the Members of the Bank at the 25th Annual General Meeting held on August 16, 2018. During the said tenure, Mrs. Akila Krishnakumar being an Independent Director, was not liable to retire by rotation.

The Compensation and Nomination & Remuneration Committee (the "C&NRC") at its meeting held on July 15, 2022, considered the proposal to re-appoint Mrs. Akila Krishnakumar as the Non-Executive Independent Director of the Bank, for her second term of four consecutive years, from August 10, 2022 up to August 9, 2026 (both days inclusive) and the terms and conditions relating to the said re-appointment, including remuneration.

The C&NRC noted that as Mrs. Akila Krishnakumar has the requisite qualification, skills, experience and expertise in specific functional areas, prescribed under the provisions of Section 10A 2(a) of the Banking Regulation Act, 1949, as amended, which are beneficial to the business interest of the Bank, approved her re-appointment as the Non-Executive Independent Woman Director of the Bank, for her second term of four consecutive years, from August 10, 2022 up to August 9, 2026 (both days inclusive) and the terms and conditions relating to the said re-appointment, including remuneration, and recommended the same, for the approval of the Board.

The Board of Directors ('the Board') of the Bank at its meeting held on July 18, 2022, has reviewed the disclosures/ declarations received from Mrs. Akila Krishnakumar and determined that Mrs. Akila Krishnakumar is fit and proper to be re-appointed as a Director of the Bank, as per the norms prescribed by the RBI.

The Board also noted that Mrs. Akila Krishnakumar meets the criteria of independence as prescribed under Section 149(6) of the Companies Act, 2013 read with Regulation 16 (1) (b) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the "SEBI Listing Regulations").

In terms of Section 164 of the Companies Act, 2013, Mrs. Akila Krishnakumar is not disqualified from being appointed as a Director and has given her consent to act as a Director of the Bank.

Mrs. Akila Krishnakumar is not debarred from holding the office of a director by virtue of any SEBI order or any other regulatory/ statutory authority.

In the opinion of the Board, she fulfils the conditions for the said re-appointment as prescribed under the relevant provisions of the Companies Act, 2013 and the relevant Rules made thereunder, the SEBI Listing Regulations, the Banking Regulation Act, 1949 and the Guidelines issued by the RBI, in this regard, from time to time.

Mrs. Akila Krishnakumar has duly complied with the requirements of the Companies (Creation and Maintenance of databank of Independent Directors) Rules, 2019 read with the Companies (Appointment and Qualification of Directors) Rules, 2014, as amended.

Pursuant to the recommendation of the C&NRC, the Board considered and approved the re-appointment of Mrs. Akila Krishnakumar as the Non-Executive Independent Woman Director of the Bank, for her second term of four consecutive years from August 10, 2022 up to August 9, 2026 (both days inclusive) and the terms and conditions relating to the said re-appointment, including remuneration, subject to the approval of the Members of the Bank at this AGM. During the said tenure, Mr. Akila Krishnakumar shall not be liable to retire by rotation in terms of the provisions of Section 149(13) of the Companies Act, 2013.

The C&NRC and the Board also noted the skillsets of Mrs. Akila Krishnakumar in the areas relating to Information Technology & Payments & Settlement Systems, Human Resources and Business Management, which are beneficial to the business interest of the Bank.

Mrs. Akila Krishnakumar is the Chairperson of the Compensation and Nomination & Remuneration Committee, Customer Service Committee, Vigilance Committee and Corporate Social Responsibility & Sustainability Committee of the Board of Directors of the Bank and a Member of the IT Strategy Committee and Review Committee - Non-Cooperative Borrowers and Wilful Defaulters of the Board of Directors of the Bank.

The C&NRC and the Board have taken into account the outcome of her performance evaluation and were unanimous in their opinion that the re-appointment of Mrs. Akila Krishnakumar as an Independent Director of the Bank would be in the business interest of the Bank.

Brief profile of Mrs. Akila Krishnakumar, including her remuneration details, Directorships and Committee positions held by her in other companies are provided separately in the Notice, as required under Regulation 36(3) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standards – 2 on General Meetings.

The Board recommends the passing of the Special Resolution relating to the said re-appointment, as set out at Item No. 5 of the Notice, for the approval of the Members.

Mrs. Akila Krishnakumar is not related to any Director or Key Managerial Personnel of the Bank.

None of the Directors other than Mrs. Akila Krishnakumar or the Key Managerial Personnel of the Bank or their relatives are deemed to be interested, financially or otherwise, in the said Resolution.

ITEM NO. 6:

Appointment of Mr. Pradeep Udhas (DIN : 02207112) as the Non-Executive Independent Director of the Bank.

As part of the succession planning process (DIN : 02207112), the Compensation and Nomination & Remuneration Committee (the "C&NRC") had initiated the process to scout for a suitable candidate for the post of Non-Executive Independent Director of the Bank

The C&NRC at its meeting held on May 6, 2022, reviewed the candidature of Mr. Pradeep Udhas for the said post. The C&NRC reviewed the disclosures/ declarations received from Mr. Pradeep Udhas and determined that Mr. Pradeep Udhas is fit and proper to be appointed as a Director of the Bank, as per the norms prescribed by the Reserve Bank of India (the "RBI").

The C&NRC noted that Mr. Pradeep Udhas has the requisite qualification, skills, experience and expertise in specific functional areas, prescribed under the provisions of Section 10A 2(a) of the Banking Regulation Act, 1949, as amended, which are beneficial to the business interest of the Bank, and accordingly approved and recommended the appointment of Mr. Pradeep Udhas, as the Additional Director in the category of Non-Executive Independent Director on the Board of the Bank from the date of his appointment by the Board of Directors of the Bank and to hold office as such up to the date of the ensuing Annual General Meeting and as the Non-Executive Independent Director of the Bank, for a period of four consecutive years from the said date and the terms and conditions relating to the said appointment, including remuneration, for the approval of the Board.

The Board of Directors ('the Board') of the Bank at its meeting held on June 9, 2022, also reviewed the disclosures/ declarations received from Mr. Pradeep Udhas and determined that Mr. Pradeep Udhas is fit and proper to be appointed as a Director of the Bank, as per the norms prescribed by the RBI.

At the said meeting the Board reviewed the declaration received from Mr. Pradeep Udhas that he meets the criteria of independence as prescribed under Section 149(6) of the Companies Act, 2013 read with Regulation 16 (1) (b) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the "SEBI Listing Regulations").

In terms of Section 164 of the Companies Act, 2013, Mr. Pradeep Udhas is not disqualified from being appointed as a Director and has given his consent to act as a Director of the Bank.

Mr. Pradeep Udhas is not debarred from holding the office of a director by virtue of any SEBI order or any other regulatory/statutory authority.

In the opinion of the Board, Mr. Pradeep Udhas fulfils the conditions for the said appointment as prescribed under the relevant provisions of the Companies Act, 2013 and the relevant Rules made thereunder, the SEBI Listing Regulations, the Banking Regulation Act, 1949 and the Guidelines issued by the RBI, in this regard, from time to time.

Mr. Pradeep Udhas has registered as an Independent Director, in terms of the relevant provisions of the Companies (Creation and Maintenance of databank of Independent Directors) Rules, 2019 read with the Companies (Appointment and Qualification of Directors) Rules, 2014, as amended.

As recommended by the C&NRC, the Board at the said meeting, considered and approved the appointment of Mr. Pradeep Udhas as an 'Additional Director' in the category of Non-Executive Independent Director on the Board of the Bank and to hold office as such from June 9, 2022 up to the date of this AGM, in terms of Section 161 of the Companies Act, 2013 and as the Non-Executive Independent Director of the Bank, for a period of four consecutive years, with effect from June 9, 2022 up to June 8, 2026, (both days inclusive) subject to the approval of the Members of the Bank, by means of a Special Resolution. During the said tenure, Mr. Pradeep Udhas shall not be liable to retire by rotation in terms of the provisions of Section 149(13) of the Companies Act, 2013.

Brief profile of Mr. Pradeep Udhas including his proposed remuneration details, Directorships and Committee positions held by him in other companies are provided separately in the Notice, as required under Regulation 36(3) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standards – 2 on General Meetings.

The Board recommends the passing of the Special Resolution relating to the said appointment, as set out at Item No. 6 of the Notice, for the approval of the Members.

Mr. Pradeep Udhas is not related to any Director or Key Managerial Personnel of the Bank.

None of the Directors other than Mr. Pradeep Udhas or the Key Managerial Personnel of the Bank or their relatives are deemed to be interested, financially or otherwise, in the said Resolution.

ITEM NO. 7:

Issue of Long-Term Bonds / Debt Securities on Private Placement Basis:

Section 42 of the Companies Act, 2013 read with the Companies (Prospectus and Allotment of Securities) Rules, 2014 mandates that a company can make Private Placement of securities subject to the condition that the proposed offer of securities or invitation to subscribe to securities has been previously approved by the Members, by means of a Special Resolution, for each of the offers or invitations. In case of Offers or Invitations for Non-Convertible Debentures, it is sufficient if the company passes Special Resolution only once in a year for all the Offers or Invitations for such debentures to be made on a Private Placement basis during the year.

The Bank may raise additional funds to meet the needs of its growing business requirements, including long-term capital for pursuing its growth plans by way of borrowing / raising funds denominated in Indian Rupees or any other permitted Foreign Currency, by issuance of Debentures, Non-Convertible Debentures, Medium Term Notes, Infrastructure Bonds, Green Bonds, Tier 2 Capital Bonds, Perpetual Debt Instruments, AT 1 Bonds or such other debt securities by whatever name called and as may be permitted under the aforesaid norms, from time to time, ("Debt Securities")

The Bank may also maintain the CRAR by issuing Basel III-compliant Additional Tier I / Tier II debt instruments or any other instruments of a similar nature.

In the last AGM of the Bank held on August 26, 2021, approval of the Members had been obtained for issuance of Bonds / Non-Convertible Debentures (NCDs), i.e., Long-Term Bonds including Infrastructure Bonds and Subordinated Non-Convertible Debentures eligible to be included in the Additional Tier I and Tier II Capital of the Bank, up to ₹ 20,000 crores (Rupees twenty

thousand crores only) on Private Placement basis, which is valid for a period of one year from the date of passing the resolution i.e. August 26, 2021 or the date of this Annual General Meeting i.e. August 19, 2022, whichever is earlier.

Considering the guidelines issued by Reserve Bank of India on issue of Long-Term Bonds / Basel III - compliant Additional Tier I and Tier II Bonds, and the fact that these Bonds will also assist the Bank in reducing Asset-Liability mismatches, the Board of Directors in their meeting held on July 18, 2022, approved seeking consent of the Members for borrowing of monies / raising of funds in Indian / Foreign Currency by way of issue of Securities including but not limited to Long-Term Bonds including Infrastructure Bonds / NCDs / Medium Term Notes (forming part of Tier I / Tier II Capital in accordance with Basel III Capital Regulations) or any other instrument of a similar nature up to ₹ 20,000 crores (Rupees Twenty Thousand crores only) in one or more tranches in domestic and / or overseas market in Indian or foreign currency, whether Secured or Unsecured as permitted by the Reserve Bank of India, to the eligible investors on Private Placement basis, on such terms and conditions as may be decided by the Board of Directors or any Committee of the Board or such other person(s) as may be authorised by the Board, from time to time. This would form part of the overall borrowing limit, as approved by the Members of the Bank, from time to time, pursuant to Section 180 (1) (c) of the Companies Act, 2013.

The above-mentioned Bonds / NCDs would be issued by the Bank in accordance with the applicable statutory guidelines for cash, either at par or at premium or at a discount to the Face Value, depending upon the prevailing market conditions and on such terms and conditions including the Interest, Tenor, Coupon, Repayment, Security, etc. or otherwise, as it may deem expedient, and to do all such acts, deeds, matters and things in connection therewith and incidental thereto as the Board shall in its absolute discretion deem fit, without being required to seek any further consent or approval from Members and intent that they shall be deemed to have given their approval thereto expressly by the authority of the resolution.

The capital funds, if any, raised will augment the long term funds of the Bank and improve the regulatory capital adequacy where applicable and such funds will be deployed for furtherance of the business of the Bank.

Approval of the Members is requested by way of a Special Resolution for issuance of Long-Term Bonds, including Infrastructure Bonds / Subordinated Non-Convertible Debentures (NCDs) / Bonds eligible to be included in the Additional Tier I and Tier II Capital of the Bank in the Domestic / Overseas market, on Private Placement basis, in one or more tranches under one or more Shelf Disclosure Documents and one or more Letters of Offer, and on such terms and conditions for each series / tranches including the Price, Coupon, Premium, Discount, Tenor, Interest, Repayment, Security etc., as deemed fit by the Board for an amount not exceeding ₹20,000 crores (Rupees Twenty Thousand crores only).

The Board recommends passing of the Special Resolution set out at Item No. 7 of the Notice for approval of the Members.

None of the Directors or the Key Managerial Personnel of the Bank or their relatives are interested, financially or otherwise, in the said Resolution.
